Warning

It has come to my notice that a number of Fox breeders and speculators are selling foxes said to be of the original B. I. Raynor Stock. I take this opportunity of warning the public against any representations of this kind.

I have control of the original B. I. Raynor strain of foxes; I claim they are pure P. E. Island stock; that I have never imported any stock and that all the foxes in each of the ranches established by me are of the original Island stock. Anyone claiming to have foxes of this strain should be required to give proof of their claims and I shall be pleased to substantiate or to refute, if necessary any such representations. Persons wishing to procure definite information on this subject are asked to correspond with me direct and I shall be pleased to reply with definite and incontrovertible proof. There are a few shares unsold in the Bridgetown N. S. Company which may be secured by applying direct to me The ranch, like the Bunbury, is conducted under my own personal supervision and with exclusively guaranteed pure P. E. Island stock.

IN MEMORIAM

MR. MALCOLM MATHESON.

One of the oldest inaabitants of the community passed away after an illness of two weeks, on the early morning of the 13th inst. in the person of Malcolm Matheson, Dundas, at the advanced age of 92 years. He retained much of his vigor and freshness to the last. "His eye was not dim nor his natural force much abated." His wife predeceased him about nine years and his beloved son George about two months ago. Much sympathy is felt for the family in their double bereavement. Mr. Matheson was born in the Isle of Skye, Scotland, and immigrated to this country with his parents when quite young. He was one of the early pioneers of Dundas, a splendid type of a citizen, universally respected for his sterling qualities and fine spirit. Five sons and four daughters survive him. Three of his sons are progressive citizens of Dawson City—one in Vancouver and one in New York. "His children arise up and call him blessed." His funeral was largely attended by sympathizing friends from different parts of the country. The funeral service was conducted in the house and at the grave by his pastor Rev. M. N. McLeod, assisted by Rev. J. C. Martin, Cardigan, and his nephew, Rev. J. M. McLeod, St. Peter's.

To Grow Hair on A Bald Head

By a Specialist.)

Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic, and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 6 ounces; Lavona de Composee, 2 ounces, Menthol Crystals, one-half drachm. If you wish it perfumed, add half to one teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics.

NEWS FROM THE SPORT CENTRES

TY. COBB AGAIN IN THE LIMELIGHT

DETROIT, Sept. 16.—Try this over on your pianola and see if it doesn't sound pretty good.

Suppose that Ty Cobb had told President Navin that he would not play with the Detroit team another season, that he would rather leave baseball altogether than be defeated for another year with the Tigers.

Suppose that President Navin saw that he could cash in on Ty Cobb for a good deal more money while he was a player on the Detroit team than he could after it had become publicly known that Cobb had absolutely refused to play there longer.

Suppose that Nevin knew a newspaper man who was well acquainted with conditions in Washington and personally acquainted with Clark Griffith.

Suppose that Nevin saw that this newspaper man: "Here's a chance for Griffith to do two things—first, buy Ty Cobb for the Nationals, and second, to get more advertising out of the purchase than ever accompanied the sale of any baseball player since baseball history began. You know Griffith, Go to him, get him to make an offer for Ty Cobb, the biggest that was ever made for any baseball player, get him to say he will give $100,000 for the great centerfielder, and the news will be printed in every newspaper in the United States. That will be some advertising. When the $100,000 offer has been advertised, Griffith and I can get together, and make a deal for Cobb that will be advantageous to both of us. Of course there wont be any $100,000 passed between Griffith and me, but if the actual trade is kept under cover, nobody will be able to prove that $100,000 was not the price paid.

Suppose Griffith saw a big advertisement in this proposition, and at the same time saw a possibility of acquiring Cobb for the Nationalists, would not all these supposed conditions account pretty well for the stories which have been coming out of Detroit for the past few days, and could there have been any bigger advertisement devised for Ty Cobb and for the Washington team that would have resulted had such supposition as the above been true?

There is not any doubt that Griffith and Navin have discussed a trade for Ty Cobb. There is a very little doubt that Cobb will play somewhere else than with Detroit next year, if he plays ball at all. There is not any doubt that Navin would be glad to sell Cobb if he can get his price, and the only reason that would keep Griffith from buying him is because that price is too high.

Nobody but Griffith and Navin know the real inside of the negotiations of the past two or three days, and it is not believed that either one of them has yet told a frankly complete story of their discussion of Cobb's possible transfer.

There is one thing however, that is absolutely certain, the sale of Ty Cobb to the Nationals if it had been completed this week, with all the attendant publicity of a $100,000 offer., would have been the biggest and best advertised baseball deal that was ever pulled off and the Washington management, if it was to blame for the deal not going through, failed to pick the biggest plum that ever grew on the baseball tree.

