**WHY** make yourself uncomfortable with an old-fashioned corset when you can have the latest physique effect and be comfortable with the New La Diva Renaissance Corset.

"A pudding bag with a string around it." An old-time description which applies to many figures today—thanks to the ordinary corset. This "pudding string" effect is bad both for health and for style.

The corset to wear is one which gives that smooth flowing physique—that holds one together comfortably—healthfully.

On these lines Madam the new La Diva Renaissance Corset will be a revelation to you, as to style, comfort—health—it will give you a physique no other

corset can give. We spent thousands of dollars perfecting this corset. Our designer studied correct styles where they are created, Rue de la Paix—where they are worn—the tea rooms, Rue de Rivoli, the race-track at Long-champs, the promenades of London and New York, and, finally, moulded on the human form, we evolved the La Diva Renaissance corset that will give you all the "Chic" and "Svelte" appearance of the most stylish French and American women.

**La Diva Corset**

**"Duet" Corset**

We're anxious to see how Canadian women will appreciate our endeavor to obtain for them a really wonderful corset. For that reason we have made the price of "La Diva" only \$2.50—it's a \$3.50 corset.

All we ask is that you see it, and judge its merits for yourself. Kindly show this advertisement to the sales person and ask to see La Diva Renaissance and decide for yourself.

Write today for our Corset Booklet. We send it FREE. This booklet will tell you just what style of corset is adapted to YOUR physique in order to retain health and give suppleness. THE DOMINION CORSET COMPANY, QUEBEC. 4-0
