**Committees Will Call on Citizens Today.**

In the campaign for public aid in rebuilding the grand stand at the Athletic Grounds a few points must be emphasized.

- (1) This is the FIRST TIME that the Abegweit Association has approached the public for liberal assistance.
- (2) The Athletic Association has to purchase the Athletic grounds, otherwise they will pass to farming interests.
- (3) This latter endeavor is about as heavy a financial burden as the Association can carry.
- (4) This campaign is the result of a crisis—a MATTER OF LIFE OR DEATH to athletics in this province.
- (5) The Athletic prominence given by Island athletics to this province has been the greatest advertisement afforded by any single institution.
- (6) Committees have been appointed to call upon the citizens today. The most liberal generosity is sought in view of the critical situation. If the citizens are really convinced that the continuance of the great athletic gatherings of past years is desirable, then they will be pleased to forward the movement.
