Storm-Tossed Steamer In Island Port

SAND SUCKER ENTERS S'IDE FOR SHELTER

Large Steamer From Detroit Bound For Long Island, N.Y., In Bad Shape After Buffeting Storms.

(Special to The Guardian)
SUMMERSIDE, Oct. 27.—The sand sucker Eay State, Capt. Howard, came into Summerside Harbor on Monday for repairs to her pumps and engines, which were badly damaged by the heavy seas and gales encountered after she left Gaspe. She tried to make Charlottetown Harbor, but was so badly disabled that she could only make Summerside with difficulty. At times her hoppers were completely under water and her engine room was flooded, also the men's sleeping quarters. At times the engines were not working, and once or twice she almost capsized.

Ever since they left Montreal, the crew state they have encountered heavy seas and storms. They had put into Gaspe for shelter, and one of the engineers stated that after leaving Gaspe they did not sight any ship until they saw the beacon light at Fifteen Point and then they saw a schooner just outside Summerside Harbor.

Ship Had To Be Shortened

They left Detroit for Long Island, New York, on October 5th and in order to pass through the Welland Locks on Lake Erie, three feet of the nose of the ship had to be cut off. This is the first ship of its kind ever to come into Summerside. It is 270 feet long and of the whale back type. It is anticipated that she will be here until Wednesday.—S.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS ETC.

- *Furs remodeled, repaired, relined. Mrs. Davison, 170 Prince Street. 7830-10-25-6.
- **Chicken Supper in Iona Hall, Tuesday evening, October 28th. Bingo and other amusements. If not fine, on Wednesday. 7836-10-25-31.

THE BRITISH GOVT. MUST BE CONVERTED

Labor Administration Still Stands Against The Imposition of Food Taxes.

(Canadian Press)

Government as a collective whole, still stands against the imposition of food taxes, as a means of granting preference to the Dominions, it became known today, but its members refuse to admit having a closed mind on the subject. "That is our stand", the Labor administration is understood to have said to the Dominion Prime Ministers, "but we are open to conversion if you can convert us". The Government is much more favorable to the bulk purchase and quota schemes which are still before the Imperial Conference, and the probabilities point to the adoption of one of these schemes by the Conference as a means of stimulating Empire trade. The preferences offer of Rt. Hon. R. B. Bennett Conservative Prime Minister has yet however to be accepted or rejected in specific terms.

THE CAN. TRADE DELEGATION REACHES TOKYO

Chairman Gives Inspiring Message To Japanese Press—To Study Trade Conditions and Requirements of Japan.

(By Percy White'ing, Canadian Press Staff Correspondent)

TOKYO, Oct. 27.—The Canadian Chamber of Commerce trade delegation to the Orient arrived at this seat of Government of the Japanese Empire today. John M. Imrie, Edmonton, chairman of the delegation and A. McClark, Montreal, Secretary of the Canadian Chamber of Commerce, accompanied Hon. H. M. Marler, Canadian Minister to Japan, on a visit to the Japanese Foreign Minister and the Minister of Commerce. They also called on the Mayor of Tokyo, the local Chamber of Commerce and the British Embassy. This afternoon the entire delegation were guests of honor at a reception given by the Canadian Legation, which was one of the most brilliant affairs of the kind ever held here.

"In Canada we are coming to feel with you in Japan that the ocean which seems to divide us is in reality a bond of unity," John M. Imrie said in a statement given to the press of Japan upon arrival of the delegation. Mr. Imrie's statement read: "It is a desire for closer and more intimate contacts with the business interests of Japan that has brought this delegation across the Pacific from Canada. Our coming is prompted by friendliness and goodwill and the hope of mutual benefit. Today Japan is Canada's third largest customer and Canada's purchases in return are increasingly substantial; yet we in Canada have lagged behind you in personal analysis of the means of fostering this mutual trade. This delegation has come in a spirit of humble and friendly inquiry to study the trade conditions and trade requirements of Japan."

