Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dizziness, impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

FAREWELL PARTY.—Miss Minnie McDonald who is leaving shortly on return to Boston where she is engaged as trained nurse was given a farewell surprise party at the home of her brother-in-law, Mr. Hugh McPherson, Bellevue, last week. A delightful time was spent, music being furnished by Miss Lizzie Chick and Miss Maud McPherson. The singing of the National Anthem brought the social evening to a sentimental end.

VISITING P. E. ISLAND.—Prof. D. J. Fraser, of Montreal College, has returned from Vancouver, where he was one of the special lecturers in Westminster Hall, during earlier part of the summer term. He spent a few days visiting friends in St. John, N. B., where he is well remembered as a former minister of St. Stephen's Church. He will spend a few weeks at his old home in Prince Edward Island before returning to his college work in Montreal.

WEDDING BELLS.—An interesting event took place in St. Andrew's Church, Cambridge on June 29th, when Alice Thresa Lund and Peter Columbia Gillis were united in matrimony by Rev. Fr. Murphy. The bride was attended by her sister, Catherine Lund, while John J. Gillis, cousin of the groom acted as groomsman. The bride was attired in white silk and de chene with hat to match and the bridesmaid wore rose silk crepe de chene with hat to match. At the home of the newly married couple the usual festivities were held, in which their near relatives and friends participated. Mrs. Gillis formerly belonged to Charlottetown while Mr. Gillis comes from St. Peter's Bay. Their many friends extend heartiest congratulations.

SERIOUS ACCIDENT.—A very serious accident which might have resulted fatally occurred in Graham's Road on Wednesday, August 4th. While Mr. John A. MacKay was driving a spirited young horse in a hay-rake, in going down a steep hill, it became unmanageable and ran at the fearful rate down the hill and when the rake wheels struck the plank bridge in the hollow, Mr. MacKay was thrown violently for at least twenty feet. Mr. MacKay's daughter, Mrs. George MacKay, was the first to find him. Dr. Simpson was immediately sent for and though the injured man was unconscious all night after the accident, he was not seriously hurt and the doctor thinks he will recover. The miracle is that he was not instantly killed.

WEDDING BELLS.—The residence of Mr. and Mrs. Albert MacArthur, Evmore, Lot 43, was the scene of a very pretty wedding on the evening of Tuesday, July 27, when their daughter, Janet, was united in marriage to Mr. Donald D. MacDonald of Shamrock. The ceremony which was a delightful one was performed by Rev. T. A. Wilson of Tyne Valley just outside the residence. A beautiful arch decorated with pink rosettes and colored blossoms, the bride who was given away by her father, looked charming in a beautiful gown of white silk, trimmed with white carnations and roses. She was attended by her sister Miss Ada MacArthur, who wore a pretty costume of blue silk. The groom was ably supported by his brother Malcolm. Miss Margaret Phillips presided at the organ playing the nuptial hymn. The wedding guests were present more than 100 guests, friends and relatives of the contracting parties, more than one-third of whom were friends and relatives of the groom. When the ceremony was completed, and the bride and groom had received showers of congratulations, the guests were served to a delightful and sumptuous supper, after which a program of music and dancing was carried out. This was so thoroughly enjoyed by all that it was not until dawn that the party broke up. The bride and groom were the recipients of many useful and costly presents. The bride and groom and some of the wedding party then drove to Northam Station to take the early Express to Bradalbane and thence drove to their home in Shamrock.

IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKETS, 354 8th Avenue, West, Cedar Rapids, Iowa.

Tired Nerves

Headaches, sleeplessness and tired, draggy feelings soon disappear on a course of Dr. Chase's Nerve Food.

Dr. Chase's Nerve Food

DR. PRINGLE AT SYDNEY.—It is now quite certain Rev. Dr. Pringle will not return to the pastorate of St. Andrew's at the close of his release period this month says a Sydney paper. According to messages received he has achieved his desire and is now on the firing line. When the Dr. left Sydney he was decided upon a minister should not be appointed for six months, pending his return. During the past weeks the wardens of St. Andrew's have discussed the matter of appointing a pastor to St. Andrew's but no decision has been reached. Many are in favor of appointing a curate until such time as Dr. Pringle returns, while others hold a regular pastor should be installed. The question will likely be decided at a congregational meeting.

ENJOYED THEIR VISIT.—Prof. and Mrs. Shaw, together with Dr. and Mrs. T. Stewart of Halifax have been spending a holiday with Rev. G. A. Sutherland and family on the Gulf Shore, P. E. I. Prof. Shaw preached Sunday July 18th in Long River and Kensington, morning and afternoon, and at Moncton in the evening. The following Sunday Dr. Stewart took the services in the Kensington and New London bounds. The people very much appreciated the privilege of having two such leading men in the Church. This was Prof. and Mrs. Shaw's first visit to the island, and Mrs. T. Stewart of Halifax who met them will not be lost. Both Dr. Stewart and Prof. Shaw gave of their best at the Geddie Centenary. Rev. R. W. Ross of P. Massey remained a few days after the Centenary to which he had so largely contributed by a masterly address.—Witness.

