

Theroz FUEL CUBES

A THEROZ fuel cube does not itself burn. It is a vapor-gas emanating from the cube, mixed with the oxygen of the air, that makes the hottest flame known to science. Efficient, economical, safe heat instantly available. If you do not use a whole cube, blow it out and keep it for future use. Soldiers welcome Theroz. Costs but 50 cents for a can of 25 cubes.

At your Grocery, Drug or Hardware Store.

1—Horne Bros., Winsloe Station.
Sec. 2—Bull, 2 yrs old.

FREE OFFER TO THE POOR

During the present epidemic of sickness the representative of the Farador Co. will be glad to offer the use of a Farador for a few days to any Charlottetown people of limited means without making any charge for the instrument, and on the sole condition that the users endeavor to follow directions.

The Farador has made a proud record in the cure of pneumonia, influenza and all kinds of fevers. It has many times proven itself the best possible resort and has brought about recovery after seemingly all other means had been exhausted by the patient.

Owners of Faradors are reminded not to forget to make good use of the instrument as soon as sickness visits the home. If there is any doubt about the cords being in perfect order it would be advisable to bring the Farador to be tested. Unless the magnetic current passes through the cords no benefit will be derived from its use.

W. EDGAR ENMAN,
Farador Representative,
226 Richmond St., Charlottetown, 1808

STEERS (Class 27)

Fatal Mistake to Ignore Nature's Danger Signals

Slight Kidney Troubles Soon Develop into Chronic Complaints

You Can't Neglect Nature's Warnings and Remain Healthy

Danger cannot always be seen—and because of this fact many people have entirely ignored Nature's danger signals—with the result that to-day hundreds are suffering unnecessarily from chronic kidney and bladder troubles. It is the old story. You feel that something is wrong in the region of the kidneys and bladder, but because you don't suffer acute pain right at the start you conclude that there is nothing very serious the matter and fail to remedy the defect. That is the fatal mistake.

Nature's Methods of Warning.
When Nature warns you by a pain in the back, headaches and dizziness that there is poison in the blood stream, you can readily conclude that your kidneys are out of order and need immediate attention and assistance. You may say to yourself, "That will pass away in a day or so," but the truth of the matter is, it won't, for once those delicate organs are affected, the congestion must be speedily removed or chronic kidney trouble will develop.

The Function of the Kidneys.
Picture the condition yourself. The kidneys are the great blood filters, and when they fail to clean the uric acid and other impurities from the blood, these are carried through the system again and lodge in muscles and joints, setting up infection, which results in rheumatism, lumbago, sciatica, etc. Once established, these diseases develop, as the cause has not been remedied, and the kidneys still fail to perform their proper function, and clear the blood.

How to Remedy the Cause.
You can readily understand yourself, without our going into further detail, that if kidney and bladder troubles are to be cured the cause must first be removed, and the kidneys restored to perform their proper function of purifying the blood. This is exactly what Gin Pills are for and what they do. Gin Pills remove the congestion from the kidneys, strengthen them and re-establish their proper function. In this way the blood is purified and the disease germs carried out of the system.

Gin Pills have relieved the sufferings of hundreds of Canadian men and women. Mrs. Ross writes from Comox, Cumberland Hospital, Vancouver Island:
"I came here from New York about five months ago crippled with rheumatism. I was unable to

earn a living for two years, and spent all my savings trying the hot springs, with little relief. At last in despair I tried Gin Pills, and now at 47 I am able to continue my work."

A Remarkable Case.
Here is the case of a man, Mr. Isidore Thomas, who had given up all hope of ever regaining health and strength again. Gin Pills did more for him than he believed possible, and in a short time he was not only better, but had gained 20 pounds:
Tilley's Road, Gleeve County, N.B.
Translation of Isidore Thomas' letter in part.

"I beg you to publish my letter, so that people may know what Gin Pills did for me. My case was very serious. I was so sick everybody expected my death any day. Finally, on advice from friends, I tried Gin Pills, and in a short time was well again, and soon had gained 20 pounds."

Make Grateful Friends.
Have you a friend or neighbor suffering from Gravel or Stone in the Bladder? If so, think how grateful to you they would be if you were instrumental in helping them regain their former health and vigor. Tell them about Gin Pills and what they have done. It's no secret.

Hear what Mr. Brencley, of New Westminster, B.C., did.
After Gin Pills had relieved his sufferings he heard from his sister in England that she was confined to bed with sciatica and that many others in the neighborhood were afflicted with the same dread disease. His faith in Gin Pills was so great that he sent a number of boxes to her and asked her to distribute them among her friends also. Is this not the proper spirit of "Do unto others and bring them relief"?

The Premier Remedy.
The wonderful results obtained by Gin Pills have placed them in the forefront among the standard remedies for the relief and prevention of kidney and bladder disorders. Hundreds of testimonials from people in all parts of Canada tell us the same story—that Gin Pills help by first removing the cause.

Kidney disorders are the cause of great suffering and prolonged agony. Don't hesitate when that pain in the back warns you that your kidneys are

affected—use Gin Pills and be sure of safe, sure and speedy relief.

The Danger Signals.
Here is a list of Danger Signals that warn you of Kidney and Bladder derangements:
A dull ache or pain in the back, pains in the sides and groin, Brick Dust Deposits, Painful Urination, Dizziness, Constant Headaches, spots floating in front of the eyes, a general feeling of lifelessness, swollen ankles or joints, Sciatica, Pains, Symptoms of Rheumatism, Lumbago, etc.
Any of these warnings should convince you that your kidneys need assistance. That congestion must be removed at once or grave results will follow. Don't hesitate and think you will be better to-morrow—you won't! Time, unassisted, never remedies kidney derangements. In cases like this Nature needs Nature's Remedy, and that is found in Gin Pills.
A sample free on request. Gin Pills are sold everywhere for 50¢ a box. A free sample will be sent to you if you write us for it.

WARNING

That pain in the back is a danger signal.
Pain in the back is one of the commonest symptoms of kidney trouble. It is Nature's way of telling you that your kidneys are tired, congested and need immediate assistance, or they cannot keep the blood stream purified.
You know the rest. Once the blood stream is poisoned, a chain of diseases follow, and you probably become an invalid. Be warned.—use

GIN PILLS

and free yourself from the ravages of a kidney or bladder affliction, Brick Dust Deposits, Painful Urinations, Backache and constant Headaches.
Gin Pills have brought relief to thousands—they will do the same for you. Try them.
50¢ a box.
Sample box free on request.
