LIMELIGHT ON THE CANADA LIFE

Continued from Page 2

The Company has recently organized a Real Estate Loan Department for Manitoba and the Northwest, where desirable mortgage loans are being made at remunerative rates of interest. One of our examiners made a personal inspection of the Branch Office Building of the Company at Winnipeg, and also of certain mortgage loans in Manitoba and the Territories placed through the agency of the National Trust Company. We went into these latter loans very carefully and found that it was a first class arrangement for the Company, and that it was amply protected in every way the Principal and interest of these loans being all guaranteed and the mortgages assigned to the Canada Life Assurance Company, and they are all of them conservative loans upon good real estate. The records, books and papers are all especially well kept.

The discussion at present prevailing in life insurance circles as to unprofitable companies with other Financial Institutions, as well as your letter mentioned above, led your examiners to make a most careful scrutiny into the relations and business connections of the Canada Life with other Financial Corporations. As a result of this investigation it may be said with no hesitation that the Canada Life Assurance Company has no improper or unprofitable financial relations or alliances with any other institution, and all its affairs seem to be conducted on a purely business basis. Its officers, in our opinion, make the best terms possible for and in the interests of the Company. The banking business of the Company is transacted with several of the leading Banks of Canada, preference being given to those Banks giving the Company the best terms. The Company's funds are invested as rapidly as possible, and very little, if any, idle capital is permitted to lie in any other institution for its benefit.

We made a most careful check of the manner in which profits are allotted to the Policyholders. It was found that the funds of the Tontine policies were kept quite distinct from the other funds, and on examination of the sums allotted to the different policies no evidence of any unfair advantage or discrimination could be found. In both the Tontine and Ordinary Departments we believe that a fair and just allotment of Dividends and Bonuses is made.

During the last two or three quinquennial periods the Company has made a marked reduction in its Dividends, owing to the determination to strengthen its Reserve Funds. Now that the change in Reserves has been completed and the Company is upon a basis which is so stringent and conservative, a larger rate of profit may be expected at the next division of the Surplus.

An examination of the Profits paid on Policies that have been in force for a lengthened period of years reveals the fact that some of them have been more than doubled in value by reason of the Bonus Addition Profits declared thereon.

EXCELLENT ORGANIZATION. The Head Office, in recent years, appears to have made the most thorough and complete organization of its business. Special Departments have been established and are conducted by responsible officers in a most efficient manner.

Our appreciation of the treatment accorded your Examiners by every officer and employee of the Company, the completeness of the records and accounts, as well as the efficiency of the Company's whole management, made the work of your Examiners a most pleasant one, and we could not conscientiously do otherwise than commend the conduct of the Company and its officers.

We hereby attach a Summary of the Financial Statement showing the condition of the Company as at December 31st, 1904. Respectfully submitted, JAMES B. HADLEY, Deputy Commissioner of Insurance. M. O. ROWLAND, Examiner, Michigan Insurance Dept.

HEALTH FOR WOMEN.

Mrs. Emma Daigle of Moncton N. B. Sends an Open Letter to all Sufferers.

Most women are tired when they wake up in the morning. They have a great headache, nervousness is always present, headaches seldom depart, tears are ever ready to flow. But there is a cure, a true specific for women's ills that restores a prominent lady in Moncton, Mrs. Daigle, who tells the following experience: "About a year ago I had a serious sickness, sort of a general breakdown. My digestion failed entirely and I was unable to eat, but very little. I took violent stomach pains and suffered terribly from headaches. My doctor said it was 'nervous debility' and I might never be well again. I increased, for as I grew weaker I became subject to neuralgia and rheumatism. Sleep finally forsook me and I never lost heart. Dr. Ferrigno's medicine didn't help. Doctors couldn't do me any good. I was desperate when I heard of Ferrigno. The first box convinced me it was just what I needed. It toned up my stomach, gave me a splendid appetite and then my recovery seemed easier. Ferrigno increased my weight several pounds, has restored my nerves, given me a good color and strength such as I never had before. For the weak and nervous, it is truly a most commendable Ferrigno's. (Signed) Emma Daigle."

REMEMBER: No mere stimulant or alcoholic concoction can take the place of the nerve and blood nourishing compound in Ferrigno. This true tonic always does what is claimed for it. Sold everywhere in the boxes or 25¢. By mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.
