

MISERABLE FROM STOMACH TROUBLE

Felt Wretched Until He Started To Take "Fruit-a-lives"

594 CHAMPLAIN ST., MONTREAL.

"For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I had frequent Dizzy Spells, and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints, and my hands swollen. A friend advised "Fruit-a-lives" and from the outset, they did me good. After the first box, I felt I was getting well and I can truthfully say that "Fruit-a-lives" is the only medicine that helped me". LOUIS LABRIE.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

THE GASSING OF THE 8th SIEGE.—In the report of the casualties yesterday Gr. Edwin Sterns should read Sergt. Edwin Sterns. In a letter dated July 25th. Sergt. Sterns wrote to his father Mr. E. D. Sterns that the Battery was having a serious time, gas, shrapnel, high explosive and bombs—all being directed at it by the Huns. Evidently it was an extra dose of the gas that laid out so many of the boys of the battery.

No man or woman should hobble painfully about because of corns when so certain a relief is at hand as Holloway's Corn Cure.

MILLER'S WORM POWDERS were devised to promptly relieve children who suffer from the ravages of worms! It is a simple preparation warranted to destroy stomachic and intestinal worms without shock or injury to the most sensitive system. They act thoroughly, and painlessly, and though in some cases they may cause vomiting that is an indication of their powerful action and not of any nauseating property.

EXCELLENT NUMBER OF THE BUSY EAST.—The Yarmouth number of the Busy East which is just on the press is a particularly creditable issue. The cover is very attractive, being all gray and containing a four color reproduction of the "The Blue Boat" one of the Bertha DesClayes' well-known paintings. The number contains nearly sixty half tone illustrations and much interesting and valuable information concerning the town of Yarmouth. This number should be in the hands of everyone interested in the advancement and progress of Yarmouth and western Nova Scotia. The Busy East is striving to preach the gospel of Maritime co-operation which in the years to come, it will, it is hoped, result in real good to the resourceful and beautiful Provinces by the Sea.

THE BOWELS MUST ACT HEALTHILY.—In most ailments the first care of the medical man is to see that the bowels are open and fully performing their functions. Parmelee's Vegetable Pills are so compounded that certain ingredients in them act on the bowels solely and they are the very best medicine available to produce healthy action of the bowels. Indeed, there is no other specific so serviceable in keeping the digestive organs in healthful action.

THE UBIQUITY OF THE BIBLE

The Bible is the Book to which the toilers of the world turn for comfort—for consolation—for wisdom. It is the only message given to mankind that has lightened life of its burdens and shown death of its terrors. Like the sun, its rays reach every nook and cranny of this globe. Unlike the sun it never sets.

Wherever men lead lives of danger, wherever women lead lives of sorrow—you are sure to find the Bible. In the dripping mines deep in the bowels of the earth; in the blood-reeking trenches of the battle-field, with their awful hell of bursting bombs and shredded flesh; in the felon's cell where solitude and silence pierce the brain to madness; in the wrack and fury of the death-ridden tempest; in the widow's lonely room here starving orphans cry for bread; in ALL the places of despair and desolation known to man—there will you find the Bible—the first refuge and the last resort of the human soul in agony unto its Maker!

Were you condemned to die tomorrow—what would you first send for—a book—the Bible! If you were to found a new state—a new nation—upon what would you frame your laws; upon what would you base your system of ethics

and morality? Upon the Bible! If by some fearful hap and hazard of history a second Attila were to sweep through the world and destroy all the books—what one, only Book would the peoples in their anguish beseech him to spare and to preserve—the Bible! But were there universal conflagration—the world in flames—and all the works wrought by the hand of men to perish—the Bible could not perish! On the morrow it would be rewritten from the heart's blood of countless millions—not a word not a syllable wanting—and civilization would be constructed anew!

With every throb of the human pulse—every second of mortal time—somewhere on this earth—human lips are uttering its inspired words—some human soul racked with anguish—some human body twisted with pain—finds its alleviation—its consolation—its only relief—in the Bible.

Yes the Bible is ubiquitous. Wherever life is amidst the stir and smoke of this dim spot which men call earth—there you will find the Bible.
