OUR MR. WRIGHT

secured when recently in the west 30 pieces of well-seasoned Linoleum and Floor Oil Cloth away below the manufacturer's first cost.

We received these goods yesterday, and will sell the entire lot at 1-3 off regular retail prices—2,000 yards in the lot. The patterns are first class. This was a lucky purchase for us, and we gladly share our good luck with our customers.

ABOUT POETRY AND POETS.

(Contributed)

This world is full of poetry. The heavens above us, the earth around us, and all nature abound with the most beautiful poetry, and the one who sees this beauty and gives it adequate expression is the true poet.

The poet is described as "God's prophet of the beautiful" and "poetry is in itself a thing of God. He made his prophets poets and the more we feel of poesis do we become like God in love and power."

essarily be rhyme or verse, but all true poetry will have a harmonious flow of language, and a rhythm not found in ordinary prose.

Although metrical verse does not constitute one of the essentials of poetry it often heightens its effect and increases its charm.

That murmurs of the far-off murmuring sea;

A precious jewel carved most curiously; It is a little picture painted well.

From a great poet's hidden ecstasy A two-edged sword, a star, a song, ah me, Sometimes the heavy tolling funeral bell.

While the majority are able to appreciate poetic actions and scenes, and to dimly see and recognize the poetry that is all around them, the comparatively few have been able to express their feelings in words and to give to others as clear a view of true poetry as they themselves possess.

Doth glance from heaven to earth, from earth to heaven And as imagination bodies forth The forms of things unknown the poet's pen Turns them to shape and gives to airy nothing A local habitation and a name."

BABY'S OWN TABLETS.

For Weak Sickly Children During the Hot Weather Months.

Thousands of infants and children die through the hot weather months, because summer complaints and stomach troubles come suddenly, and mothers do not have the means at hand to promptly check and cure them.