Premier Hamaguchi, in Tokyo, is scheduled to speak first, at 9.50 a. m. E. S. T. Following the Japanese Premier, President Hoover will speak from the Cabinet Room of the White House at 10.02 o'clock. Premier MacDonald is to speak next, at 10.08 from London, and he is to be followed by Tsumo Matsuda, Japanese Ambassador to London.

Safest Place In The World

(Special to The Guardian)
WASHINGTON, Oct. 27.—New Zealand is the safest place in the world to be born, according to Labor Department statistics. The Children's Bureau of the Department reported today that New Zealand has broken its own record for the lowest infant mortality rate in the world by a new low of 34 deaths for every 1,000 live births in 1929, just half the infant death rate in the United States.

FROM THREE TO TWENTY INCHES SNOW

Covers Parts of New England States—Heaviest Snowfall on Record Reported In New Hampshire.

(Associated Press)
BOSTON, Mass., Oct. 27.—New England today was recovering from the effects of a severe storm that yesterday brought high winds, snow, rain and sleet to all sections. Communication and power lines in the north were broken, trees and poles felled, roads blocked, a freighter driven aground in Vineyard Sound and craft torn loose from their moorings in Portland, Maine, harbor.

Driving conditions were made dangerous on the highways by the precipitation which took the form of snow and sleet at various times in all six of the New England States. A half inch of snow fell in parts of Connecticut, flurries and squalls were recorded in Rhode Island and Massachusetts, but in Vermont, New Hampshire and Maine the snow assumed more serious proportions. In parts of Northern New England, the storm which began Friday, laid down a blanket of snow ranging from three to 20 inches.

A heavy, wet snow that later changed to rain in Northern Vermont carried down 50 electric power and telephone poles in the vicinity of St. Johnsbury, disabled 35 telephone poles out of commission in the town.

London Naval Treaty Becomes Binding Today

(Special to The Guardian)

LONDON, Oct. 27.—The London Naval Treaty becomes binding tomorrow upon the Government of Great Britain, the United States and Japan, with President Hoover and Premier Hamaguchi in international broadcast, celebrating the occasion. Every section of the world is to hear the address, made simultaneously with depositing in London of Japan's instrument of ratification. The instruments of Great Britain and the United States, accepting the terms of the treaty already have been deposited.

Premier Hamaguchi, in Tokyo, is scheduled to speak first, at 9.50 a. m. E. S. T. Following the Japanese Premier, President Hoover will speak from the Cabinet Room of the White House at 10.02 o'clock. Premier MacDonald is to speak next, at 10.08 from London, and he is to be followed by Tsumo Matsuda, Japanese Ambassador to London.

MUSSOLINI TALKS ABOUT WAR AND PEACE

States That Indirect War, Preparation for Military War, Is Constantly Being Made On The Kingdom.

(Canadian Press)

ROME, Oct. 27.—Premier Mussolini, on the eve of the eighth anniversary of the Fascist march on Rome today told the Federal Directors of Italy that indirect war, preparation for military war, was constantly being made on the Kingdom. Referring to his widely published speeches on the Tuscan tour last May, the "Duce" said: "With those speeches I intended to take off the mask from this hypocritical Europe which talks about peace at Geneva, and is prepared for war nevertheless. To kill Fascists. Is not this an act of hostility? To defame the regime and damage it in credit; is not this an act of war? Calumnies and infamies; are they not launched in the entire world against the Fascist regime? What happened after the executions at Trieste? Is not that proof that war against the Fascist regime is a fact. Moral war now, but preparatory of military war." This refers to the execution of a group of alleged Jugo-Slavia terrorists. Demonstrations against Fascist Italy followed in Jugo-Slavia.

Derelicts Driven Into Street In Big Liquor Raid

SPEAKEASIES ON BOWERY CLOSED; BARTENDERS AND OWNERS ARE ARRESTED

NEW YORK, Oct. 27.—Some 5,000 drink-sodden derelicts were driven into the rays of the sun yesterday as prohibition agents swooped down on 20 speakeasies on the Bowery and arrested bartenders and owners on charges of selling "smoke."

