

THE CUP that cheers but not inebriates. The famous Dominion Blend Tea (REGISTERED) Get this brand from your grocer. Accept no substitute.

Get Rid of Scrofula Bunches, eruptions, inflammations, soreness of the eyelids and ears, diseases of the bones, rickets, dyspepsia, catarrh, wasting, are only some of the troubles it causes. It is a very active evil, making havoc of the whole system. Hood's Sarsaparilla Eradicates it, cures all its manifestations, and builds up the whole system. Accept no substitute.

THE QUEEN'S COUNTY GUARDIAN

Head Office in New Prowse Block—Charlottetown.

ROBERT MURCH, Cherry Valley, is visiting friends at Millview.

JOHN TWEDDY, Earncliffe, was in the city Friday and reports the ice in excellent condition.

MISS MABEL MULLOW, Mill View, is visiting at Victoria Cross, the guest of Mrs. Fanny Reid.

JOHN AND MRS. McLEOD, Orwell, are visiting at Mt. Albion, the guests of W. J. and Mrs. McEshern.

PATRICK McALLEN, convicted of second offence against the Prohibition Act, has been committed to jail.

MISS MARY HUNTLEY, Vernon River Bridge, is visiting at Earncliffe the guest of Miss Annie Tweedy.

MISS ISABEL McLEOD who has been spending a short while with her uncle and aunt, Digswell and Mrs. Jenkins, has returned to her home in Orwell.

DIGSWELL and Mrs. Jenkins, Vernon River Bridge, entertained at their home, on Wednesday last, quite a number of their friends from Alexandria and Earncliffe. Colwill Wood gave some choice selections on the phonograph which were enjoyed by all. At an appropriate hour the guests departed thanking Mr. and Mrs. Jenkins for the pleasant evening they had spent.

A MEETING of the Lota 7-28 Institute was held in Middleford Hall, Feb. 15th. Pres. G. W. Cameron presided and opened the session about 8 p.m. The secretary read the topic for discussion viz. The Dairy Industry depends upon (1) The amount of milk produced; (2) The quality of the butter and cheese made from the milk; (3) The marketing of the butter and cheese. The prices for butter and cheese are excellent and the quality is good. Can anything be done to increase the supply of milk? John Craig who was the first speaker gave a very interesting and practical address in which he gave some facts and figures showing what his own dairy had done during the past year. A. S. Wright said all ought to derive much benefit from the statement that Mr. Craig had just given, and claimed that every farmer should know what the milk produced costs him, and also that it was from the extra feed given to milk cows the most profit was received. Chas. Craig said the most important question was: can anything be done to increase the supply of milk? He thought if the cows began to milk in April and continued for 9 months, and were given plenty of green feed, such as oats and peas when the grass got short; followed by the same cured like hay and fed in the fall and early winter months, it was better than growing so many turnips and feeding them for winter milk. James Lea said he found that turnips gave him the best results. The pres. thought that turnips were a very profitable crop on account of the quantity and quality of the manure made, while feeding them to the stock. He did not think it paid to feed winter milk. Chas. Craig maintained that if the farmers would keep less cows and feed them better, they would produce more milk with far less labor. John Craig claimed that he made more out of the winter milk than he did from the summer; and also there was more in the feed the cows received than in their feed for producing a large flow of milk. David Rogers on being asked to speak said it was very interesting to him to listen to the discussion. He thought it required some time to bring a cow up to her full capacity in producing milk. In regard to turnips he was very much in favor of them as a food for cows. Lewis Tremblay wanted to know which was the best time for the cows to begin to milk, spring or fall? There was quite a difference of opinion in regard to this matter, and he would like to hear it thoroughly discussed. W. C. Lea gave the experience of his own W. M. Lea, who has the most of his cows coming in fresh during the fall months. He contends that they produce more milk in the year than if they began in the spring. He also gave the results obtained by Howard Clark in feeding grain to increase the flow of milk. The extra amount got by feeding about 4 lbs. to each cow per day, gave him 2 cts. per lb for all the grain fed. Mr. Lea also said if the farmers would keep the Holstein breed of cattle it would increase the flow of milk very much. The Secretary read a letter from the Secretary of the Dank River Institute stating that they had passed a resolution, that a petition be presented to the Legislature asking them to prevent the running of automobiles on the country roads. The following was then read by the Secretary: Resolved that this Institute circulate a petition for signatures, to be presented to our Legislature praying them to pass an Act prohibiting the running of Automobiles on our country roads. After a full discussion, this was passed unanimously. This closed a very interesting and profitable meeting. J. E. Howatt Secretary.

