

Old Dutch Cleanser

Floors, tiled walls, tubs, closet, basin and nickel fittings are quickly cleaned with Old Dutch. Much more economical than soap or any other cleaning material

A Questionnaire

1. Is it from a doctor's prescription for his patients?
2. Is it prepared for internal as well as external use?
3. Has it a longer record of success than any other?
4. Is it richer than others in soothing, healing elements?
5. Is the price the same as I pay for inferior articles?

There is only one Liniment you can refer to which will permit your dealer to honestly answer **yes** to every one of the above questions and that is the century old and ever reliable family friend and favorite

Johnson's ANODYNE Liniment

On Sale Everywhere. DR. ED. MORIN & CO., Limited, Quebec, Canada.

When you buy A HARNESS

When you go to the Harness Dealer, do you just say, "Let's see some Harness?" If you do, you risk buying a set that is not guaranteed by the maker or that does not even have the maker's label on it. In buying Harness know the BRAND and the maker's name. Our goods are trade-marked—IMPERIAL BRAND and known from coast to coast as high-grade. If your dealer does not have IMPERIAL BRAND HARNESS we can supply you direct. Our prices range as low as \$22, single set complete, and \$39 team set, without collars. Our "Team Special," No. 640 is the most popular moderate priced team Harness in Canada. It is sold from Halifax to Victoria extra-pretend to any station in Canada on receipt of price. Our No. 56 Roadside Lined single Harness, is exceptional value at \$15 per set. Write us for anything in the Harness line—we have it—and our prices are as low as honest work and materials allow. Satisfaction guaranteed.

These SPECIFICS and CALF MEAL have proven a great boon to the stock raiser who is looking for highest priced products, which always pays best.

Sold by all leading Island merchants.

AULD BROS. LTD.

FRIDAY
PAINFUL ACCIDENT.—A painful accident happened to Garfield Ross at McRae's Mills Rosebury, while working a small edging saw a few days ago his hand came into contact with the edge cutting three fingers off his right hand.

"POLICE COURT NEWS.—There appeared before the Town Magistrate, of Montague, last week three offenders for fast and reckless driving, on Wednesday. Allan McDonald was fined \$1.00 and costs. On Saturday two more cases came up, Ira McLaren Brudenell, and Earl Gordon, Montague, each fined two dollars and costs. The town policeman Mr. Hector McLean is determined to have law and order enforced to the letter. So boys go easy.—B.

"DOUBLE BEREAVEMENT.—In one week, death twice entered the home Mrs. Martin Lannigan, Montague on Tuesday 2nd claiming her beloved young husband, and on Monday 6th her mother, Mrs. William Murphy. The late Mrs. Murphy was ill about one week with influenza, followed by pneumonia and her death was a very sad blow to her already heartbroken daughter, as well as to her husband and only son James. The deceased was of a kind, a lovable disposition and will long be remembered by her bright and cheery countenance as well as by her deeds of charity, which were many and generous. The funeral was held on Tuesday the 7th and was largely attended. Interment was in the cemetery at Montague.—T.

"MR. SYDNEY NELSON.—One of the sad deaths at Montague, recently was that of Mr. Sidney Nelson on Saturday Jan. 10th and already published in this paper. The late Mr. Nelson was of fine physique, the picture of good health and happiness and apparently had many years of life before him. Influenza and pneumonia cut short this life so promising, as many times happens when we least expect it. As we look around at the result of the recent epidemic, we can not but think how necessary it is for each and every one to live "as if each day were his last," so that when the call comes, whether at morn or night it may find us with our lamps trimmed and burning and that there be no reckoning when He comes.—T.

FROM THE WEST.—Mr. Weston E. Anderson, son of Mr. John Anderson, Provincial Auditor, who has been in Saskatchewan for the past twelve years arrived home yesterday for a month's visit. Mr. Anderson has done well in the west, being engaged in farming on a somewhat extensive scale. His farm is a three quarter section, 480 acres, and although he had only 500 acres under crop last year and the weather was very dry, he harvested a crop of 2600 bushels wheat and 2000 of oats and barley. From May 1st till the crop was harvested in August there was one hour's rain, on June 3rd and another shower on July 15th. The weather was intensely hot. The general harvest in the province was fairly good where not frozen in July. In the locality in which Mr. Anderson is located the crops averaged good all round. Mr. Anderson is naturally optimistic as to the future of Saskatchewan. The country sections of the province are well provided with schools, that in his district, with about 20 pupils, paying its teacher a salary of \$900. The school tax, as compared with that in Prince Edward Island, is somewhat high, Mr. Anderson's proportion being \$160 a year. The schools, however are all model ones and well worth the expense.

