ON SALE TO-DAY AT 9 A.M.

A Great Bargain Purchase of WRAPPERS

Actual Values **98c.**
\$1.35 to \$1.90

BARGAIN purchase like this one is something of a rarity. Staple, salable articles like wrappers are seldom to be secured at less than actual value. In this case the unexpected happened and we secured the lot—some 175 garments at our own figure.

We place them on sale this morning at 9 a. m. Come prepared to purchase two or three—for these are such good bargains we don't believe you'll be able to resist.

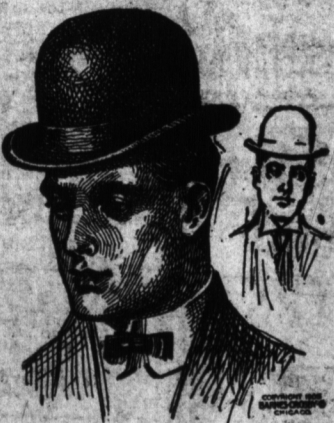

The wrappers are thoroughly well made—a feature which influenced us strongly when buying them. As regards colorings they are particularly well assorted in dark shades, pretty garnet, cardinal and navy effects being strongly in evidence. There are a number of effective styles—all have deep fineness—wide sweep of skirt—and are finished most attractively. The fabrics of which they are made consist of hard and soft finished wrapperettes of good quality which as a rule wear well and wash satisfactorily.

Actual values \$1.35 to \$1.90 with most in the better grades. There are all sizes.

IF YOU CAN'T COME ORDER BY MAIL

Don't miss the bargain merely because of inability to shop in person. ORDER BY MAIL. We will fill your order satisfactorily and should you not be entirely satisfied we will return your money. When ordering, state size of bust measurement, and give us an idea as to coloring desired. Ten cents should be added for postage.

Head Offices in New Prowse Block—Charlottetown.

MISS MARY BLEZARD left yesterday for Boston.

THE S. S. City of Ghent left this port on Saturday for Halifax, with a large general cargo, principally produce.

H. W. TANTON and Heath Strong, who have been taking law examination in this city, left yesterday morning for their homes in Summerside.

J. A. S. BAYNE has on exhibition in his show case some fine photographs of the steamer Turret Bell, which was stranded during the recent storm at Cable Head.

THE S. S. Campana from Montreal arrived in port yesterday morning. She had a large cargo of miscellaneous merchandise. She sailed on return last evening taking a heavy freight.

On Sunday evening in St. James' Church, Rev. T. F. Fullerton made a most eloquent reference to the recent shipwrecks, and applauded the splendid bravery and heroism shown by those people who were active in rescuing and alleviating the sufferings of the shipwrecked seamen.

The latest issue of the Canadian Pictorial to hand amply bears out the excellent promise of the first two numbers. It is carrying out in an admirable manner its aim to portray things of real interest to Canadians, and the illustrations are a refreshment and pleasure to anyone interested in this great Dominion.

CAPTAIN LAWRENCE KICKHAM has returned to his home in North Vancouver, after an absence of six years in Southern California.—Vancouver World. Captain Kickham is well known here. He formerly sailed Pease Bros. & Co's vessels. Mrs. Kickham, their only son Tom, and their daughter, Rosina—Mrs. Dr. Burke, now reside in the city of Vancouver.

ACORRESPONDENT writes: "It is a pity that the methods of farmers in killing their pork at once, and thus glutting the market and lowering the price should be persisted in. Pork is shorter than the demand. There should be no slump in prices, and if the pigs were slaughtered gradually there is no doubt but the outside price paid would be maintained. Pork is scarce, it is true, but this should not produce panic."

CAPT. FARQUHAR, of Halifax, who had been over in connection with the wrecked steamer Turret Bell, left yesterday on return. Photographs taken by Mr. Bayer show the fortunate situation in which the steamer was placed after she had been blown over the bar at Cable Head. Her apparently comfortable position, though high and fast around, affords a striking comparison with the fate which befell the unfortunate Sovinto.

ALL kinds of fresh fish are handled by B. D. Luce & Co., Inc., successors to F. G. Keeney & Co., 149 Fulton Market (Beekman Street side) New York. They are wholesale dealers in and handlers of all kinds of fresh fish and are in a position to look well after all consignments, having a freezer on the premises, thus enabling them to handle large quantities of fish at any time. Those who have business in this line are reminded that it would be well to write them.

