THIS WOMAN ESCAPED AN OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound. Many Others Have Done the Same.

Troy, N. Y.—"I suffered for more than seven months from a displacement and three doctors told me I would have to have an operation. I had dragging down pains, backache and headaches and could not do my housework. My sister who had been helped by Lydia E. Pinkham's Vegetable Compound asked me to try it. I have taken several bottles and am now entirely well—so I do all my work—and not a trace of my old trouble. I have told many of my friends what wonderful results they will get from its use."—Mrs. S. J. SEMLER, 1650 5th Ave., Troy, N. Y.

Women who are in Mrs. Semler's condition should not give up hope or submit to such an ordeal until they have given Lydia E. Pinkham's Vegetable Compound a trial. For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

DOMINION CORD TIRES The Supreme Achievement in Tire Building

To those owners of stately limousines and costly touring cars, who want the utmost in easy riding, safety and sustained speed—we recommend our supreme achievement in tire building—"DOMINION CORD" TIRES.

The key principle of its construction is this—Tens of thousands of slender sinewy cords in many compact layers—each cord and each layer laid parallel one to another and each imbedded in pure rubber so they cannot touch—each separate cord and layer bringing its individual strength to the tremendous sum-total of power and resistance.

This construction makes a tire-structure and tire-wall so yielding and resilient as to absorb the shock of many road obstructions. There is the luxury of easy riding—a greater assurance of safety, and freedom of puncture and blow-out—the luxury of fine appointment—and finally the luxury of possessing the utmost in equipment, the finest tires in the world.

Built in the same Canadian factory, by Canadian workmen, who make "NOBBY", "CHAIN", "DOMINION", "GROOVED", "PLAIN" TIRES "DOMINION" Tires are GOOD Tires

IN MEMORIAM PETER J. WALSH

The death occurred at the home of his uncle and aunt, Mr. and Mrs. Jas. Hynes on May 8th, of Peter J. Walsh, son of Michael Walsh, Little River, at the early age of 27 years. The deceased had been in failing health for the past few years and everything that loving hands and tender nursing could do for him was of no avail. He slowly but surely seemed to be sinking until his pure soul took its flight to his Heavenly Home, which he had been preparing for himself during his short sojourn here on earth. Seldom indeed could you find a young man possessing such excellent qualities. He leaves to mourn besides his grief-stricken uncle and aunt, his father and mother, one sister, Mrs. T. O'Connor, Malden, Mass., one brother, Jack, U. S.; also two half-sisters and one brother residing with his father. During his illness he was strengthened and consoled by the visits of his pastor, Rev. Father McQuaid, who administered to him the last sacraments of the R. C. church, of which he was a most devoted member. His funeral took place Saturday, May 11th, to St. Dunstan's Cathedral, where high mass was celebrated by Rev. Father Mc-

Quaid. His pall bearers were Angus McEachern, Willie King, Edmund Handrahan, Leo Currie, Frank Hogan and Lucius Hughes. To his sorrowing uncle and aunt, father and mother, sister and brother, is extended heartfelt sympathy. May his soul rest in peace.

STEALS CAR AND KIDNAPS OFFICIAL

PATERSON, N. J., May 15.—A young woman took the automobile of Mrs. Adelaide Watt, of River Edge, after pretending to arrest the owner and inducing her to part with her driving license card, and when City Treasurer Harry Corwin, of Paterson, attempted to recover the car by leaping to the running board the woman sped away swiftly and carried him along a prisoner. Mrs. Watt was at luncheon this afternoon in a Hamilton street restaurant when a boy she had left in charge of the car told her of the circumstance. A girl was at the steering wheel when Mrs. Watt emerged from the restaurant. "You are under arrest," announced the young woman when Mrs. Watt sought to question her. "Some with me to the City Hall," Mrs. Watt, supposing the girl had something to do with the traffic regulations, accompanied her to the City Hall, where she was told to alight and report at the

police station. Then the girl in the car obtained from Mrs. Watt her license card. The first person Mrs. Watt met when she had moved out of sight of her car was Treasurer Corwin. He told Mrs. Watt that the girl in the car was not a policewoman. Corwin ran out of his office and managed to reach the running board and held on as the girl put on full speed. She laughed at his orders to stop. "I guess all you can do will be to look after yourself for the present," shouted the girl as the car raced along more speedily. Finally other cars checked the speed and Corwin managed to alight. Corwin tooted his police whistle, which brought policemen and a sheriff. They commandeered a passing auto and pursued the woman-fer-five miles. At the foot of a hill the girl jammed the engine and stalled the machine.

While preparing to take the girl back to Paterson she freed herself and jumped upon the board of a passing auto, but the owner of this car stopped and turned the girl over to her captors. The prisoner described herself as Gertrude Quigg, 8 Nelson street, Jersey City. This was found to be the site of St. Anne's church. Miss Quigg sent for an attorney and declined to say anything further. She will be arraigned on a charge of grand larceny.