As the raiders, 50 in number and working in small groups, entered the establishments, they found as many as 300 men in some of them slumped over tables or lying on the floor. The agents pushed them outdoors unceremoniously and went on with the raids.

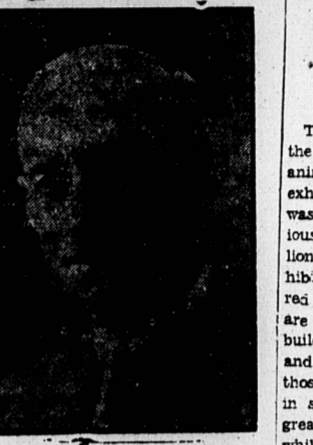

Twenty-one proprietors were jailed, quantities of moonshine and home-brew were seized, and the places were padlocked. The prisoners were arraigned before United States Commissioner O'Neill and bound over in bail of \$500 to \$1,500 each for a hearing November 6 on charges of sale and possession of liquor.

Disguised as vagrants, the agents had been gathering evidence for a week in these cheap saloons where alcohol is sold for 10 cents a drink and 25 cents for an eight-ounce bottle. In many of them were signs of offering a night's lodging to those buying two "eye-openers" the next morning.

Gram Worth \$65,000

NEW YORK, Oct. 27.—The New York Skin and Cancer Hospital announces receipt of a gram of radium valued at \$65,000 from an anonymous giver. The donor has pledged, in addition, to present a gram a year for the next three years, the hospital said. The hospital already has 124 milligrams.

Revisiting His Native Province

POTENTATE C. LEONARD GRANT

Revisiting the Province in connection with this evening's ceremonial session of the Shriners of Philae Temple.

N. S. SHRINERS ON CEREMONIAL VISITATION

Members of Philae Temple, Halifax, will Hold Session Here This Evening.

Visiting Nova Scotia Shriners arrived in the city yesterday and others are expected today to attend the ceremonial session of Philae Temple, Halifax, which takes place here this evening, when fifteen local candidates will be initiated into the mysteries of the order.

Among yesterday's arrivals was Potentate C. Leonard Grant, formerly of Charlottetown and now of New Glasgow, Mr. Grant, who is a brother of Mr. Walter S. Grant, has a host of friends in this city.

Other executive officers include Chief Rabban, H. R. Arenburg, Lunenburg, Assistant Rabban, A. B. Colborne, Sydney, High Priest and Prophet W. H. Hayes, Halifax, Oriental Guide, R. R. Campbell, Yarmouth, Treasurer Arch. Crease, Halifax, and Recorder M. MCF. Hall, Halifax.

Local shriners, headed by committee chairman A. V. Saunders, Potentate's Representative for Prince Edward Island, C. C. Thompson, C. M. Williams and A. A. Pomeroy are making preparations to entertain the visiting members in a royal fashion. A supper will be given in the Odd-fellows' Hall this evening, served by members of the Eastern Star, the business and ceremonial session taking place at Dixon's Hall at 7.30 p. m.

The visiting Shriners include representatives from Sydney, New Glasgow, Pictou, Truro, Halifax, Lunenburg, and other Nova Scotia centres.

The Ancient Arabic Order of the Nobles of the Mystic Shrine has a membership in America of about 600,000. 10,000 of these are in Canada, the Maritime membership being about 1,000. The order owns and operates fifteen hospitals for crippled children, these hospitals having a capacity of about 800 beds. Since the beginning of this activity in 1922 the hospital staff and the out-patient department have treated over 30,000 crippled children. The order has about \$12,000,000 invested in hospital work.

Formal Opening Of Big Fox Show

By His Honour, Lt. Gov. Hartz, Addresses By Premier Lea, Mayor Prowse, Mr. Jas. Paton, And Mr. G. Shelton Sharpe.

