ALL NEWS OF LOCAL INTEREST

Reporters and Correspondents Everywhere.

CHILDREN skating at the rink this afternoon.

ARE you going to get a costume for the big carnival Jan. 31st, certainly you ought too, do it now though there is only eight days left.

THE Minto made the trip from Picton to Georgetown in three hours yesterday very little heavy ice being met with. A special boat brought the mail and passengers to the city at two o'clock.

RESERVE this Friday evening, as a large and enthusiastic temperance meeting is to be held in Kindergarten hall at 8 o'clock. The addresses are to be only ten minutes in length and to the point. Speakers are Hon. D. Farquharson, Prosecutor Jenkins, R. C. Goff, Rev. D. B. McLeod, Rev. R. W. Stevenson, Rev. J. L. Miner, and Rev. J. W. McConnell, will preside. Good music will be provided and a good and representative gathering is expected. The young men of the city are especially invited.

THE annual meeting of the shareholders and patrons of Emerald Dairying Association was held in the hall in Ennals, on Tuesday the 20th inst. From the reports of the very efficient Secretary, P. F. Hughes, and the printed summary of the business done during the past cheese season, the large number of patrons and stockholders present were convinced that they had one of the most flourishing factories in the province. During the five months from June 1st to Nov. 1st, engaged in cheese making, the quantity of milk received at the factory was 1,250,221 lbs, from which 119,155 lbs. of cheese were made. The average price realized for cheese was 10.02 cts. per lb. The patrons received an average price of 81.25 cts per 100 lbs. milk. This is perhaps as high as has been paid by any factory on the Island. The following were appointed Directors of the Association for the ensuing year: L. C. Haslam, President; Jas. R. Elliot, vice; James McDonald, John T. Murphy, Thomas McKay, Wm. Dalglish, Hugh McLeone. All were on the old Board of last year excepting the two last named gentlemen. William Clarke was re-elected as manager of the factory for the current year. On account of many patrons discontinuing sending their milk the last part of the season, a resolution was carried by the meeting that next season the milk be averaged for the months of June, July, and August, and September and October separately. All present agreed that a patron who sent his milk but part of the season, was not entitled to an average price.

THE social held in the Cambridge hall on January 13th, proved a grand success. The roads being in excellent condition, induced people to wend their way from far and near. The hall was elaborately and tastefully decorated, and the appearance of a good time greeted the vast crowds as they filed up the aisle to take a convenient seat to have a clear observation of the dramatic plays, songs, etc., which were decidedly well rendered. The hall was literally packed. Neil McDonald duly executed his duty as chairman, making a suitable and eloquent address. The program consisted of band selections, instrumental music by the waverly minstrels, solos, dialogues, comic songs and dances, song and play, coronet solo etc. After the program was most satisfactorily rendered came the sale of baskets. Neil McDonald, and William Nelson acting as auctioneers, and in their usual witty style, succeeded in securing a good price for each basket. The sum of \$160 was realized. After each purchaser of a basket took his wood to his own place and partook of the delicacies, a dance was given, when the juveniles exercised their physical activity in the fantastic tip of the toe. The committee gratefully make the pleasure of thanking the people of Montserrat, Georgetown, and M. H. South, who took part in the program, which was conducted in a most pleasing and appreciative manner. In behalf of the committee Samuel Johnston, Pres. A. Hibernopolam, Secy. M. H. North, Jan. 21 1903.

The Charlottetown Driving Park and Provincial Exhibition Association. The annual general meeting of the above association will be held in the Board of Trade Rooms in McCracken's Building, Queen Street in Charlottetown on Thursday evening the twenty-ninth day of January next 1903 at the hour of eight o'clock. Transfer books are closed till after the above meeting. Dated this 14th day of January A. D. 1903. C. R. S. H. WOOD, Secretary-Treasurer.

NEW STORE DESBRISEY BLOCK.

The Canadian Society of New York City is to erect a tablet, in Wall Street, to the memory of Morris Robinson who was born in Wilton, Nova Scotia, in 1781, and who was cashier of the New York branch of the United States Bank, when that was the great national financial institution of the States. The occasion of the Canadian Society's observance is the 60th anniversary of the establishment by Mr. Robinson of modern life insurance in the United States, which falls on February 1. The making of the Robinson tablet, which is to be of bronze, is in the hands of Tiffany. The tablet will be affixed to the front of the building now numbered 56 Wall Street, on the site of the original offices of the first permanent American life insurance organization. The Canadian Society is inviting as its guests at the unveiling, prominent officials of Canada, and the formal exercises will be followed by a banquet.

The Guardian is in receipt of a beautiful calendar for the advertising department of the Intercolonial. The lithograph is a facsimile of a design burned into a wooden panel giving a very striking effect, the moosehead landing itself very appropriately to this branch of illustrative art, which is an imitation of pyrography or burnt wood. Speaking of railway trade marks the Montreal "Star" refers to that of the Intercolonial Railway as follows:—"The moosehead is used by the Intercolonial Railway as representative of the largest and finest of the game animals in Canada, and one which is of itself Intercolonial in being common to Quebec, New Brunswick and Nova Scotia. No railway in America passes for so long a distance through a country which is recognized everywhere as the 'Home of the Moose'. Apart from this geographical application, the moose is held by the Intercolonial Railway as representing the Government line in its position among railways as the moose is king of the forests. In the size, symmetry of form, strength, endurance and speed of the moose are found the points of excellence for which the Intercolonial Railway seeks to commend itself to the public."

AN OBJECT LESSON In a Restaurant.

A physician puts a query:—Have you never noticed in any large restaurant at lunch or dinner time the large number of hearty, vigorous old men at the tables; men whose ages run from 60 to 80 years; many of them bald and perhaps gray, but none of them feeble or senile? Perhaps the spectacle is so common, as to have escaped your observation, or comment, but nevertheless it is an object lesson, which means something.

If you will notice what these hearty old fellows are eating you would observe that they are munching brain crackers not gingerly picking their way through a menu card of new fangled health foods; on the contrary they seem to prefer a juicy roast of beef, a properly turned loin of mutton, and even the dreadfully boiled lobster is not altogether ignored.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome food and not upon dieting and an endeavor to live upon brain crackers.

There is a certain class of food cranks who seem to believe that meat, coffee and many other good things are rank poison; but these overcautious "silly looking" individuals are a walking condemnation of their own theories. The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity any wholesome food will be promptly digested if the stomach does not do so, and certain foods cause dyspepsia one of two of Stuart's Dyspepsia Tablets after each meal will remove all difficulty because they supply just what every weak stomach lacks, pepsin, hydro-chloric acid, choline and aux.

Stuart's Dyspepsia Tablets do not act upon the bowels and in fact are not strictly a medicine, as they act almost entirely upon the food eaten, digesting it thoroughly and thus giving a much needed rest, and giving an appetite for the next meal. Of people who travel nine out of ten use Stuart's Dyspepsia Tablets knowing them to be perfectly safe to use at any time and also having found out by experience that they are a safeguard against indigestion in any form and eating as they have to, at all hours and all kinds of food, the traveling public for years have placed their faith in Stuart's Tablets. All druggists sell them at 50 cents for full sized packages and any druggist from Maine to California; if his opinion were asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble.

Wanted—An experienced saleswoman for Dry Goods store. Apply by letter to P. O. Box 253.
