MAGISTRATE'S COURT—A man charged with unlawful possession of stolen goods came before Magistrate Donald MacKinnon yesterday afternoon for preliminary hearing. The charge was dismissed. A man charged with unlawful possession of intoxicating liquor was fined \$200 and costs or three months, and three men charged with the unlawful consumption of intoxicating liquor were each fined ten dollars and costs.

Mr. Robert Hurry, City has entered the P. E. I. Hospital for examination.

Season's Initial Potato Carload

WOODSTOCK, Sept. 1—The first carload of potatoes to be shipped from the Woodstock area this season went forward yesterday. The car was shipped to the Ontario market which has been taking practically all the early shipments from this part of the country, no considerable market as yet having developed in Quebec, which was the only large consuming centre New Brunswick stock had last season.

The shipment consisted of Irish cobbles, no Green Mountains having been dug locally as yet. Most of the Woodstock shippers now have their office open and report a fair amount of inquiry being received. The market has been quiet during the last day or two with early shipments more than sufficient to meet the existing demand, which is kept low by the large quantities of garden produce still available.

Prices to the farmer here are \$1.26 a barrel, although as high as \$1.50 was being paid yesterday by shippers anxious to complete contract orders. Digging has been light with farmers busy at their harvest and in many cases attending the fall fair here.

Growers are being urged to regulate their shipments carefully so as not to glut the market. Prospects for a good market for all available supplies continue excellent, with the United States crop estimates the lowest in many years, and a further reduction expected when the report for August is made. The Maine market is reported quiet with prices ranging from \$2 to \$2.25 and higher amounts being paid in a few instances.

Markets Closed Labor Day

(Canadian Press) TORONTO, Sept. 1—All stocks and commodity markets in Canada and the leading stock and commodity markets in the United States will be closed tomorrow and Monday. Tomorrow's closing will wind-up the summer Saturday holidays and Saturday market sessions will be resumed Sept. 9. The Monday holiday will mark the annual Labor Day observance.

Alberta Deficit

(Canadian Press) EDMONTON, Sept. 1—Alberta's deficit for the fiscal year ended March 31, 1933, amounted to \$2,107,512 after \$759,802 had been set aside for sinking fund purposes. Hon. George Hoadley, Acting Premier, announced today.

Western Canada Wheat Yield

(Canadian Press) WINNIPEG, Sept. 1—A wheat crop of 269,000,000 bushels in western Canada is indicated by reports from 882 crop correspondents of the Searle Grain Company. The figure is some 6,000,000 bushels less than estimated in the company's last report on Aug. 11.

"Can I sell you a burglar alarm?" "No, but if you've got anything that will keep my wife from waking up whenever one visits us, trot it out."

CALL ON US FOR Sawing, planing, crushing. Expert work, expert service. WORTH'S MILLS, Millview, P. E. I.

CONVENTION OF MAR. BAPTISTS AT FREDERICTON

Rev. A. J. Corey, Kewick Ridge, Is Elected President.

FREDERICTON, Sept. 1—A large congregation assembled at the home mission meeting of the Maritime Baptist Convention, which began its sessions last evening. Inspiring music was given by the local choir. Rev. Alexander Gibson spoke first on "The Christian Education of Adults."

Rev. E. S. Mason, D.D., superintendent of home missions, presented the home mission problem of the convention. This problem is "The Righting of the Maritimes." The welcome on behalf of the churches of Fredericton was given by Rev. George Telford of St. Paul's Church. Mayor W. G. Clark spoke words of welcome on behalf of the city. Rev. N. A. McNeill, D.D., Sussex, replied on behalf of the visiting delegates.

Rev. George R. Welsh of the Baptist Book Room, Toronto, explained the work of that institution. Among visitors invited to seats in the convention were Rev. Dr. A. L. McCrimmon, Hamilton, Ont., Rev. C. R. Smalley, the Grande Ligne Mission; Rev. George R. Welsh, Toronto; Rev. Paul Chodat, Rev. Hubert Davidson, Philadelphia; Mr. Telford, Rev. H. E. Stillwell, secretary, Canadian Baptist foreign mission board, Toronto, and Rev. J. C. Robbins, New York.