GOLF

The first round of the Ladies Championship Match yesterday resulted as follows:

Mrs. J. O. Hyndman won from Miss Haszard.

Mrs. Goodwill won from Miss Davies.

Mrs. Bagnall won from Mrs. Alley.

Miss Bartlett drew a bye.

The next round will be played on Saturday.

Mrs. Goodwill vs. Miss Bartlett.

Mrs. J. O. Hyndman vs. Mrs. Bagnall.

In the Men's Championship Match H. W. Longworth won from Dr. Blanchard.

A. W. Weeks won from W. K. Rogers.

The finals are scheduled for Saturday next.

H. W. Longworth vs. A. W. Weeks.

LONGWORTH CUP MATCH.

The finals in the above match were played off by Mrs. J. O. Hyndman and Miss Mary Haszard, the former being the winner, and is now the holder of the Longworth Cup for the year.

THAT THRICE SCHEDULED GAME

Those who were unfortunate enough to walk out to the A. A. A. A. Grounds yesterday, expecting to see a base ball game, were confronted with blank disappointment.

No players were in sight and there was no sign of a game.

Returning to the city they were informed that the game had been postponed for some reason, not by a meeting of the Executive of the League, but simply by the two captains of the teams, which were to play. It has been suggested that the captains read the constitution and study the rules. Probably after digesting it they would be less apt to take things in their own hands, by postponing games.

This is the third game that has been postponed, by no authority from the Executive and if this practice continues baseball will soon be wiped off the slate for Charlottetown.

The excuse given yesterday for the postponement was that one of the players had gone shooting and another could not get off duty. At 4 o'clock this afternoon, however, the nine innings play-off game is again scheduled to come off.

WOMEN TO VOTE SOON IN HOLLAND

THE HAGUE, Netherlands, Sept. 16—There is every indication that women will shortly be given the parliamentary franchise in Holland, as in the speech from the throne delivered today the new Dutch cabinet states the intention of granting the vote to women.

The speech from the throne says that a bill is to be introduced removing the constitutional obstacles in the way of granting the suffrage to women. The same bill will revise the dutch constitution in such a way as to extend the parliamentary franchise to all male Dutch subjects on reaching a certain age with exceptions to be determined later. The bill is to be prepared without delay.

TENNIS

The following is the result of the second day's play in the P.E.I. Tennis Tournament:

Mr. J. A. McMillan won from Prof. Barlow—6-2; 2-6; 8-6.

Mr. F. Perkins won from Mr. C. J. McMillan—by default.

Mr. C. Simpson won from Mr. Cosh —by default.

Today Mr. L. B. McMillan will play Mr. G. Fitzgerald and Mr. J. A. McMillan Mr. F. Perkins.

NEW ENGLAND ELECTRIC LIGHT MEN MEET.

BURLINGTON, Vt., Sept. 17—The fifth annual convention of the New England section of the National Electric Light Association opened here today at the Hotel Vermont for a three days' session. Some of the best authorities on electric light in New England are present and are scheduled to read papers on the subject of electric lighting and kin subjects.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

FRENCH ARTILLERY MOVE BIG GUNS BY MOTOR TRACTION.

MONTAUBAN, France, Sept. 15 — The French gunners' method of handling in action heavy artillery drawn by motor traction, was the chief point of interest today for foreign observers of the grand maneuvers of the French army.

The wheels of the motors are broad, with their outside tires composed of jointed steel and it has been found that the guns can be taken by this means across freshly ploughed fields and over ditches and minor obstructions.

When the heavy ordnance came into action today the motor tires were uncoupled and spread out beside the cannon, forming rails on which the pieces recoiled, after firing without sinking into the soil.

Over 100,000 men in a large fleet of aeroplanes are operating in two armies opposite to each other over a wide range of country stretching from Montauban to Agen on the north and from Auch to Toulouse on the south and the northern or blue army is commanded by General Paul Pau and the southern, or red army by General Nicholas Chomer.

THE SMALL BOY'S QUESTION.

Small Boy—"What is a roost, papa?"

Parent—"A roost, my son, is the pole on which chickens roost at night.

Small Boy—"And what is a perch, papa?"

Parent—"A perch is what chickens roost on at night."

Small Boy—"Well, papa, could a chicken roost on a perch?"

Parent—"Why, of course."

Small Boy—"And could they perch on a roost?"

Parent—"Certainly, of course."

Small Boy—"But if the chicken perched on a roost, that would make the roost a perch, wouldn't it?"

Parent—"Oh, yes, I suppose so."

Small Boy—"But just after some chickens had perched on a roost, and made it a perch, come chickens came along and roosted on the perch and made it a roost, then the roost would be a perch and the perch would be a roost, and some of the chickens would be perchers and the others would be roosters and—"
