MADE FIVE TRIPS—The car ferry made five round trips yesterday, although the Strait is still packed with loss ice. Fifty-three cars of freight were ferried from Borden to Tormentine, and a like number brought back from the Mainland to Borden. The mail arrived in the City last evening at 6.45. Crossings were much easier yesterday than on the day previous, due to the fact that the wind had subsided. The steamer completed most trips in an hour or an hour and a quarter, as compared with fifty-five minutes, the scheduled time. The congestion of freight on both sides of the Strait was partly relieved yesterday, although a large number of loaded cars still await transport.

LONG CREEK WOMEN'S INSTITUTE—The regular monthly meeting of the Long Creek Women's Institute met in the hall on Wednesday evening, April 1st, with an attendance of twelve members and two visitors. The meeting opened with the singing of the Institute Ode and repeating the Creed followed by the reading and approval of minutes of last meeting. Roll call was answered by paying a dime. Letters were read which received due consideration. It was moved and seconded that the Janitor of the hall be paid. After the business had been completed a programme was well rendered. Mrs. Ernest Turner kindly invited the members to meet at her home for the next meeting, roll call to be answered by writing your name with your left hand blindfolded.

WOMEN'S INSTITUTE—The socials and entertainment held recently at Cambridge Hall and Murray River under the auspices of the Women's Institute of Peter's Road West School were highly satisfactory. The proceeds of both socials amounted to the sum of \$102. This money will be used under the direction of the Institute for needed improvements in the school. The women deserve much credit for the efforts put forth in this way to make the school comfortable, sanitary and better fitted to both teacher and pupils for the successful carrying out of the daily work. The women in turn also wish to thank those who took part in the socials—for aid in the program and for the various other offices and duties attended to in order that the above successful results were possible.

WORK ON HOTEL PREMISES—The final work in connection with the recently opened Canadian National Hotel is now in progress. The C. N. R. landscape gardener, Mr. W. Glass, Montreal, who arrived in the City several days ago, began work yesterday morning. Labourers are engaged in preparing the plot, before the main entrance for the sowing of grass seed. Mr. Glass expects to have a beautiful lawn surrounding the hotel by July. The present work will last about a week. Perennial shrubs and annual flowers will be planted around the foundation work. The lawn seed may not be sown for some time. The original soil, thoroughly fertilized, will form the seed bed. The birch trees on the premises will all be preserved to add to the effectiveness of the setting of the building.

Miss Louise Jenkins left this morning on a visit to her sister in Newport, Rhode Island.

The many friends of "Bud" Reardon, son of Councillor and Mrs. Reardon, will regret to learn that he

CHILD WELFARE AND SOCIAL SERVICE

Sir,—I notice in your issue of April 17th, in reporting the Social Service Council Conference that a report from a committee pointing out the necessity for a Bureau of Child and Family Welfare was received and a committee was appointed to look into the matter.

It must not be forgotten that we already have an organization, the Children's Aid Society, which has passed its twenty-first birthday in this Province and city, whose work it is to interest itself in all that pertains to neglected and delinquent children and is well able to cope with any situation which may arise along those lines. Its name, Children's Aid Society, shows that if a Child Welfare Bureau be established here, that our old reliable society for 21 years here in this city, is the one organization entitled to have charge of this Bureau.

I have been a member of the Children's Aid Society for several years and I strongly protest against the Social Service or any other organization usurping the work which rightfully belongs to us. A few years ago, the Social Service attempted this and at that time I voiced strong protest through the Guardian against their action calling their attention to the fact that we already had a society here for that purpose (to interest itself in children).

What the Children's Aid Society needs and needs badly is cash and the support of the people behind it, Bureau or no Bureau! If the Social Service takes over Child Welfare and have people report to them every now and then about it, what will happen to the Children's Aid Society?

Our society does not report to any other organization. We report to the public every year on our annual meeting and it looks to me now that when we meet at next annual meeting, we will find that our work will have been completely taken out of our hands by the Social Service, and the fact that we are of age having passed our 21st birthday in the city, will not be taken into account.

If we are to have a Child Welfare Bureau in this province, the Children's Aid Society is the organization entitled to it.

I am Sir, etc. M.

Cassie Trial At Summerside

(Special to the Guardian)

SUMMERSIDE, April 17.—The trial of Meddie Cassie, who was sent up to the Supreme Court on charge of unlawfully breaking and entering the store of Gallant and Gaudet on March thirteenth and stealing therefrom a quantity of goods at the preliminary hearing before Mr. John E. Campbell, J. P. on March seventeenth, was commenced under the Speedy Trials Act today before Judge Inman at the Court House, Summerside. The Attorney-General, Mr. Thane A. Campbell, K. C., and Mr. Morley M. Bell acted for the Crown and Mr. Heat-Strong, K. C., for the accused. Because of an objection of Counsel for the prisoners to the indictment, the Attorney General asked for an amendment to the indictment adding the words, the property of Gallant and Gaudet Ltd., also the word merchandise, with a description of articles stolen. This was allowed. The case then proceeded and evidence taken for the crown.

Mr. Cyrus Gallant, President of the Company was first called and gave evidence similar to that given at the preliminary hearing in which he stated that he had acquainted Inspector Miller with the fact that goods had been stolen from his store on the night of March thirteenth and that he suspected the prisoner as he had met him in the road the night before. He recognized him as a young lad who had been brought up at Egmout Bay. He came to Summerside this morning and pointed him out to Inspector Miller on Water Street. Miss Virginia Gallant gave testimony regarding the articles missing from the store on the morning of March 14th.

A resident of Urbanville testified that he gave a man a drink of water at his home about one a. m. when he knocked at the door and asked for a drink. He could not swear to it being the man in the dock. Another resident of Urbanville testified to seeing the prisoner board the eastbound train at Mascouche on the morning of March fourteenth. On Inspector Miller taking the stand and giving his evidence as to his questioning the prisoner, considerable argument arose as to whether the prisoner's statement to the officer was voluntary and on this account whether it was admissible as evidence. Mr. Miller's evidence showed that he had followed the prisoner into a hotel, and after asking him his name, had asked him to come with him to his office for questioning. Inspector Miller stated that he wore no uniform or badge nor did he state that he was a police officer or that the man was under arrest or why he was wanted, until they arrived at the Sheriff's office. He then told him who he was and gave him the customary warning before questioning him on the matter concerning the theft. Mr. Harvey, sheriff for Prince County was called to the stand and asked to give evidence as to what took place at the time of the questioning, but he stated that he did not remember very much about it. Shortly after five o'clock the case was adjourned until 11 o'clock Saturday morning.—S.
