Legion Auxiliary Annual Reports

The following reports were submitted at the meeting of the Ladies Auxiliary to the Canadian Legion held on Friday night: President's Report The President, Mrs. Arthur Henry submitted the following report: What I have prepared can hardly be called a report for all throughout the year our secretary, treasurer and convenors of standing committees have kept an account of the various activities; this has been one work, let them be the pleasure of giving you the facts and figures of a busy and successful year. I sincerely hope you appreciate their efforts as much as I do. I am grateful to them for their loyalty and co-operation. Other committees were appointed from time to time and each and every one of them gave a good account of themselves; a good amount of money was raised during the year. The Ring committee as we called it, came under this heading; the amount of money raised during the year was \$400.00. It was outstanding. You will agree with me that most of the credit should go to Mrs. Fitzgerald. She earned it. At the same time we must not forget our good friend Mrs. C. W. who made it possible by giving us the beautiful Ring. Altogether, I feel we were most fortunate in having so many of you ready and willing to help when called upon. The Poppy Day committee raised considerably more this year too. In connection with Remembrance Day I would like to remind you we served coffee, tea and sandwiches to the Parading Veterans; you will remember Mrs. Messervy suggested it and I feel it turned out to be one of the nicest gatherings of the year. Paying off the Mortgage on our Legion Home, another happy occasion, was the subject of the Women's Institute for floor exercises and curtains and to Mrs. Norman Lowther for an Afghan. Meetings of the Executive were always held on time and when time did not permit a gathering they were asked to express their opinion over the telephone, to any and all of those members whom I was in contact with. I can only say it was not intentional and I am very sorry. I don't want to bring my shortcomings before this meeting; you are all aware of them and I am all I can do is apologise, especially for the Spring House-cleaning which is not finished yet. I had a meeting on November 27th, which was very successful. It was held by the light of a kerosene lamp, owing to trouble at the Electric Light Co. plant. 42 members were present. Several members went through trying times last year, because of the war, our sympathy is with them always also to the recent loss of a dear friend, Mrs. Brennan, who departed members of the Executive were asked to meet the passing of Mr. Arthur Bruce; he was the Branch member most closely associated with us in our work. I know I speak for him of us when I say: We Miss Him. I cannot finish without calling your attention to the unflinching loyalty of our friends. They are always ready and willing to help us in our advertising and we take full advantage. Treasurer's Report The Treasurer, Mrs. G. Elmer R. Chelie, has the following to report: I have pleasure in presenting for your approval your Treasurer's Report for the past year, 1942. For the year ending January 26th, this is to allow sufficient time for the auditor to check the year's transactions. Any monies received after the year-end are presented for payment—and they can be very few and of small amounts—will be incorporated in next year's business. As you are aware our main sources of revenue are from dances and teas, but this year these have been augmented by a lottery made possible through the donation of a diamond ring by Mrs. R. C. Clark of Mount Stewart, and by a donation of \$150.00 by the Salvage Committee of the Local Government, both of whom are entitled to a hearty vote of thanks. The sum realized from the ring lottery amounted to \$507.50. Our total receipts for the year's operations amounted to \$248.01 in addition to what we carried over \$225.58 from last year making a total of \$2,574.59. Our total disbursements amounted to \$1,813.09 leaving a profit for the year amounting to \$855.92, and this added to the \$225.58 referred to above, results in the balance of \$761.50 as shown in the statement. The Fund raising for the year amounted to \$490.16 in decorations, repairs and improvements to the Legion premises. Before closing my report I wish to thank all of those who assisted me in any way during the year, and in particular, Mr. and Mrs. Brown who were with me at all times to lend their valuable aid. I wish also to thank Mr. A.B. Cosh, who is a very busy man, and who so kindly made your statement for me. Treasurer's Statement For the period ending January 26th, 1942: Receipts: Dances, Teas, etc. \$1,554.91 Ring Lottery \$507.50 Fees and Collections 133.03 Donation from Government 150.00 Salvage Committee 150.00 Rented cups brought 1.89 Bank Interest \$2,347.01

Food Retailers To Sell Four Million War Stamps in February Drive

National Chairman Outlines Food Industry's Plans to Aid Government's War Finance Committee

SHOPPERS TO BE URGED TO INVEST January 30 - The grocer, the butcher, the breadman and the baker, the five thousand of them, are joining forces February first in a gigantic drive to sell one million dollars' worth of War Savings Stamps in a single month, Mr. J. W. Horsey, National Chairman of the Food Industry's March to Berlin February Food Stamp Sale, states today. The entire Food Industry, from Charlottetown to Victoria, Mr. Horsey said, has been fully organized for this campaign which will be undertaken at the request of the Honourable J. L. Riley, Minister of Finance, and the National War Finance Committee.