THE many shippers of fresh and frozen fish in this Province should ever remember that reliable firm of Geo. T. Moon Co., Fulton Fish Market, New York. Their business has been in existence for seventy-two years. Mr. Moon himself being connected therewith for twenty-six years. Alert and industrious, honest and prompt in all their dealings, it is not to be wondered at that the firm receives so many shipments of smelts and eels, for they always give satisfaction. They will be delighted to reply quickly to all correspondence. Their announcement will appear in this issue in a few days.

On the 7th inst., a quiet and pretty wedding took place at Ft. Pleasant, at the residence of the bride's parents, Capt. and Mrs. Alexander Jackson, when their youngest daughter, Miss Minnie Olla Jackson, was united in marriage to William Ralph Cameron Beers late of Sydney, C. B. The bride was beautifully attired in a gown of pale blue crepe de chene trimmed with lace, and corsage bouquet of white chrysanthemums and was attended by Miss Katie M. McLean. The room was supported by John McLean. The ceremony was performed by Rev. R. H. Bishop, in the presence of the bride's parents and other near friends. The wedding presents given by the many friends of the bride were useful and beautiful. Program of vocal and instrumental music passed the evening at the end of which the guests partook of supper and after many congratulations the company departed. The young couple will reside at their beautiful home at Ft. Pleasant.

GEORGE MACDONALD, of the Royal Bank of Canada, Halifax, is spending his holidays in this city.

WHILE Mr. Heats was on his recent trip to his ranch at High River, Alberta, he spent some time at Regina, listening up the estate of the late Barrett Henderson and arranging matters for the forthcoming trial of Gilbert the man who shot and killed Henderson.

PRINCE Edward Island shippers desire of securing highest prices for their shipments of smelts, eels, and fresh and frozen fish should write to the New York Fish Co., 15 Fulton Market, New York, wholesale commission dealers and shippers, whose ad appears in this issue. Long experience in the fish business has made this firm one of the leaders and shippers should feel assured of prompt and satisfactory business dealings.

Among the thousands who read The Guardian there is no one who appreciates it more than George Carter of Carter & Son, Richmond Hill, New York. The firm entered the business field as grocers and fruiterers in the above suburb a little over three years ago, and with that pluck natural to all Prince Edward Islanders they have gradually increased their trade until they have one of the best businesses, considering surroundings, to be found anywhere. They began in a small way moving into larger quarters from time to time as necessary, and they are now in one of the best locations at 3300 Junction Avenue, Richmond Hill with Phone 85-W, that can be found. Heber Carter is associated with his father, and with them is William Murphy, son of Matthew Murphy of this city, who went to New York about two months ago, as well as other help. It requires two up-to-date delivery teams to serve the firm's large patronage, which it will no doubt be necessary to increase shortly as Richmond Hill is growing very rapidly, scores of buildings being in course of erection all the time. Mrs. Carter and family, who joined their husband and father recently, are quite interested in their new home.

VERY PREVALENT IN YOUNG WOMEN.

A Condition of "White-Bloodedness" is Fast Increasing.

It is always associated with languor and sensitiveness to cold. All the mucous surfaces, such as the gums, lips and eyelids, are blanched and waxy looking, the skin is pale and colorless.

The pulse becomes rapid and feeble; there is also loss of appetite and enfeebled digestion, palpitation of the heart, breathlessness and a tendency to faint. In extreme cases there is complete disappearance of the menstrual flow and dropsical swelling of the limbs.

Physicians know of no remedy so prompt in results as Ferruzone, which contains all the elements lacking in debilitated blood.

Ferruzone not only improves the present quality of the blood, but actually forms more blood—the rich, red kind that nourishes and feeds the organs that require assistance.

"About a year ago," writes Mrs. S. G. Stanhope, of Roxbury, "my daughter complained of feeling tired. She was very pale and listless, and kept losing strength until too weak to attend school. "We read of a similar case that of Miss Descent, Stirling, Ont., being cured by Ferruzone, and this induced us to get it for Elaine. It took three boxes of Ferruzone to make any decided improvement, but when six boxes were used my daughter was beginning to be her old self again. It didn't take much longer to make a complete cure. It has made a new girl of Elaine. She has gained ten pounds in weight and looks the picture of perfect health. She is stronger and enjoys the best of spirits."

Every growing girl and young woman can make herself secure and healthy with Ferruzone. Price 50c per box, or six for \$2.50, at all dealers.