FIELD ROOT SEEDS GROWN IN CANADA.—The report of the Dominion Experimental Farms for the year ending March 31st, 1918, obtainable at the office of the Publications Branch of the Department of Agriculture at Ottawa, shows that experiments carried on at the Central and other Farms in growing seeds of field roots have proved not only that it is possible to raise heavy crops of these seeds in Canada, but the seed raised is at least equal, if not superior, to that imported from other countries. Besides securing this information the Farms have done a good work in providing quantities of "stock seed" to meet emergencies. Investigations in flax culture proved that part of British Columbia, the southwestern part of Ontario, the valley of the St. Lawrence and the Maritime Provinces are suitable for fibre flax production. During the year 3,680 samples of seed grain, 6,174 samples of potatoes, 1,912 samples of flour seed, 5,198 samples of fruit trees, and 386 samples of other trees and shrubs of superior varieties were sent out for trial at the homes of individuals. Special distribution was also made from some of the Farms of tobacco seed, corn and vegetable seeds and strawberry plants. These are, briefly, some of the many services of the Experimental Farms recorded in the report for the period mentioned. This report constitutes a brief review of the year's progress in the various lines of work under way at the Central and other Branch Farms and Stations.

AUTHOR KNOWN HERE.—The Canadian Club News, the Official organ of the Canadian Club of Boston, publishes two excellent articles contributed by Mr. Starratt who, it will be remembered, attended some of the sessions of the Summer School of Science in Charlottetown. America in the "Great War" is a most informative review of the part taken by the United States in the war, the second is a beautiful and touching poem "Grant them their Peace; Grant them their Peace." Both are couched in fine dictation and make a valuable contribution to War literature.

EX-NAVY MAN TAKES TO ROAD.—Mr. R. W. McEwen, who has been Chief Victualling Petty Officer, R. N. C. V. R., Halifax arrived in the city on Wednesday night on his way to his home in St. Peter's. Mr. McEwen has served about two years in the navy, having been in the patrol service. He has now taken his discharge. After a short rest at his home he intends going on the road in the interests of the J. B. Goodhue Co., Ltd., Rock Island, Quebec, manufacturers of overalls, shirts, pants, etc., and one of the best known and oldest established firms in this line. His territory will be P. E. I., the Magdalen Islands and Cape Breton.

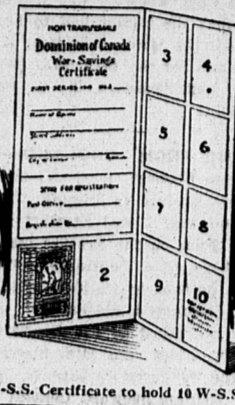

ON SAD MISSION.—Major J. C. McDonald, M. D., officer in charge of the Moxham-Ross Military Convalescent Hospital in Sydney, C. B., arrived in Charlottetown on Wednesday night. He was called to the Island by reason of the death of his father, the late Mr. Andrew B. McDonald of Peake's Station, who passed away at the age of 86 years. Major McDonald on his arrival in the city immediately proceeded by team to Peake's and was present at his father's funeral yesterday morning to St. Teresa's Cemet-

ery, where the Rev. I. R. A. McDonald, the late Bishop McDonald, was the last of twelve brothers. There are left to mourn besides Major McDonald and putting in 2 1/2 years work in Halifax a brother R. J. in Calgary and one fax. He was O. C. of the Field Hospital, Ellen M., at home. The Major has been active in military work in his present appointment.

Read What It Says on the Front of the War-Savings Certificate

"... the Dominion of Canada will pay on January 1, 1924, to the owner named on the back hereof the sum of \$5.00 in respect of each Canada War-Savings Stamp of the First Series (1919) then attached thereto. Each such stamp is also redeemable at the option of the owner at an earlier date for the lesser amount indicated in the table of surrender values printed hereon."

W-S-S. Certificate to hold 10 W-S-S.

WHEN you invest \$4.00 in a War-Savings Stamp, the Dominion of Canada not only pledges itself to pay you \$5.00 for each such stamp in 1924, but the Government provides for earlier redemption should circumstances compel you to obtain cash on your W-S-S.

You see the security is absolute.

Sixteen THRIFT Stamps (25 cents each) on a Thrift Card are exchangeable this month for a War-Savings Stamp. For each month hereafter there is an additional one cent charge for interest earned.

\$5.00 for \$4.00

Don't Experiment—Use this Dependable All-Purposes Flour

IT'S far too expensive altogether to experiment with your baking in these times of food scarcity! Failure means loss of valuable ingredients and loss of precious nourishment. You can always have good baking by using

QUEEN CITY FLOUR

It makes with equal goodness fine large high-rising loaves of delicious bread, flaky pie-crust, appetizing biscuits and light, delicate cake. That is so because it is a proper blend of two of the best wheats the world produces—Western hard wheat, with a wealth of gluten that enables the yeast to make the bread rise high, and Ontario wheat, famous for pastry.

We maintain Queen City in uniform strength and blend by testing every shipment of wheat received. Thus you are sure that no changes in your flour will upset your baking. For this good reason it always comes out right. Why not use the *always dependable flour*—give Queen City a good trial.
