Y's Men's Club Hears Lecture On Far East

Professor Alfred Linkletter, of the Prince of Wales College teaching staff, was guest speaker at the weekly meeting of the Charlottetown Y's Men's Club last night. He gave an interesting talk on the Far East. It proved of special interest to Club members in view of the prominence of the area in the news since the outbreak of hostilities between China and Japan.

MacKinnon - Peters Nuptials

A very pretty wedding was solemnized at the Church of Most Holy Redeemer on Wednesday morning, November 17th when Marion Elizabeth MacKinnon, daughter of Mr. and Mrs. Hugh J. MacKinnon, Charlottetown became the bride of Louis Edgar Peters, son of Mr. and Mrs. Hilgert Peters, North Milton. The ceremony and nuptial mass was celebrated by the Rev. H. I. Flemming, C. S. R. The bride was given in marriage by her father. The young couple was attended by Miss Leonora McCarrill as bridesmaid and Mr. Hugh MacKinnon Jr., a brother of the bride as groomsmen. After the ceremony a wedding breakfast was served at the home of the bride, attended by a large number of relatives and friends. Immediately after the bride and groom motored to the home of the groom's parents in North Milton, where dinner was served. In the evening a large number of friends assembled to wish the young couple happiness and long married life. Prior to her marriage the bride was honored by a shower at the home of Mr. and Mrs. Howard Cudmore and also at the home of Miss Leonora McCarrill. She was also the recipient of many valuable gifts from relatives and friends.

RE-ORGANIZE LEGION AT KENSINGTON

A branch of the Canadian Legion was re-organized at Kensington last night. Mr. Robert MacDonald was made branch president at an enthusiastic meeting. A delegation of provincial officers of the Legion visited the Prince County town and assisted at the re-organization. When the business of the session had been completed a delicious oyster supper was served.

DAYLIGHT FLOUR THEFT

Only young man was under arrest last night and City Police were looking for a second in connection with the theft of two 98-pound bags of flour from a Clyde River truck parked on the south side of Market Square yesterday afternoon. The truck driver notified police when he discovered the loss. A police officer sighted a young man proceeding down Richmond Street with a bag of flour and placed him under arrest, confiscating the flour. The youth made a bolt for it and escaped but was picked up a short time later.

PHYTHIANS HEAR ADDRESS

"The great game of scouting is not intended as something to replace, but to improve upon the functions of the Church, home or school but to fill a long felt want in putting to good use the boy's love of play and to assist in the utilization of what should otherwise be called 'spare time'." Mr. William Warren, District Commissioner of the Prince Edward Island Boy Scouts Association told the weekly meeting of the night of Pythias last night. The number of scouts in this Province was rapidly increasing, the speaker said. Further development was being retarded because of a lack of leaders. "Here is an opportunity for men to do a lasting service to boyhood and to the community in which they live," the District Commissioner concluded.

PERSONALS

Mr. John Trainor, South Melville, left recently on a visit to relatives in Boston. The many friends of Mrs. Gerald E. "CANADA-1937" IMPERIAL TOBACCO'S INSPIRING PROGRAM FRIDAY 11 p.m. A.S.T. STATION. CFCY

Builds Cape Tormentine R. R. Station

Major D. A. MacDonald has returned to Charlottetown from Cape Tormentine, N. B., where he was contractor for the new Canadian National Railway station house. The new building of tile, brick and stucco construction, replaces a wooden structure razed by flames early the past summer. The new one storey building is 95 feet long and 25 feet wide. It contains office, waiting rooms, baggage and freight sections. The walls are tile faced with brick to a height of five feet and above that grey stucco. The waiting rooms have grey-green tile walls and red tile floors. Office walls are plaster and wainscoting with hardwood flooring. Hardwood floor is in the baggage room which was sheathed. Construction began in July and the completed building was inspected by Mr. W. U. Appleton, general superintendent of the Atlantic Region and Mr. H. T. Hazen of the engineering department a week ago Monday.

