### LIONS ESCAPED.

SOUTH NORWALK, Conn., September 3—Hundreds of persons stampeded in a wild panic at Sant Elle's circus yesterday afternoon when two lions broke from their cages simultaneously at feeding time, bowled over their keepers, and jumped, roaring, into the exhibition tents. Spectators knocked one another down in their mad scramble to safety, and several persons were trampled upon.

The lions paid no attention to the spectators. After killing two ponies, one of the lions attacked a camel and tore a shoulder and then drew off for another spring when an elephant seeing the attack, swung his trunk on the lion so viciously that he was thrown fifteen feet.

The lion then turned on the elephant but the latter attacked him and broke his jaw. The second lion was lassoed.

### SOCIETY MUST BE REMODELED.

TORONTO, Sept. 4— Society must be remodeled upon a new basis, and the church must take up the task of fostering the brotherhood of man, according to Rev. W. B. Caswell, who in his sermon at Parkdale Methodist Church, declared that. "We are on the verge of the worst of calamities—that of a democracy which has lost faith in God." Socialism, labor union and other systems had attempted and failed to apply the remedy for the present unrest, he said, but the only solution to the problem was the church.

The rapid spread of wealth among the masses, the recent industrial discoveries, the ostentatious extravagance of the rich and the amalgamation of labor interests all produced an unrest in society which now confronted the Christian church as a gigantic task demanding its efforts. The solution lay in fostering the brotherhood of man, and if the church failed in this, it failed in its purpose.

The spirit of love was lacking in the present age, he said, and without this law and government were futile agencies for relief. One of the chief reasons for the distorted state of society was that the men were selfish. People believed that the world existed for their pleasure, he declared, and as long as this idea prevailed there could be no advancement. All a man had any claim to was the right to be loved, but modesty of this nature was almost totally lacking.

### BORN

WRIGHT—At Carleton on Sept. 4, to Alder and Mrs. Wright a son. Congratulations. J.

HOGG—At Kelvin, Thursday, Sept. 5, 1912, to Bert and Mrs. Hogg, a daughter.

Ernest Sellars, Charlottetown, was a passenger on the express last night, returning from St. John.

Yesterday the Northumberland arrived at Pictou from Charlottetown at 12.05 p.m. She left again at 4.50 p. m. with passengers, express, mail and freight, and arrived at 8.20 p.m. She leaves today at 8.20 a. m. for Pictou returning at night.

The lecture in the Charlottetown Baptist Church last night by Rev. Alfred Hall, Durban, S. A., was well attended, Rev. Mr. Fash presiding happily. The opening organ number by Miss Earle, the gifted organist, was pleasing and the entire audience rose at its conclusion and sang the Old Hundred. The lecture was one of appealing interest and his vivid and graphic descriptions, war and travel experiences, etc, were fully enjoyed. In an intermission Mr. Tucker, who was in fine voice, sang "The Englishman." At the close a hearty vote of thanks was tendered the lecturer, moved by T. C. James, seconded by Hon. Mr. McKinnon and happily responded to by the speaker. After singing the National Anthem the gathering dispersed, well pleased with the evenings treat.

### 14,000 RAILWAY EMPLOYEES TO STRIKE.

CHICAGO, Sept. 4—Members of the joint committee of the street railway employes today served notice on the railway companies that they must agree to a single arbitration board for the various companies within twenty-four hours or all negotiations would be broken off and a strike of 14,000 men ordered.

### INSANITY PLEA A LAST RESOURCE

BOSTON, Sept. 4—General Charles W. Bartlett, senior counsel for Chester S. Jordan, the Somerville, wife slayer, has returned from Europe and the fight for the life of the former actor is now on in earnest.

Jordan has been condemned to die during the week beginning Sunday Sept 22, in the electric chair at Charlestown Prison, for the murder of his wife, Honora, in their flat at Somerville on Sept 1., 1908.

His case has gone through every court until an adverse decision was recently rendered by the United States Supreme Court, which denied him a new trial. Now his only recourse lies with the governor and council. His mother has made a personal appeal to Governor Foss and will appear before the executive council if permitted. His counsel are to petition the governor for commutation of sentence to life imprisonment on the ground of insanity.