THE funeral of the late Gordon A. Duckendorf will take place Friday afternoon at two o'clock from his late residence, North River.

DR. Andrew McPhail recently entertained at dinner last week in Montreal at the Mount Royal Club in honor of Miss Dorothy Brown. The guests included Mr. and Mrs. Fayette Brown, and Sir James Blanehard of Charlottetown.

THE change of weather resulted in the winter steamers yesterday being able to make trips to and from the mainland. The Stanley arrived in Georgetown from Pictou at 1.45 p.m. with 53 passengers, 100 bags mail and 17 cars way freight. Among the passengers were H. B. Brown and wife, New Glasgow; R. A. Taylor and wife, O'Leary; R. A. Craster, Winnipeg; W. B. Bownes, Major Schurman, Sumner side; Harry Brine and E. H. McEachern, Charlottetown. The Minto arrived in Pictou from Georgetown at 10 a.m.

OVER one hundred new books have been added to the Y.M.C.A. Library, and will be ready for circulation this afternoon. Among them are thirty-five Henty books, which will delight the boys. Some of the other books are The Doctor, The Jungle, Confusion, Wilderness Cry, Young Men's Questions, Quest of Happiness, American Anthology, Japan, Old Fashioned Girl, and many other popular novels and books of poetry. This will bring the Y.M.C.A. Library up to over eleven hundred volumes and will make it even more popular than heretofore.

A MEMORIAL service in commemoration of the death of brothers Egges and Taylor who gave up their lives for their country on the field of Paardeberg will be held in St. James' Church on Sunday morning next. The members of the different congregations who took part in the war will attend. The Military will meet in the school room at 7.00. At the conclusion of the service in the church, the members of the South African Association will parade to the monument in the square, where a short ceremony will be held, in which the massed choirs of the different churches will assist under the leadership of Prof. Watts. The Rev. T. P. Fullerton will be the officiating clergyman.

THE death of Henry M. Hunter occurred at Toronto Junction, Ont., on Thursday last. Deceased was for many years a resident of St. John, and many friends there and in various parts of the province will hear of his death with regret. Mr. Hunter was in the employ of the I. C. H. for fifty years, twenty-five years of his time being spent in Moncton. He is survived by his wife and five sons: S. C. Hunter, of Manchester; Robertson Allison, Det.; Joseph, in Boston; John, engineer of the P. E. I. Railway, who resides in Charlottetown; Robert, of the Chicago and Great Western Railroad; Harry, with the C. P. R. at Toronto; and Herbert, of the King Edward Hotel staff at Toronto. The late Henry M. Hunter was for three years foreman car builder in Charlottetown for Schreiber & Burger, Contractors, when they built the P. E. I. Railway. At a subsequent period the deceased also was for a time a resident of this City. His son, John E. Hunter, entered the service at the completion of the line as a locomotive engineer, and has remained in that capacity up to the present time.

HATS

First New Hats in the City

In Boston there is no hat so popular as the Boston Derby.

The young men will wear no other hat.

We have just received the 1907 model

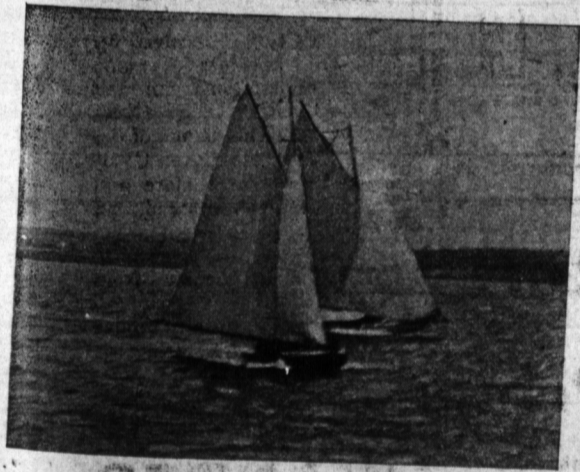

Boston Derby

and it is all that Bostonians claim it to be.

The young men's favorite.