Mr. and Mrs. B. P. Tanton Observe Golden Wedding

The home of Mr. and Mrs. Lewis P. Tanton, Charlottetown, was the scene of a happy family gathering on Wednesday evening the 17th. The occasion was that of celebrating the fiftieth anniversary of their marriage. Over a score of guests sat at the banquet tables to enjoy an old time goose and chicken repast. The tables, decorated with gorgeous golden and white chrysanthemums and carnations, selected from the very liberal and unexpected presents, and the ever present centrepiece, the pyramid cake with its mottoes and its fifty emblematic lighted tapers, and the usual van of an inviting menu such as might attract the tastes of the gods. Mr. and Mrs. Tanton were married at Summerside on Thanksgiving day, November 17, 1887. The family circle is a large one, one son and six daughters married, and two, a son and daughter at home. There are fifteen grandchildren two of which Clara McCannet and Thelma Beaton assisted in the reception and at the tables. Mr. Tanton's brother, Prof. H. A. Tanton and his sister, Mrs. Ethel B. Coombs were amongst the guests. One daughter, Mrs. Gladys Singleton and family of Wakefield, Mass., one son-in-law, absent on railway business, and two sisters of Mrs. Tanton, Mrs. Maud McDonald of Summerside and Mrs. Elizabeth Patterson of Colorado and her brother, Wilfred Tanton, Barrister, of Alberton were by reason of distance, absent. Many were the greetings and well wishes and pleasantries which only a young man and a young woman, and not a large number even of these, are permitted to enjoy but once in a lifetime.

Certification of Egg Graders

Prize Edward Island is the second province in the Dominion to have Certified Egg Graders. This week in Charlottetown examinations were held by the Dominion Department of Agriculture for the Certification of Egg Graders in this province. The examinations were conducted by Mr. A. Hedgecock, Supervising Poultry Products Inspector for Montreal and district. Arrangements for the examination were made by Mr. P. M. Nash, Senior Poultry Fieldman, who considered such a move was advisable in order to uphold the standard of egg grading in this province and to assure producers of a uniform grading of the product. The examination consisted of a written paper on the factors concerning the grading of eggs followed by a practical test in grading. Previous to the written examination, Mr. Hedgecock gave the candidates a very interesting and helpful address on the theory of grading eggs. In the practical test each candidate was required to candle and grade 15 dozens of eggs in 15 minutes, and to demonstrate his ability to segregate the eggs according to the Canadian Standard grading. There were 34 candidates taking the examination, representing all sections of the province, of these 22 were successful in passing. Mr. Hedgecock was very pleased with the result of the examination and with the number of successful candidates. He was believed that the unsuccessful candidates, with very little further instruction, would be successful in passing the examination at another time. On completion of the examination, successful candidates were issued with a Certificate of Efficiency. This certificate is issued for a period of six months. It is renewed providing the grade continues to grade with the efficiency required by the Dominion Egg Regulations.

THREAT

(Continued from page 1) ter issued the following prepared statement: "Mr. Chamberlain has announced today that negotiations for a trade agreement between the United Kingdom and the United States are contemplated. The negotiations themselves have still to take place and will probably extend over a period of months. At some stage, they will undoubtedly require the consideration by Canada of possible changes in existing agreements. The Government has been kept fully informed of the progress of the discussions between the United Kingdom and the United States, and is fully alive to the many and varied political and economic implications of these negotiations and to Canada's interest in their outcome." While exploratory conversations have been in progress 18 months between United States and the United Kingdom on their proposed agreement, and since August last between Canada and United States on the extension of their existing agreement, formal announcement of "contemplating" negotiations with respect to both came only today. This conforms to United States rules of procedure in treaty-making. Next the United States public will be asked to submit suggestions as to commodities that may be affected, after which announcement will be made of intention to negotiate. It is understood the United States procedure requires a six weeks period in which written submissions may be received, and the setting of a later date on which public hearings will open on the proposed tariff changes. By this procedure the public is given an opportunity to oppose any changes projected or to suggest additional changes.