Cherry Hill Division No. 275 S. O. T. have sent the following letter to Mr. David Coffin and family:—We the members of Cherry Hill Division wish to express our sympathy in this time of sorrow which you have passed through. God in His wise providence has called from life your son and brother, thus leaving a vacancy in your home hard to meet and a sorrow hard to bear, therefore resolved that we place on record our sincere sympathy and we commend you to the Heavenly Father who sympathizes with our grief and to the sufferer brings relief.

Signed for the members of Cherry Hill Division this fourth day of August 1915, Kemble G. Douglas, W. P. J. P. Smallwood, H. S. Coffin and family.

Whereas it has seemed fit for our Heavenly Father to remove from you, your beloved wife thus leaving a vacancy in your home hard to meet and a sorrow hard to bear, therefore resolved, that we the members of Cherry Hill Division No. 275 do place on record our most cordial sympathy for you in this time of bereavement and we trust that consolation of the Highest may be graciously granted to you and may you conduct through the remainder of your life be Divinely guided and abundantly blessed.

Signed for the Division this fourth day of August 1915, K. G. Douglas, W. P. J. P. Smallwood, R. S. Coffin and family.

TUESDAY, ISLAND ATHLETE.—Prof. L. L. McIntyre, Physical Director of St. John's College, New York, is on a visit to Charlottetown, his former home. Prof. McIntyre is among the foremost physical directors in the United States today. With several members of his class he recently visited a series of articles on athletics written for the New York American by Jess Willard, the World's champion.

BLACK DUCK SEASON.—On the 20th, of this month the season opens for black duck shooting. It would be as well for all law abiding people to keep a sharp lookout for poachers and report at once to the Inspector, they getting half the find. Shooting Ducks before they can fly is a cruel and unsportsmanlike act. Look out for the motor boats that run down these poor "flappers" as they are called. Make an example of one or two offenders and game protection is assured.

RAZORS WANTED.—Strange as it may seem there are not enough razors in the British Isles to supply the British army. The appeal has gone forth. Let the reader dig up his old razors. If the reader does not happen to have a beard, not being built that way, annex your husband's or your brother's. Remember, it must be a razor of the old fashioned sort, the kind that can be sharpened on a soldier's belt. Patent razors of any sort are undesirable for this particular purpose. Tens of thousands of razors, no longer used must be in hiding; for a razor, while discarded is seldom destroyed by the owner. Pack these up and send them to Canon Simpson, 21 Fitzroy Street, Charlottetown, and he will see that they are sent on to Sheffield, where the Master Cutler has a staff of workmen, too old for other work, or for military service, who will put the razors in first class shape before they are sent to the men at the front. So please hunt up old razors and send them on to Canon Simpson.

SERVICES APPRECIATED.—The Red Cross society of Union Road takes this pleasure in thanking the public who helped to make their festival such a success as it was, the speakers who delivered such able addresses at that occasion also the automobile people who transported the passengers to and from the grounds and Messrs Charles Chandler, Harold Jenkins and Horace Hazard for their kind donations. The treasurer has on hand the magnificent sum of \$59 with which they intend to purchase material to make into useful articles for our soldiers at the front.

INCREASING BUSINESS.—In order to take care of their constantly increasing business, Messrs. R. T. Holman, Ltd., have employed Mr. Sidney Patillo to take charge of the Furniture Department. Mr. Patillo is a specialist in this line. His experience is wide and varied. The employment of Mr. Patillo enables Mr. Wm. Curtis to confine his efforts exclusively to the Crockery and Fancy Goods Department, and give this section of the store his expert attention. Each of the above mentioned departments heads with a corps of competent assistants will give the patrons of Holman's Limited expert attention and service.

WEDDING BELLS.—A very pretty wedding was celebrated early yesterday morning at the Baptist Parsonage, Charlottetown, when Henry Seth Henderson, and Annie Kathaleen Dockendorff were united in marriage. The officiating clergyman was Rev. Z. L. Fash. The wedding was a quiet one. Mr. Henderson is one of the firm of the well known fishery, Henderson & Cudmore, and is a rising business man. The bride is one of the popular young ladies of the city. The happy couple left on the Summerside train immediately after the ceremony for a wedding trip to Ontario and Niagara Falls, after which they will make their home in the city. The Guardian extends heartiest congratulations and best wishes.

BABY GIRL DROWNED.—The sympathy of the entire community goes out to Mr. and Mrs. Elton Cairns, Free town, in the death, under very sad circumstances, of their lovely little daughter, Marion Jean. The babe—eighteen months old—with her little sister were playing in the yard, when some unaccountable manner the little one fell into a watering-trough and when found life was extinct. To the parents and loved ones in their sorrow and loneliness they are commended to Him, who said, "Suffer the little children, and forbid them not to come unto me for of such is the kingdom of heaven." The funeral took place at North Bedque Cemetery, Sunday, August 8th, and was very largely attended. This lovely bud, so young, so fair, called hence from early doom, just came to show how sweet a flower, in Paradise could bloom.

CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It breaks down the general health, weakens the lung tissues, and leads to consumption.

Hood's Sarsaparilla is so successful in the treatment of catarrh that it is known as the best remedy for this disease. It purifies the blood. Ask your druggist for it.
