

Islanders Here And There (OAKLAND MAPLE LEAF) BY BERKLEY

I had the pleasure of meeting a popular daughter of North Rustico, P. E. I. This is Mrs. Janet Ward of Berkeley, whose maiden name was Janet Rollings. She belongs to a well known family of the Island. On July 25 last they had a family re-union at North Rustico, which deserves to be well remembered. Three brothers and four sisters of the Rollings family were present. They were Artemus Rollings, Elisha Rollings of Fort Scott Kansas; Aquilla Rollings of the homestead, Janet Anne (Mrs. Ward) of Berkeley; Josephine, Mrs. Fairclough of Winnipeg, Mrs. Aurelia (Bray) of Vinal Haven, Maine, and Bertha Grace (Mrs. Fraser) of Boston. Thirty years ago this same good family met. Her many friends will be glad to learn that Mrs. Janet Ward is enjoying good health, and is one of the most cheerful women I ever met. "I would dearly love to attend the Maple Leaf Club of Oakland monthly entertainments," she said, so I could meet my birth and kin of the Island. And I think I could take part in a wait of two-step."

A letter received by the Publicity Association to-day from the Secretary of the Maritime Provinces Association of Montreal says: "I am frequently asked for trade information regarding Prince Edward Island, and a reference list of that kind would be of material assistance as, for instance, a short time ago a merchant desired to obtain a few carloads of pressed hay. With our facilities for doing so, we would gladly be of service to any one in Prince Edward Island desiring information regarding Trade facilities and marketing of Maritime products." The local Association is sending to the Montreal Club 1000 copies of the folder "Glorious Prince Edward Island" for distribution at the meeting of the Club to be held about March 20th, and a personal letter will also be written shortly to each member of both the Maritime Province Association of Toronto and Montreal, setting forth the desirability of Prince Edward Island as a place for a summer holiday.

Baby's Own Tablets Win Great Praise

Many Mothers Always Keep Them in the House. Thousands of mothers state that they know of no other medicine for little ones to equal Baby's Own Tablets—that they always keep the Tablets in the home as a preventive of childhood ailments, or if sickness does suddenly grip their little ones they feel safe with such a remedy at hand. Concerning the use of the Tablets Mrs. Donat Plouder, Tingwick, Que., writes:—"I have nothing but praise for Baby's Own Tablets. They are the only medicine I have ever given my two little ones, and I am glad to state that the Tablets have always kept them in perfect health. I feel so safe with the Tablets that I always keep a box in the house." Baby's Own Tablets are a mild but thorough laxative. They regulate the bowels, sweeten the stomach and thus banish constipation and indigestion; break up colds and simple fever and make the butting of teeth painless. The Tablets are absolutely safe, being guaranteed free from all injurious drugs. They are sold by all medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Orange Banquet At Kingston

On Monday evening, February 26th in the Orange Hall at Kingston a large number of the local members of King William Lodge No. 1188, together with the number of friends and visitors met to share the enjoyment and good fellowship for which this annual event has become widely known. About 8.30 guests were ushered into the lodge room and seated about a lavishly laden table, a visible manifestation of the hospitality and generosity of the ladies of Kingston and vicinity, whose efforts year after year have made no small contribution to the success of this event. After partaking of this repast, all retired to the entertainment hall where a programme had been prepared, which needless to say was enjoyed by everyone present. The chairman, Mr. Daniel Fraser, in his usual capable style in a few well-chosen words spoke of the history of the local lodge, and of his own happy relationships with it, of the arranging of the first banquet years ago, and of the unanimous agreement of the members to have it conducted after the manner which is in accordance with the high ideals of the Orange Order. This has been closely adhered to ever since, including that night's programme. The chairman then called for the different numbers of the programme which included: "Blest be the tie that binds." Address, Rev. W. R. MacWalker. Instrumental Music, Mrs. Holmes and Mr. Donald MacDonald. Solo, Mr. Davies Ward. Address, Rev. E. M. Aitken. Solo, Mr. John Murray. Address, Grand Master Mr. C. E. MacKenzie. Instrumental Music, Mrs. Holmes and Mr. Donald MacDonald. Solo, Mr. John Heats. Address, Rev. H. H. Stavert. After a vote of thanks had been extended by the chair, on behalf of the members to those who had taken part in the programme, a very pleasant entertainment was brought to a close by the National Anthem.

Headaches and Other Troubles Follow When the Nerves Give Way.

Nerves are delicate fibres running from the brain to all parts of the body. Some of them give us the sense of touch and feeling; others convey the will to our muscles and enable us to move. When we have an "attack of nerves" it means that the body is in some way out of order and the nerves have become over-sensitive, so that we get neuralgia, nervous headaches, sciatica, or some other nerve trouble. Sometimes the nerves get too weak to do the will of the brain and we get trembling hands or limbs, or perhaps St. Vitus dance. The whole nervous system is fed and kept healthy by your blood. If that is thin and poor, nervous weakness follows. In that case a tonic is needed to build up the blood, so that it may in turn feed the nerves, spine and brain. The very best medicine for enriching the blood is Dr. Williams' Pink Pills. You cannot take them without feeling the uplift they give. Your appetite improves, your brain is clearer, your gain strength in every way, and you feel full of new life. One sufferer, Miss Margaret R. MacDonald, Caledonia Road, N. S., tells what this medicine did for her. She says:—"I suffered for a long time from severe headache and nervous exhaustion. I tried several kinds of medicine but got no relief until I used Dr. Williams' Pink Pills, and these, before long, gave me complete relief. From my own experience I feel that I cannot praise Dr. Williams' Pink Pills too highly, and would advise anyone who is suffering from headaches or nervous exhaustion, to give them a fair trial, as I feel sure the results cannot be anything but satisfactory." Take these pills as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

TRAGIC DEATH.—A tragic death occurred near Montague last week and was only discovered two or three days after the event. It appears an old spinster age ninety, named Margaret Gillis, lived all alone in a shack in the manner of a recluse refusing to allow anyone to enter her house, and never ventured out except in the early part of the morning. Kind neighbors supplied her with sustenance, but she would only allow them to leave the food and water on the doorstep. She allowed no light to enter her habitation except what was seen through the door when opened for exit and entrance when receiving her food supplies. The windows inside were all covered with sacks and the interior had the darkness of a cave. As she had not been seen out in the morning for two or three days some neighbors called and, failing to receive any response, forced an entry and found the poor old woman, huddled up on a mat on the floor, the only bed she had, dead. The features were practically unrecognizable, as rats had been doing their deadly work. The occurrence was reported to the Coroner who took necessary action. The house was found to be in a dreadfully unsanitary condition and there was not a scrap of food or a drop of water in it. It is almost unbelievable that in a Christian, civilized community like this such a state of affairs could exist.

The Chairman thanked the speaker for the club. No further business offering, the meeting closed with The King.

TAKE 2 - REGULAR MEETING

In comparing the pastoral beauty of Britain and Canada the speaker remarked on the division being marked by substantial walls and well trimmed hedges in evidence in England compared with the wilder, if more natural condition of our own country. The speaker mentioned the great markets of the Old Country with their enormous capacity for distribution.
