DUE REPARATION WILL BE EXACTED

Said Premier Asquith while Discussing German Treatment of British Prisoners and their Manner of Warfare.

(Special to the Guardian.) LONDON, May 5.—"When the proper time comes due reparation will be exacted on these, whatever their position, if it can be shown that they have violated all the rules and usages of civilized warfare," said Premier Asquith in the House of Commons this evening during the course of a debate on the treatment given British prisoners by Germany.

CONFLICTING REPORTS FROM THE WAR ZONE

Russians and Austro-Germans Both Claim Victories. Germans also Reports Continued Successes in the West while British and French Official Reports Claim all German Attacks have been Repulsed.

(Special to the Guardian.) LONDON, May 5.—A German official report issued this afternoon claims victory both over the Russians in Western Galicia and over the British in the east of Ypres in Flanders. Field Marshal Sir John French, British Commander-in-Chief, has admitted he was compelled to readjust his lines in the region of Ypres, but the French communication far from confirming a German victory in Belgium states that German attacks were repulsed and that the Germans, being taken on the flank by French artillery, suffered very severely.

GERMANS AGAIN USE POISON GASES

And Gained Footing on Hill 60 Where Fighting Continues. All Other German Attacks Repulsed.

MORE ISLANDERS IN CASUALTY LIST

OTTAWA, Ont., May 5.—Additional casualty lists contain the names of three more Prince Edward Islanders, wounded in the now famous battle of Langemarck. This brings the number of Islanders wounded up to ten, seven of whom received their wounds in the same engagement, an indication that they were in the thick of the fray.

RUSSIAN DEFEAT WAS NOT SERIOUS

(Special to the Guardian.) LONDON, May 5.—Russian reports concerning the recent fighting in Western Galicia are being accepted by British military critics as revealing the German claims to victory in this battle to more just proportions. Following his usual custom, the Grand Duke Nicholas, Commander-in-Chief, has not hesitated to admit a reverse and confirms the German statement that his antagonist succeeded in breaking across the Duna-Jec River. But the Grand Duke adds he is holding them fast on the bank of this stream and seems to intimate that he has little anxiety concerning the ultimate outcome of the fierce fighting which has been going on in this region for a week past.

This battle, which resulted in heavy losses for the Turks, commenced on April 29 at Hantaha, near Urumiah. In the beginning the Russians stood off the Turks, but the latter received reinforcements, and on April 30 the Russians abandoned Dilman and entrenched themselves at Magonzhik. From this position they repulsed the Turks with heavy artillery until the arrival of Russian reinforcements. Three hundred refugees from Dilman have arrived in Julfa, just over the border in Russia, and 1,200 more are on the way.

On Saturday he was deported from Maine by the United States authorities and immediately brought here by C. P. R. Detective Gintinelli, one of the members of the C. P. A squadron of Allied warships is again bombarding the Dardanelles.

(Special to the Guardian.) LONDON, May 5.—The strike on the part of 1,800 carpenters and builders at the Woolwich Arsenal has come to an end. The contractors promised to negotiate with Union officers to the end that the question be arbitrated. The workmen threw down their tools recently at the Arsenal, where they were building four new gun turrets. They demanded an increase of pay amounting to one cent an hour.

TOO MUCH WATER AT RUSIAGORNISH.

FREDERICTON, May 5.—The St. John River has now almost 13 feet above summer level, having come up more than a foot since Saturday and now being fully 18 inches higher than at any time this year. Frasers' Limited drive on the Rusiagornish is now troubled only with too much water, the stream having swollen to such an extent that logs have been carried over intervals. Yesterday word was received from Cabano that some of Frasers' drives on the Tenuscouata were already out, the date being the earliest on record; while from the Tobique word came that two drives on the Sisson stream were out, while the ice in Trower Lake is all that is holding that drive. The River Valley Lumber Company's drive for their mill at Orocomco will all be out by Wednesday night.

ROMANCER ADMITS HE IS AN ABSCONDER.

NEW YORK, May 5.—An Englishman who, posing as Sir Henry L. Stirling, Bart., K.C.M.G., arrived in Boston from England in February, telling a romantic story of travelling 12,000 miles to marry the original of a picture he had fallen in love with, and who subsequently came here and said he was commissioned to purchase a submarine detector for Great Britain, last night admitted, according to the federal authorities, that he is Henry Carlton Carlyle, a deserter and absconder of funds from the British army. Carlyle, who was taken into custody on a charge of using the mails to defraud, told the authorities, they say, that he is a bigamist and that when the United States Government is through with him, he expects to be surrendered to England and shot by that Government for deserting in time of war.