The following nominating committee was named—Rev. Waldo C. Machum, Dr. Simeon Spidle, Rev. A. S. Bishop, Rev. O. N. Chipman, D. D., Rev. W. D. Wilson, A. H. Chipman, Rev. H. E. Allaby, Rev. J. Barras, Rev. G. B. MacDonald, R. B. Wallace, H. A. Rice, Rev. F. E. Bishop, Rev. J. C. Peacock, Rev. H. R. Boyer, D. D., Rev. P. R. Hayden.

Rev. H. E. Allaby, Woodstock, presented the first report of the nominating committee as follows: Assistant secretaries, Rev. G. N. Hamilton, Springhill, N. S., and J. Earle Delong; treasurer, C. H. Smith, Fredericton; committee on resolutions, W. C. Cross, Rev. W. C. Keirstead, Judge A. J. Crockett, Rev. A. J. Vincent, Rev. P. R. Hayden, F. L. Atherton, F. E. Locke. The leading item of the first session was the consideration of home missions. Dr. Mason presented the report on Home Missions.

"Economic conditions have been growing annually more and more embarrassing to our board," he said. "The churches under our care without exception have increasingly felt the serious pressure of hard times and unemployment. The sections which have suffered most have been the fishing and lumbering regions. This has meant reductions in the ability of home mission churches for self support and a consequent increase in dependence on the board; while at the same time self supporting churches have become so reduced that in a few cases application has been made to our board for assistance. Accompanying this tendency toward lessening support was a corresponding reduction in receipts, and this for several years.

"Accordingly there must be reduction in expenses. All salaries were cut by the voluntary suggestion of the officials, one grant to a field was increased, a very few maintained at the former rate, and the rest reduced, many of them severely. In view of the small receipts of this year, further drastic adjustments must be made at the annual meeting in September.

"In all this, the ministers have been the sufferers and will continue to bear the burden. Of 56 parishes with settled pastors for the major part of the year, 18 salaries were at the rate of \$1,000 or slightly more; 21 were at the rate of \$750 or less, the smallest being \$405; and 17 ranged between \$750 and \$1,000. As the reductions covered only the last three quarters of the year, the foregoing is a generous statement of present rates.

Kindly reference was made to E. Martin, Rev. L. J. Tingley, Ph. D., Rev. J. B. Anderson, Rev. M. W. Brown, D. D., and Rev. G. M. Wilson, who died during the year. Special reference was made to the work among the African people within the convention. The amount expended on this work was \$2,023.

Twenty-six students were employed for part of the year and five for the full year. A total of \$22,189 was spent on home mission work.

Will Assume Office Tuesday

HALIFAX, Aug. 31—The Halifax Herald will say tomorrow it has learned from a reliable source Premier Gordon S. Harrington will resign next Tuesday to make way for the newly-elected Liberal administration under Angus L. Macdonald.

HITLER SPEAKS ON ART AT CONVENTION

Must Be 100 Percent Nordic and Aryan Nazi Chief Tells Party Followers.

(By Louis P. Lochner, Associated Press Staff Correspondent) NURNBERG, Germany, Sept. 1—Art in the new Germany must be 100 percent Nordic and Aryan, Chancellor Adolf Hitler told a select audience of 3,000 at the Nazi party here today. Declaring that "Nazism will not tolerate incompetence in art," the Chancellor characterized Jews as an artless race.

"Every individual race," he said, "has its own clear imprint in the book of art insofar as that race has contrasted to the Jews in its own artistic productivity."

"I do not know whether Providence will bless us with artistic geniuses," he added, "but this I know. Representatives of the era now passed cannot be flagbearers of the future. It is our state, not theirs. Changing flags is not permitted."

"Art," he continued, "never can be separated from the people. The slogan that art is international is hollow and dumb. It is a sign of gruesomeness, of spiritual decadence of past times. They spoke of styles without knowing their racial origin."