### ALASKA COAL GRAB DEFEATED.

WASHINGTON, Sept. 4—The final cancellation as illegal of the Cunningham coal land claims, around which raged the Ballinger-Pinchot controversy concerning the exploitation and conservation of Alaskan lands, now makes it necessary for Congress to enact legislation and adopt a policy for the development of coal mines located on Alaskan public lands. Practically all of these Alaskan coal lands have been withdrawn from entry by prospectors, pending action by Congress.

### YOUTH SENTENCED FOR STEALING.

QUEBEC, Sept. 5—Tuesday afternoon a youth, 17 years of age, giving the name of Emile Edmond, was sentenced in the Court of Sessions to three years imprisonment for stealing money in the Atchbishop's Palace.

It appears that the prisoner once worked in the palace, and was detected by one of the clergy pilfering in the building. He was then discharged with a warning. Tuesday he returned and procured the keys of some private drawers and took from them the sum of $51.

When the robbery was discovered the prisoner was arrested and when searched $25.70 of the money was found in his possession. He was taken before the Court and on conviction was sentenced to three years. The accused comes from the County of Portneu.

### YOUTH RESCUES DROWNING MAN.

ATLANTIC CITY, Sept. 4—An 18 year old youth shamed 1,000 men and by his heroism averted a tragedy Even after the lad had shown the men the way, not one would follow him to iaid in what was the most spectacular rescue from drowning at the resort this season. J. B. Meriz and Frank Link of Reading, Pa., about fifty feet from the shore were caught in the powerful offset of the tide. Penny and Parker, life guards, had a boat bobbing over the breakers in a jiffy, but a comber capsized the craft. Parker started for Mertz. No one would help Penny start out again in the boat until John T. Crosson of Germantown, Pa., came. They rescued the drowning man and Parker at the peril of their lives.

### BECKER'S TRIAL.

NEW YORK, Sept. 5—On the application of District Attorney Whitman the case of police Lieut. Chas. Becker, charged with the murder of Herman Rosenthal, was transferred today from the court of general sessions to the criminal branch of the Supreme Court before Justice John W. Goff, sitting in extraordinary term. Justice Goff Granted the application, agreeing not only that Becker should be tried before him, but that he should plead to the indictment before him.

Becker was not in court when these formalities were dispensed with. It was announced that he would be arraigned late for pleading. Mr. Whitman also obtained from Justice Goff authority to examine the grand jurors who are to sit during the extraordinary terms in connection with the John Doe proceedings into police graft. He made this request in view of recent disclosures that a number of men on the panel had really holdings used by gambling establishments and disorderly houses. The prosecutor desires an absolutely uninterested set of men before proceeding with his investigation.

Becker was arraigned before Justice Goff for pleading shortly before 11 o'clock, but still refused to plead on his counsels advice that the indictment had been "improperly and illegally found."

By direction of Justice Goff a "not guilty," was entered for the prisoner.

Counsel for Becker protested that he was not ready to go on with the trial and insisted that he needed a week at the least for further preparation. Justice Goff quickly overruled four motions brought by Mr. McIntyre to obtain a delay and at Mr. Whitman's request set the trial for Thursday, September 12.

To the surprise of all Becker's lawyer did not ask for a change of venue. He requested, however, that the trial be set for some time about the middle of October, when the "present hysteria and clamor" should have subsided. This was necessary, he said, in order that his client might have a fair and impartial trial.

Becker came into the court nonchalantly and pleasantly greeted several friends. He stood erect with his arms resting on the railing before the bar and followed the proceedings closely.

### THE ALLEN CASE.

WYTHEVILLE, Va., Sept. 4—The case of Victor Allen, one of the mountain outlaws charged with complicity in the Hillsville Courthouse murders last March, was called for trial today. Victor Allen is the last to be tried of those taken into custody for the murders. Floyd and Claude Allen, father and son, are under death sentences. Friel Allen, has been sentenced to eighteen years' imprisonment and Sidna Edwards to fifteen years. Sidna Allen and Wesley Edwards, the alleged ringleaders in the raid on the courthouse which killed six people, are still at large.

### NEW MATRIMONIAL RECORD MADE.

FORT SMITH, Sept. 4—A new matrimonial record in Arkansas was made when Lewis and Mrs. Clark announced that their four daughters were married to four young planters by the same service at the Clark country place near Ozark. The quadruple ceremony united:

Miss Clark, 22, to Taylor McCain, 21.

