TRAVELS AROUND THE WORLD IN AUTOMOBILE

(Canadian Press)

MONTREAL, Oct. 18—Decorated for bravery while fighting in the army of Austria Hungary on the Italian front during the Great War, held prisoner by Bolsheviks, lost in the mighty Brazil Forest and shanghaied in a Chinese waterfront cafe, are only a few of the adventures Major Rudolph Bohm, son of a Budapest banker, army officer under the Hapsburgs, globe trotter and now peaceful resident of Nassau, has encountered in his life. Mr. Bohm recently sailed from Montreal for his home in the Bahamas. He had just completed a 4,000-mile automobile tour across Europe before coming to Canada.

Hungary, he declared, suffered more than any other country as a result of the war. The only solution of her difficulties would be a revision of the Versailles Treaty and the restoration to Hungary of some of her lost lands. Or as a second alternative, he said, Austria could be linked to Hungary again. Economically, it is almost impossible for them to stand alone, he said.

Handicrafts And Tourist Trade

(Canadian Press)

HALIFAX, Oct 18—Development of handicrafts would help greatly in building up tourist trade, Dr. Marius Barbeau of the National Museum, Ottawa, told a gathering here under auspices of the Canadian Club.

Handicrafts were of considerable interest to outsiders and advertised a country better than most mediums, he said. Hooked rugs ranked first in the homecraft work of Nova Scotialans and that handicraft rested on old tradition, presumably Scottish.

Decorated bedspreads with flowered and ringed designs were introduced into Quebec by Maritime and New England people, he continued. Wood-carving at one time had been one of the best crafts in Nova Scotia, but it had nearly disappeared despite the fact that Nova Scotians had been experts at carving figureheads for sailing ships.

"So far, artists who have made Nova Scotia known to outsiders are not her own, but come from other parts of Canada. This province lags behind the rest of Canada in art; it lacks advanced artists in its schools of art; it needs fresh blood."

Jackson's "Halifax Harbor" was the only Canadian canvas in the National Gallery at London. Paintings of Peggy's Cove and other beautiful pictures had lured thousands of tourists to the province, and Nova Scotians should produce their own work, Dr. Barbeau said.

PRODUCE

(Canadian Press)

MONTREAL, Oct 18—No butter and cheese auction was held here today. It is unlikely that any more auctions will be held this season, as quantities of both butter and cheese arriving are not sufficiently large to warrant an auction meeting. These meetings, which have been held weekly since May, will be likely resumed next May.

The egg market developed a firm tone during today's trading while both butter and cheese prices eased slightly. Graded Ontario eggs were generally quoted at 32 cents a dozen for extras, 26¼ to 27 cents for firsts and 16 to 16½ cents for seconds for carlots or less. No shipments were coming from the west and arrivals amounted to only 356 cases.

No 1 grade butter eased ¼ cent a pound, being quoted at 18¾ to 19 cents per pound. Receipts totalled only 47 boxes.

On the cheese market, quotations were mostly 9¼ to 9½ cents a pound for Ontarios and 8¾ to 9 cents for Quebecs, ¼ cent lower than yesterday. Arrivals amounted to 3,386 boxes.

New Quebec potatoes and New Brunswick green mountain potatoes in 80 pound bags continued unchanged, the former bringing 65 to 70 cents and the latter 70 to 80 cents.

3 MONTHS ON BISCUITS AND MILK

Woman's Digestive Troubles

Everyone who is subject to any form of indigestion should know of this woman's experience. Advice from one who has had such severe attacks is advice worth having. She writes:—

"I suffered from indigestion, gastritis and constipation, and was so very ill, I had (on medical advice) to live on soda biscuits and milk for three months. Well, a friend advised me to take Kruschen, and now I am pleased to say my troubles are ended. I can eat and enjoy a god meal without any painful after-effects, my skin is clearer—in fact, quite clear—and there is no sign of constipation. I would advise anyone suffering the same to take Kruschen."—(Mrs.) M. R. L.