Art and Culture The Chancellor dwelt at length upon art and culture and said that "even in these times of economic depression it is the first duty to remind a nation of culture."

"To be genuine," he said, "art must be rooted in the people and must be the expression of national character."

He declared the Nazi party is opposed to pacifistic international democracy in German culture as in politics.

Previously Hitler had been enthusiastically received amid the cheers and shouts of 15,000 followers in the convention hall.

Non-Nazi members of the Cabinet, including Vice Chancellor Franz Von Papen, Foreign Minister Konstantin Von Neurath, and Defence Minister Werner Von Blomberg, were on the rostrum.

"He's always giggling, that fellow."

"A real he-he man, eh?"

Rev. N. A. McNeill, D. D., commended the work of the British and Foreign Bible Society within the convention territory.

Rev. H. T. Dewolf, D.D., L.L.D., of Acadia University, reported for the board of religious education, showing valuable work by the field secretary, Rev. A. Gibson, and progress reported along various lines. The expenditures of the board were \$3,123.33. Dr. McCrimmon delivered the first of the devotional addresses, speaking of "God and the Human Soul."

P. E. I. Presbytery Of United Church In Session

That the ministers and lay members of the P. E. Island Presbytery of the United Church of Canada are vitally interested in the great problems of Religious Education was clearly evinced by the splendid addresses and keen discussions at the special meeting held at Hearts Hall on Tuesday, August 26th, under the chairmanship of Mr. Horace Wright. Three full sessions were devoted to a discussion of such questions as Sunday School Administration, Boys Work, Home Religion, Religion and the State, and Christian Education and Present Day Conditions. The program for the day was introduced by Rev. D. M. Sinclair, Convener for Religious Education.

The first speaker, Rev. C. U. MacNevin, stressed the place of religion in the home, emphasizing the need for a Christian environment, for wise instruction, and for training by example. Rev. D. K. Ross in presenting the subject of Sunday School Administration explained Standard B, which the Church has developed as an ideal for Sunday School work.

The attention of Presbytery was drawn to the recommendations passed by the Maritime Conference with regard to Leadership Training, the promoting of cooperation in Sunday School district conventions, the need for providing suitable helps for family worship, and the improving of the awards given for memory and temperance work in Sunday Schools.

Some items of business were attended to at the morning session. The resignation of Rev. A. S. Weir as convener of the Missionary and Maintenance Fund was gratefully accepted and the Rev. G. A. Christie was nominated to succeed Mr. Weir. A vote of thanks in appreciation of Mr. Weir's splendid services as convener of this committee was carried.

An expression of appreciation was also extended to Rev. Dr. D. G. Cook for his recent services at Young People's Missionary Conventions in this Presbytery. Two visiting ministers who are summing up their native health, Rev. J. A. Ramsay, D.D., and Rev. E. M. Aitken, were welcomed and invited to sit and correspond. Dr. Ramsay briefly addressed the Court.

At the afternoon session, Rev. W. E. Aitken spoke on the relative merits of the Boy Scout work, Cadet Corps, and the O.S.E.T. program, and emphasized the fact that the O.S.E.T. program is the official program of the United Church for the training of boys and girls.

Rev. G. A. Christie introduced the subject of the State and Christian Education. He urged that the State has a responsibility and duty to make suitable provision for the religious education of its citizens, particularly of school age, and that religious education should be placed as a subject on the curriculum of the schools.

In connection with this subject, Dr. E. H. Ramsay spoke on recent trends in religious education in Scotland. In that country the problem of the responsibility for religious education as between Church and State was faced, with the result that a certain time is permitted during school hours in which specifically religious material is taught. A very complete syllabus of Religious Education has been issued for use in the Scottish Schools.

A committee was appointed by Presbytery to study the matter of religious education in the public schools and to confer with other religious bodies regarding the same.

The fourth address of the afternoon was given by Rev. E. R. Woodside on Christian Education and Present Conditions. It was a comprehensive and convincing presentation of the need for a closer cooperation between the various denominations for more effective work.

