

WE WANT TO TELL YOU HOW TO MAKE LIFE EASY. A SMALL INVESTMENT BRINGS BIG RESULTS.

If you are troubled with Backache, Sideache, or any trouble arising from a weak condition of the Urinary Organs, invest 50 cents in a box of Doan's Pills and they will bring astonishing results.

Read what the following people have to say about them: Mr. GEORGE BLACK, Expressman, Montreal, Que., writes: "I was suffering with terrible pains in my back and could not do my work. I saw Doan's Pills recommended for the kidneys, and got a box. From the first dose I felt benefited, and by the time I had taken the whole box I was completely cured, and am now able to do my work as well as ever, and cannot recommend them too highly to all backache sufferers."

MRS. R. KERR, Cote St. Paul, Que., writes: "I was suffering from a very painful backache and always felt tired. It seemed as if a weight was tied to my back and dragging me down. I tried many different remedies, but none of them seemed to help me. I procured two boxes of Doan's Pills, and after taking them I can safely recommend them to all sufferers from backache or kidney troubles, as they did me a world of good."

ANY reliable man who desires steady employment and good wages on a farm near the city should apply at this office.—d&w.

ALL are cordially invited to attend the "Y" parlour meeting to be held on Tuesday evening next at their rooms beginning at 8 o'clock. Subject for discussion, "Is Mrs. Carrie Nation justified in using the Hatchet." Come. All are welcome.

MOUNT HOPE NOTES.—Alexander McLeod has completed his new dwelling house.—As a Visitor passed through the vicinity he saw in a window of a sitting room, among other plants a beautiful rose tree bearing eleven roses in bloom and on inquiring he learns there are twenty six buds preparing to bloom on the same tree.—Miss Katie McPherson from Valley Field is visiting here the guest of Alex McDonald.—We are pleased to hear Mrs. McSwain is recovering from a severe illness.—VISITOR.

The services at Falconwood on Sunday last were most acceptably conducted by Prof. Watts and the choir of the First Methodist Church. After the opening by hymn and prayer, a number of hymns were sung in which many of the inmates heartily joined. Mr. John Wheatley read a Scripture lesson and gave a very clear and evangelical discourse thereon. The Anthem by the choir, and solos by Mr. J. R. Davidson, Mrs. Watts, and solo and chorus by Miss Collings and choir were all rendered in fine style. The attention and behaviour of the patients were all that could be desired. Most hearty thanks are accorded to all the kind friends.—Com

OBITUARY.—An old and highly respected inhabitant of Prince Edward Island has lately passed into the great eternity.—Mr. Edmund McDougall. He was one of the most respected inhabitants of Nine Mile Creek for many years. About two or three years ago he sold his farm in that place and went to live with his son Allan at Rose Valley. While there he had gained the respect of the entire neighborhood by his quiet, unassuming and inoffensive nature. On the 18th inst, his remains were interred in the Arzyle cemetery. A large number had assembled to pay their last tribute of respect to their friend and neighbor. The funeral services were conducted by the Rev'd K. McLean, Mr. McDougall was in his 82nd year at the time of his death.

A Concert was held at Commercial Cross on February 25th 1901. The evening being fine the school-house was filled with a large and appreciative audience and good order was maintained throughout. Mr. Murdoch McLeod, acted as chairman. The program was as follows:—Viola music, George Seward; graphophone selection, Rec. Miss Moore; rec. Master Garret Moore; reading, Mr. Albert Bourke; rec. Alice Young; dialogue, The Rehearsal, rec. Hattie Sackles; rec. Miss Annie Bourke; Deet, Eva Campbell; Ida and Moore, reading, Eva Campbell recitation Ella Campbell; rec. Lealie Stuart; dialogue, The Rainbow, rec. Norman Stuart; recitation Shirley McDonald; rec. Harold McDonald; dialogue, United Workmen; rec. Lilla McDonald; singing Myra Campbell and Alice Young; rec. Ethel Thompson, rec. Maggie Martin; reading, Archie Stuart.—Com.

EASTERN NOTES.—While the western part of the Island is enveloped in an unusual mantle of snow we have only enough here for good sleighing and during the two thirds of the month which has passed we have had the best roads of the season. Our young people have taken advantage of the good driving to have several parties of late in different sections. A new feature of these gatherings is a considerable attendance of the bloods from Souris.—But little ice is to be seen in the Gulf here at present, and a few days of South west wind would clear it out, and make the weather more spring like.—That the northern part of the Gulf is more open than usual at this season is proved by the fact, that a vessel left Quebec for Anticosti about the middle of the month.—Considerable sickness still exists between whooping cough and gripe, a bad combination, and now a case of measles, Havelock Robertson, has developed. Thomas Rose is not improving much, and we regret that Steven Rose's health is not good lately.—John J. Smith of New Perth, cheese maker, here last year left for home again after a pleasant visit among his many friends. He has been engaged by the Red Point directors for the coming season and will be welcomed by the boys for another season. He will be visited daily by the old milk haulers, Daniel McEachern for the northern route and Hugh McInnis for the western. The eastern route has been divided, John Campbell taking the partnership to the factory as far east as Judson McDonald's while last but not least comes the old veteran William Young for the remaining part of the district.

It's The Way You Use It.

It's the Method Employed which Makes Success or Failure.

One man with pen, ink and paper can produce a landscape, another man with same pen and ink may not be able to write his own name legibly. It is all in knowing how.

It is equally true in the use of medicines. The same remedies we have to-day have existed for thousands of years, but if their existence was known the knowledge of how to use them was lacking.

They became valuable to the human race only when experiment and science showed the way to use them to get results. The grip is an old disease with a new name; it is really catarrhal in character and the usual symptoms are those of acute catarrh, powders, salves and sprays do not cure it, neither does the application of antiseptics through an inhaler give anything more than relief for a short time.

The antiseptics are all right; they will kill the germs of catarrh and grip if they are applied rightly, but their local application to the nose and throat avail little because the germs are in the blood and through the whole system.

Stuart's Catarrh Tablets contain many of these same antiseptics, that are used in sprays and inhalers, but instead of applying them to the inflamed membranes of the nose and throat, they are taken into the stomach and thus reach the blood, the real seat of the disease and drive out the infectious germs through the natural channels of the bowels and kidneys.

In other words Stuart's Catarrh Tablets reach the cause of the mischief instead of merely local symptoms. The remarkable success of these tablets in curing grip, catarrh and throat and lung troubles is because they drive the catarrh poison from the system and the nose and throat become clear of the excessive secretion of mucus, which causes the hawking, spitting and gagging, because the secretion is not supplied from healthy blood.

Two years ago, Stuart's Catarrh Tablets were unknown but today have become so popular through positive merit that druggists everywhere in the United States, Canada and Great Britain now sell them.