Miss Samala Clark, 15, to Thomas Welch, 22.

Miss Josie Clark, 17, to George Powell, 20.

Miss Gladys Clark, 19, to A. H. Williams, 23.

The brides and bridegrooms, after attending the wedding supper, spent Monday night at the Clark residence and Tuesday went to their several homes, newly built in the same community.

### SOLDIERS GUARDING PRISON.

JACKSON, Mich., Sept. 4— Five companies of National Guardsmen, ready to shoot to kill upon order, today form a tightly drawn line about the State Penitentiary. They will be held here until the last vestige of disorder resulting from the rioting of fifty convicts has disappeared. The fifty nmen are locked up in the heart of the prison, many of them being chained to their cells.

The Guardian ever realizes its obligation to furnish its readers with the latest and best news service obtainable, and to give to its advertisers the largest and most valuable circulation possible.

The Guardian is now but issuing two dailies, one in the morning and the other in the afternoon, as it has been doing for years, but since July first its afternoon paper contains its own day's news in addition to that of The Morning Guardian, or, in other words, the news of the twenty-four hours immediately before it goes to press. The Morning Guardian occupies a similar position.

### EVENING DAILY.

All advertisers in The Evening Guardian now have the benefit of its large and rapidly increasing Charlottetown circulation in addition to its regular unequalled sworn country circulation of 3,142 copies.

Morning Guardian advertisers are enjoying a very decided increase in its Charlottetown circulation since July first, in addition to its already unprecedented sworn circulation of 3,972 copies throughout the Province.

Business firms cover Prince Edward Island by using The Morning Guardian and The Evening Guardian.

### UNITED STATES AN INCENTIVE TO CANADA

TORONTO, Sept. 3—The foremost case of Canada's wonderful industrial development and commercial greatness today is the incentive of the great nation alongside, which continually spurs her on to exert her best, said W. J. Laite managing editor of the South African Commerce and Manufacturers' Record.

Mr. Laite is in this country armed with credentials from the Union Government of South Africa, studying Canadian tariff conditions so far as they affect industrial development, commercial expansion and agricultural extension, with a view to collecting data to put before his Government to guide them in determining tne new tariff which is to be imposed to foster the establishment of industries in the sister union.

Mr. Laite has already visited Great Britain and Germany and will investigate conditions in the United States, finishing his tour of the Anglo-Saxon countries of the world by a trip to Australia.

At the present time he considers the tariff of the German Empire most suited to South Africa, if altered to cope with local conditions.

### LANCASTER MARRIAGE BILL WILL NOT WALK.

OTTAWA, Sept. 5—It is firmly believed here that the ghost of the Lancaster Marriage bill will not walk the coming session in the Green Chamber. The general feeling is that it has been effectively laid by the decision of the privy council.

Though there was some rumor of a movement to amend the British North American Act at the next session, it is considered very improbable that the author of the bill at least, will be sponsor for any such resolution. It is stated on good authority that * E. A. Lancaster has abandoned any idea he may have entertained as to the amending of the constitution. Any amendment to the British North American Act must be made with the approval of the Imperial authorities. Since the B. N. A. is the basis of Confederation, Parliament would never, it is contended, consent to the submission of an amendment to the Imperial authorities when any one province of the Dominion is opposed to it.

Hon. J. C. Doherty, who has just returned from England, declares that the hands of Parliament have been tied by the privy council decision. There is no power to enact a universal marriage bill, while the Quebec law has been uintimated to be the province's own affair.

Should the Herbert case go to the privy council and be determined upholding the judgment of Mr. Justice Charbonneau, the entire cause of all the agitation should, it is considered be effectively elimated.

More Money for the Small Dealers

The big man isn't big in spite of the telephone—it's because of it, to a certain extent.

If you're satisfied with the profits your great-grandfather made, if you just want to eke out a bare existence from your business, if more business don't look good to you---well, a phone will be just in the way---a bothersome ornament.

But, mark it down plain, if you want more business, a larger and better class of customers, straight tips on all the markets, the most profitable of inside information and the respect of your customers and envy of your competitors---in sho t if you want success---you'll see what we can do for you, and you won't waste time over it either.

The phone will bring you business---it will prove its worth in better returns, in actual additional cash in your till.

Let Contract Dept. prove these facts to you.