The evening session took the form of a round-table discussion on Educating for Citizenship. The subject was introduced by Rev. J. W. A. Nicholson. He emphasized the fact that religion must find expression in every-day life. In too many instances there is a lack of any perceptible connection between profession of faith and occupational activities. Presbytery recommended that local communities strive for the organization of community clubs which would give expression to the spirit of brotherhood embracing the entire community. Presbytery also placed on record its conviction of the importance of religious training in the home and of a primary responsibility for the home in that matter.

A vote of appreciation was extended to Rev. D. M. Sinclair and to all who prepared papers for the problems of Rural Life.

Lobster Catch Reported Light

SHELIAC, Sept. 1—The lobster catch in this section of the Northumberland Strait is not heavy at the present time, and the size of the individual lobsters is below the average. Many traps have been set this season. There is a fair demand for live lobsters from New York, Boston, Montreal, Chicago and other places.

The Dominion government fisheries inspectors are closely watching the district to enforce the law requiring fishermen to return all female lobsters to the sea.

The season will close on Oct. 15. The live lobster industry in the United States—an important one at the present time to this section of New Brunswick, Cumberland County, N. S., and part of Prince Edward Island—is gradually improving. Stanley V. Nickerson of Gloucester, Mass., of the Consolidated Lobster Company, Incorporated, says that the outlook is better and that prices have improved. Fishermen receiving almost twice the price a pound paid in the Maritime Provinces during the spring seasons.

Seek Changes In Unemployment Relief Measures

(Canadian Press) WINNIPEG, Sept. 1—The three Prairie Provinces will take a united stand in urging the Dominion Government to make important changes in the proposed unemployment relief agreements, it was announced following a meeting between Premier J. T. M. Anderson of Saskatchewan and Premier John Bracken of Manitoba here today. Premier J. E. Brownlee, of Alberta has already signed his name to the representations.

GREEN—At Albany on August 26, 1933, to Mr. and Mrs. Arthur Green, a son, Marshall Joseph.

MAOLEOD—At the P. E. Island Hospital on August 26th, 1933 to Mr. and Mrs. Douglas MacLeod, Mr. Edward Road, a daughter.

DAWSON—MAYHEW—On Monday, Aug. 28, 1933, at the home of Mr. Chas. D. Stewart, Charlottetown, Rev. Dr. Genge officiating. Mr. Orville Blaine Dawson and Mrs. Olive May Mayhew, both of North Tryon, P. E. I.

STERNES—At 191 Kent Street on Thursday, August 31st, Mrs. Harvey Sternes, aged 71 years. Funeral from her late residence today, September 2nd, service starting at 2 o'clock. Funeral leaves at 2:30. Interment People's Cemetery.

SENTER—At 191 Cumberland St. on Friday, Sept. 1, 1933, Lorne Senter Jr., aged 2 weeks, son of Mr. and Mrs. Lorne Senter. Funeral took place from the McLean Funeral Home yesterday afternoon to the People's Cemetery.

MACPHEE—Suddenly at Ottawa September 1, 1933, Hugh A. MacPhee. Funeral service from Peter's Road Church, Prince Edward Island on Monday September 4th at 2 p. m. Interment Peter's Road Cemetery.

MCPHER—At the Prince Edward Island Hospital, Sept. 1, 1933, Daniel McPhee, aged 88 years. Mr. McPhee was a son of the late Duncan McPhee and a brother of Mrs. Donald Nicholson of this city. Funeral from the McLean Funeral Home on Sunday, Sept. 3rd, service starting at two o'clock. Funeral leaving at 2:30. Interment in Highfield Cemetery.

Card Of Thanks The Ladies' Aid of the Prince Edward Island Hospital wish to thank all their friends in country and city who in any way assisted them with the Exhibition luncheon. 859

BANK COM.

(Continued from Page 1)

Trade submissions, expressed the view that concentration of bank head offices in Montreal and Toronto worked to the detriment of Maritime Province development. A policy of farm loans would be of value to New Brunswick.

The investment dealers, of Saint John, protested that the chartered banks of Canada should stay out of the field of long term financing. This line of business, they contended, is best handled by dealers in securities.

