have pronounced Shiloh to be the safest, surest, quickest and best family cure for Colds and Coughs. Nothing has ever been found to take its place in the home. Try Shiloh and be cured, or say you were not and get your money back. Isn't this fair? Mrs. E. James, of Hibbing, Minn., says:—"There is no cure like Shiloh for Coughs, Colds, Croup, Sore Throat, Hoarseness, Bronchitis or Whooping Cough. My oldest son was almost choked. The doctors could not relieve him. He used two bottles of Shiloh and was completely cured. It has no equal." 30 4

AN Island lady at present in Boston writing home says: "I saw the great Sarah Bernhardt and never expect to see such wonderful work again, as no American actor is incapable of a play so realistic. Though sixty-two years of age, it never dawns on one but that she is about twenty-eight, her body is so well trained so supple and graceful, her voice so wondrously sweet and clear, every word so well enunciated, that sitting in the back of the Boston theatre one could hear distinctly every word. On closer inspection, about twenty feet from the stage on first floor, under powerful glasses she looks about twenty eight. The Boston Theatre with its three balconies packed, not even standing room left at 8 o'clock the last night in which she played "La Sorciere", at 11.30 the audience continued their enthusiastic applause and Madame Bernhardt ,undoubtedly wearied with the intensely dramatic work of two weeks afternoon and night, graciously responded to twenty curtain calls. If one had to do so, it would be well worth living on one meal a day for a week rather than miss hearing her."