War Stamps on Every Shopping Trip

To promote the investment of another million dollars in Canada's war effort, Mr. Horsey pointed out, will require the untiring effort of every food store clerk and every house-to-house canvasser of bread and milk for the entire month of February. Householders and shoppers are urged to make that task as easy and pleasant as possible with a courteous reception and a response to every appeal. No one will be asking the public to give anything—only to lend, to invest surplus quarters to do a little now and return with ample interest later. To this end, Mr. Horsey said, the National War Finance Committee is asking that every shopper invest in War Savings Stamps on every food store visit during the month. 3% Tax Free While Food Industry Stamp salesmen will make full use of the patriotic appeal, Mr. Horsey's statement goes on to show the outstanding value of War Savings Stamps even when viewed from a purely selfish angle. Every sixteen War Savings Stamps purchased at a total cost of \$4.00 can be turned in for a Certificate worth \$5.00 cash at maturity - an interest rate of 3% semi-annually, exempt from income tax. Because of this tax-free feature, certificates that would be purchased by any one individual during a given year are limited to an amount of \$480.00 (\$600.00 at maturity).

Don't put a cold in your pocket!

DURING COLDS I CARRY SOFT, ABSORBENT KLEENEX TISSUES INSTEAD OF HANKIES. USE EACH TISSUE ONCE, THEN DESTROY GERMS AND ALL. (From a letter by D.X.L.)

IF YOU CAN'T GET KLEENEX AT YOUR DEALER'S TODAY...

please realize that the popular demand for Kleenex exceeds the production at this time... that our armed forces are using and are entitled to considerable quantities of their favourite tissues.

Steps are being taken to assure you of Kleenex and your dealer will have a supply in a day or so. We are grateful for your patience.

Thrifty Nifty! I FIND OTHER TISSUES TEAR AND CRUMBLE BUT KLEENEX SAVES ME MONEY BECAUSE IT'S STRONG AS WELL AS SOFT! (From a letter by M.P.)

Dorothy Dix Says—

And dying for. It is only since we have begun to feel the pinch of the shoe ourselves that we are sensing how much of the pleasures of life are dependent upon having and doing just the little common, ordinary things that we have never regarded as of any importance at all.

It is both funny and cynical that the rationing of gasoline has done more to bring home to us a realization of the big part that small things play in our happiness than all of our philosophizing. For we are already looking back with nostalgia upon the good old days when we could jump in our automobiles and run around three blocks to the grocer's, or so a couple of thousand miles to visit dear old Aunt Mary.

And the same thing holds good all along the line. We used to eat a good dinner without really savoring it. It was just one more meal. But now, with a food shortage that nobody ever expected to see in this country starting us in the face, and with the thought of millions of people in Europe starving to death, we think how lucky we are when we sit down to a scanty meal. The old-fashioned grace before meals has taken on a real meaning. When we thank God for what we are about to receive, we put our hearts into it.

And certainly people are realizing as never before that the only happiness that stands the wear and tear of life is the domestic brand that is woven on their own heartstones. The philandering husbands and wives, who go abroad in search of their pleasure, get a few thrills that are followed by headaches and heartaches, but they never know the peace and contentment of the married couples who love each other, and who know that if all the world turned against them there would still be one on whose loyalty and devotion they could depend.

The parents whose children are a burden to them, whom they wish off on nurses and governesses and camps and schools as soon as possible, miss the finest and purest joy that can come to anyone in never seeing on their children's faces the adoration and worship that they only give to Father and Mother and God. And surely no parents in these days with their children at the front but who know the fine pride that comes in having reared sons who had the courage and the patriotism and the manhood to offer their all to the defense of their country.

So the war is teaching us to go back to the essential things of life. It is showing us how to find our happiness. We are learning in it to discover the joy there is in doing constructive work. The Red Cross has cured more neurotic women of their neurotic complaints during the last year than all the specialists have. The exodus of cooks from the kitchen to the war plants has made millions of women find out that the cooking stove can do more for their figures than the beauty parlors and the masseurs.

Conversation is becoming an art again. We are finding out how entertaining it is to hear witty people talk now that we can stay at home and do not have to scream above the noise of a jazz band at our dinner parties. Rivalry is out for the duration when we are all rationed together. So we can all find our happiness in simple things, and like it. For we are all simple creatures at bottom.

Army Style 1914-1943

Good nutrition for Canada is the aim of the National Nutrition Program now underway. These two pictures of typical army meals as they were in the last war (above) and as they are today, show clearly the tremendous improvement that has taken place in the diet of the Canadian army since the Great War. The army is now nutrition-conscious. Yesterday's soldier got hash, vegetables, rough-hewn hunks of bread, yeast and apple jam, and tea. Today, soup, steak, vegetables, pie a-la-mode, bread and butter, cheese and milk (as pictured) is a representative meal for the 1943 fighting man.

Girl Guide News

The February meeting of the Charlottetown Girl Guides Club will be held at the home of the District Commissioner, Miss Lillian Duchemin, next Friday evening, February 5th, at 8:30 p.m. All Guides are asked to be at this meeting as there are important matters to be discussed.