The world's greatest fox show from the point of numbers and quality of animals exhibited, of convenience to exhibitors and facilities for judging, was opened last evening in the spacious and newly built judging pavilion annexed to the Provincial Exhibition Building. Some seven hundred and four foxes of all fur classes are now in their places in the main building. The cages are the same size and have the same equipment as those of last year, and are arranged in such a manner as to utilize the greatest possible amount of space, while permitting the animals to be exhibited to the best advantage.

The Show was formally declared open by His Honour Lieut.-Governor Hartz, Major A. S. Robertson, Mermaid, President of the Silver Fox Exhibitor's Association presided. Other speakers were Premier Lea, His Worship Mayor Prowse, Mr. James Paton and Mr. G. Shelton Sharpe. Solos were rendered by Mrs. A. H. Roper, accompanied by Miss Roberta Spencer, and Mr. Raoul Raymond, accompanied by Mrs. Raymond. The orchestra rendered a number of much appreciated selections.

The opening address of President A. S. Robertson appears elsewhere in this issue.

Price Of Bread Is Increased

HALIFAX, Oct. 27.—Bread will be placed on sale in Halifax today at 9 cents wholesale and 10 cents retail. This is the announcement made over the week-end by bakers of the city following a "price war" of nearly three weeks and during which the charge for the commodity dropped first from 12 and 13 cents a loaf to 10 cents, then to 9 cents, to 8 to 7 and during the final days of the "war" to 6 cents—less than the charge in 1914.

All differences have been "amiably adjusted" the statement reads, and the charge of 9 and 10 cents will prevail until the price of flour advances necessitating an increase.

The Bluenose-Thebaud Race Is Called Off

(Canadian Press)

HALIFAX, N.S., Oct. 27.—Bluenose of Lunenburg and Gertrude L. Thebaud of Gloucester will not meet off Halifax this Fall for the Dennis Cup, emblematic of the fishing schooner championship of the North Atlantic. This decision was reached today by the board of trustees of the trophy, and was conveyed by wire to Captain Angus Walters, skipper of the Bluenose and Captain Ben Pine, who was at the Thebaud's helm when the Gloucester boat captured the first race from the Lunenburg champion in the Lipton exhibition series early this month.

The wires to the Captains, signed by H. R. Silver, as chairman of the board of trustees, definitely set at rest all speculation as to the possibility of an international series this year. Comparatively heavy expenditures are involved in a series of this kind, and it is felt that the time is inopportune to ask for the necessary amount. The trustees' decision, how-

IS. POTATOES TO BE STORED IN HALIFAX

Negotiations Completed Last Week Between Mr. Boulter and Harbour Commission.

In order to provide accommodation in a Canadian port for Island potatoes, intended for winter shipment to the South, Mr. J. W. Boulter, Secretary of the Potato Growers' Association, last week made arrangements with the Halifax Harbour Commission for the storing of potatoes in the port of Halifax. This move, Mr. Boulter considered necessary due to the fact that after January 1st, it is usually impossible or impracticable to ship potatoes from ports in this province. Hitherto, Island potatoes were stored for the winter in New York and other American ports.

"I was delighted with the reception given by the Harbour Commission of Halifax," Mr. Boulter stated. "The Association has for a long time desired storage that would protect shipments of seed so that the potatoes could be moved before danger of chilling in transit. The harbour commissioners are anxious to develop the port and are co-operating to the fullest extent in renting space, and in guaranteeing the greatest care in handling to prevent bruising or injury to the seed. Naturally the Association prefers paying storage to a Canadian port rather than to United States ports, and is pleased with the arrangements just completed. It is probable that in another year greater use will be made of the facilities which Halifax places at our disposal."

The Weather, etc

TORONTO, October 28.—Moderate to fresh winds, fair and rather cool. Maximum ... 4. Minimum ... 36. High tide this afternoon at 4.00 and tomorrow morning at 2.40. Sun sets this afternoon at 4.53 and rises tomorrow morning at 6.27.

ever, caused considerable disappointment among local schooner fans, who were anxious to see the Bluenose meet in Halifax waters the Gloucester-boat which defeated her in the Lipton series.