The immediate effect of the six salts in Kruschen is to promote a natural flow of the digestive and other vital juices of the body. Soon after you start on Kruschen you will find that you are able to enjoy your food without any distressing after-effects. And as you persevere with the "little daily dose," you will see that the relief which Kruschen brings is lasting relief.

Bluenose Excursion Has Rough Trip

TORONTO, Oct. 18—(C.P.)—The Bluenose, pride of the North Atlantic fishing fleet, swung into her berth at a local dock, and down the gangplank marched:

1—Several imposing looking gentlemen. Members of the Harbor Commission.

2—A lot more imposing-looking gentlemen. Members of the City Council, Hydro Commission, Transportation Commission, etc., etc.

3—A crowd of jaunty looking individuals with funny-looking hats. Newspaper reporters.

4—A somewhat jaundice-looking chap who staggered. Another newspaper reporter.

But No. 4 had reason for looking and feeling that way. Captain Angus Walters of the Bluenose had invited the gathering for a sail on the fast Lunenburg schooner, and so they headed out into Lake Ontario.

There are days when Lake Ontario glitters in the sunshine, as calm as the proverbial mill-pond, then again there are time—and today the lake was roaring and rolling. So was the Bluenose.

Unfortunately No. 4 in the above list hadn't ever, so far as he could recall, sailed in anything but a canoe on the quiet waters of Toronto Island lagoon, and hence, when the Bluenose dipped her bowsprit a couple of times and waves went over the deck, it seemed she might founder. And so far as No. 4 was concerned he didn't care anyway.

And the Bluenose carried stowaways. Two local school boys had a great time, even among the imposing-looking gentlemen. And they laughed quite heartily at the greenish-looking No. 4.

Will Investigate Stock Market Practices

WASHINGTON, Oct. 18—(A.P.)—Ferdinand Pecora, counsel for the United States Senate Committee investigating stock market practices, announced tonight that subpoenas had been served on six New York exchange members and they were to appear before the committee Friday.

Those summoned were: John P. Duncan of W. E. Hutton & Company; Frank Murphy, of Jules S. Bache & Company; Sayer Dominick of Dominick & Dominick; Edward A. Pierce, of E. A. Pierce & Company; Louis J. Drevers, of Erich & Drevers, and John M. Prentice, of Hornblower & Weeks. Pecora said all are members of large commission houses.

Decision to subpoena the exchange members followed refusal of the stock exchange to circulate a questionnaire among its members which asked detailed information on their stock transactions.

RESCUED FROM WATER AFTER GOING UNDER

MONTREAL, Que., Oct. 18—"Here is your handbag, Madam," said a dapper steward of the Canadian National Steamships "Lady Somers," to a charming passenger, ten minutes after she had accidentally dropped the bag overboard as the ship approached dock recently from Jamaica. The passenger, a Montrealer, was resignedly trying to make an inventory of her losses and acknowledging the condolences of fellow passengers. Quick work recovered the handbag. Officer Heenan, of the ship's staff, noticed the bag as it dropped to the water. It flashed off in the river current. In a trice he communicated with a nearby tugboat and in a few minutes the tugboat had chased the purse, overtaken it and "rescued" it, just as it appeared to be "going under for the third time."

S. S. Lady Somers Makes Record Trip

MONTREAL, Que., Oct. 18—What is believed to be a record run from Hamilton, Bermuda to Montreal has been established by the Canadian National Steamship "Lady Somers," which reached dock here early Monday morning from Jamaica and the Bahamas via Bermuda.

The liner made the run in four days and 15 hours which is believed to establish a precedent. Her haste was due to the necessity for catching up with her close schedule, the Lady Rodney, south bound from Montreal having been unavoidably delayed by weather conditions.

The two liners always pass at Hamilton. A number of Canadians who made a holiday trip to the West Indies were passengers on the "Lady Somers."