"We see no more reason why the chartered banks of Canada should extend their activities to this phase of financing than that they should be licensed, for instance, to sell life insurance, which is essentially another form of long term financing," stated the Investment Dealers' brief. The function of short term financing was "outstandingly the business of the chartered banks." Banks should keep their resources in form as liquid as possible in order that any call made by depositors might be met. And when the banks engaged in the buying and selling "for a profit" securities having from three to fifteen years to run, they were "incurring a risk of having a proportion of the funds of the bank tied up for a long period."

Time Not Up

The need for a Central Bank in the large sense had not yet arisen in Canada, the investment dealers said. The Federal department of Finance had been performing the functions of such an institution "to the Department had been particu-

the general good of the Dominion," larly designed "to provide elasticity of credits and to take care of the seasonal expansion," and its activities could be expanded if necessary.

"We submit that Canada has sufficient financial machinery for her present needs, and machinery so designed that it may deal adequately with all conditions, and, all ways provided that the finance department is properly safeguarded from political influence, we believe that it can fulfill all the functions of a central bank," the brief concluded on this point.

Stabilization of currency value within narrow limits as between Canada and Great Britain was urged on the Commission by W. E. Golding who spoke for the New Brunswick Forest Products Association. He also suggested reduction of the interest rate on loans from six to five per cent. His organization, he said, comprised all the largest manufacturers and exporters of lumber, pulpwood and paper in New Brunswick. Mr. Golding expressed the view that it was "unnecessary and dangerous" to meddle with a banking system which had stood the severe test of the past four years.

Sussex Man Wins Cattle Awards

(Canadian Press) TORONTO, Sept. 1—M. L. McCarthy, of Sussex N. B., was awarded first place for Holstein cows, five years and over, in milk. In results of cattle judging announced at the Canadian National Exhibition today. He took fifth place for Holstein heifers, two year olds, not milking.

O'DUFFY WILL

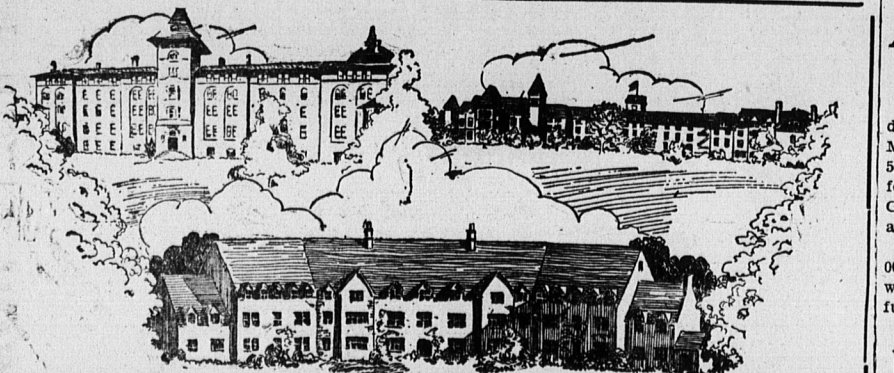

(Continued from Page 1)

Bennett, too, touched upon the Wheat Conference at Canada House which had concluded successfully with an agreement signed. At the World Economic Conference, said the Prime Minister, there had been distinct achievements, although all that might have been hoped for was not accomplished. But, he said, there would be another conference. The election of officers saw Hon. N. W. Rowell, K.C., re-elected President. The Convention passed reports and heard an address from R. Leighton Foster, Toronto. The main report urged compassionate allowances for widows of judges in necessitous circumstances.

Will Not Buy Ford Products

HARRISBURG, Pa., Sept. 1—(A. P.)—Governor Pinchot today said that Pennsylvania will not buy Ford products. His statement: "I gave orders weeks ago that Commonwealth of Pennsylvania would buy nothing not manufactured under the Blue Eagle. That goes for Mr. Ford."

"That's a skyscraper," announced the Yankee guide. "Oh my! I'd like to see it work," said the old lady who was on her first visit to America. "How many film stars can you name who never have been in a divorce court?" Well, there was Rin-Tin-Tin.
