# The HOOVER

It BEATS... as it Sweeps as it Cleans

## to an Appreciative Husband

Sometimes, especially in such a kindly season as Christmas always is, you probably reflect in mingled wonder and gratefulness upon the girl who cast her lot with yours.

Even as you read this page she is perhaps moving about the familiar rooms, carrying on the work that to her is not work because it is inspired by love.

If you are fair, you have a sense of the great treasure that is yours in her day-long and life-long service, in the offering laid so generously upon the shrine of her affection—her home.

Wouldn't you like, this Christmas, to give her something that should speak your thought of her, and that at the same time could lighten the endless round of daily labor she so willingly performs?

Almost any woman will tell you The Hoover is such a gift.

For The Hoover is more than a means to an ever-clean home; it is a way to ease, and leisure, and enjoyment, for the woman in that home.

It is a helper that electrically beats out from rug depths all nap-wearing, disease-laden grit, that sweeps up all surface litter, erases crushed nap, freshens colors, and cleans by air.

It does all these things in one easy, rapid, dustless operation, saving not only labor, but the rugs as well.

Give the woman who is your wife, or your mother, a Hoover this Christmas, and you give her one of the finest gifts a thoughtful man can choose.

Let us show you The Hoover—easy payments if desired

## Her Screen Career No Bar To Society

Lady Diana Manners Maintains Social Supremacy Despite Film Star Appearance

Published reports to the effect that Lady Diana Manners has lost her social supremacy in London as a result of her adopting a career as a film actress are absolutely incorrect.

Lady Diana retains her position as a leading spirit in the most aristocratic circles of London society, as well as in artistic and intellectual gatherings, where she is a distinct influence and personality.

When it was first announced that Lady Diana would become a professional cinema actress, there was much consternation in that exclusive set of London. The wife, where her parents, the Duke and Duchess of Rutland, exercise a potent influence, but after it was seen that Lady Diana had undertaken this work as a sincere artist, and that the photoplay, "The Glorious Adventure," produced in London by the pioneer American photoplay maker, J. Stuart Blackton, would be a magnificent film in colors, her most aristocratic intimates were won over.

To show that Lady Diana still holds her sway in the highest London circles, as well as with the royal family, it can be stated that she and her mother recently gave a larger musicale at their London house, at which Queen Mother Alexandra was the guest of honor. "The Glorious Adventure," the first all-color feature production ever made, is coming to the Strand Theatre next Monday, Xmas Day, under an Allied Producers and Distributors Corporation release.

## Orphanage Waifs Freeze Trying To Escape

MONTREAL, Dec. 22.—Waifs attempting to escape from the Montford Orphanage in the bitter cold of last Friday morning, two waifs, Roland Hebert and Gerard Cutler, each 12 years old, were frozen to death. News of the tragedy reached Montreal today.

It was learned that the two lads desirous of returning to Montreal, left the orphanage and set out towards the city, a distance of 50 miles. When their absence was discovered, a search party was formed and after many hours of searching in the foothills of the Laurentian Mountains, the bodies were found.

## Many Towns Destroyed In Turk-Greek War

GENEVA, Dec. 22.—Towns and villages over an area of 200 square kilometres in Anatolia were destroyed without apparent military necessity during the fighting between the Greeks and the Turkish Nationalists according to reports from representatives of the International Red Cross received at the headquarters here. One hundred and eighty thousand persons, mostly women and children are homeless and lacking proper food supplies, are digging the ground for herbs with which to sustain life. These people, existing in the utmost misery, face death from starvation and disease unless prompt aid is given by the Turkish Red Cross or some other well equipped relief organization.

## Premier Says Binet Slew Garneau Girl

QUEBEC, Dec. 22.—That Raoul Binet one of the men who was arrested for the murder of Blanche Garneau is the actual assassin, is the belief of Premier L.A. Taschereau. Hon. Mr. Taschereau was the principal witness this afternoon before the Royal Commission which is investigating all the circumstances surrounding the mysterious murder which has for more than two years agitated public opinion in all parts of the province.

"I believe Binet guilty," said the premier, "but I do not say he is guilty." There is quite a difference between saying one believes a man guilty and saying that he undoubtedly is guilty.

Hon. Mr. Taschereau swore that the attorney-general's department had done all that was possible to discover the murderers and that no person had ever been protected or shielded in connection with the crime.
