VISITS CITY—Mr. W. G. Bar-
ber, General Manager of the Cana-
dian National Telegraphs was an
interested visitor to Charlottetown
on Friday. Being in the nature of
an inspection tour which began at
Vancouver some weeks ago, Mr.
Barber's stay was necessarily short,
but sufficiently long to give him
most favorable impression of the
Summer beauty of the Province.
Mr. Barber is accompanied on the
inspection by Mr. J. F. McTaggart,
General Superintendent of the
Canadian National Telegraphs.

FIRE ALARMS—An alarm was
rung in about 10.40 p. m. Saturday
night, for some smoke blowing over
the residence of Mr. Wm. Dalziel of Spring Park Road,
making it appear as if the house
were on fire. The firemen re-
sponded to an alarm turned in
yesterday about noon, by reason of
the fact that one of the planks in
Hillsboro bridge was afire. The fire-
men quickly pried up the plank,
and extinguished it with a few pails
of water.

PERSONALS

Mrs. W. J. F. Colburn, of Roxbury,
Mass., has arrived here to spend
part of the summer.

Mrs. (Dr.) N. E. McKay, and son
Mr. Norman McKay, Halifax, are
visitors in the city.

Mrs. Oscar MacCallum, and her
daughter Miss Marjory, are as usual
spending the summer at their
sister's parents Mr. and Mrs. Donald
Nicholson, City. At present Mrs.
MacCallum is enjoying the pleas-
ures of Brackley Beach, and is stay-
ing at MacCallum's Hotel.

Mr. and Mrs. James Collins and
two children, and Mrs. Thos. Col-

Sussex, N. B., have arrived in Mal-
pue and intend spending some
weeks there.

Mr. Jno. A. McDonald, Land Sur-
veyor, Hermanville, was in the city
Saturday, returning home from
Conway.

The numerous friends of Amos
Gallant of Oyster Bed Bridge, will
be sorry to learn that he is danger-
ously ill in the City Hospital as the
result of injuries received from a
fall a week ago, while driving a
sprayed young horse.

Capt. Gus Power who had been
attending the recent military camp
as Captain Paymaster, of the P. E.
Island Light Horse left on return to
Saint John, N. B., Saturday morn-
ing, accompanied by Mrs. Power and

**Boys Home From
Y. M. C. A. Camp
At Canoe Cove**

Thirty-six healthy, happy sun-
burned boys returned home by car
from the new Y.M.C.A. perman-
ent camping grounds at Canoe
Cove.

They were under the guidance of
Ray Pendleton, Gen. Secretary,
who was assisted by six leaders.
The youngsters, who ranged from
12 yrs. to 15 were a lusty lot when
they reached town.

During the twelve days under
canvass in six living tents and the
large new dining hall, the boys car-
ried out a varied program of an all-
round nature, including baseball,
both indoor and outdoor, quoits,
athletic training of all kinds, swim-
ming, camp craft, Bible reading,
chapel service, camp fires and sing-
ings, hikes and various other
things that boys like to participate
in when camping.

The keenest competition came in
baseball, quoits, and tent inspec-
tion. On Friday night the final
camp fire service was held and dur-
ing it the elections to the Hall of
Fame was held and the following
boys and leaders were elected:
Best Camper—Wm. Reid.
Most popular boy, Earle (Mutt)
Moore.

Athlete, Glen Partridge.
Biggest Eater, Wm. Chas. and
Best Looking Boy, Dick Filler.
Laziest Boy, L. Wellner.
Best Musician, Ken Graham.

The above boys will go down in
history, their names will be en-
graved on a large shield which will
be hung over the fireplace in the
new hall which has just been com-
pleted on the Y.M.C.A. grounds,
which have been leased from Mr.
Duncan MacCallum.

The following are the boys and
leaders who attended the camp:
Walter Cox, Keith Morrow, Gor-
don Morris, Bus Rattenbury, Don
Stewart, Lloyd Williams, Harry
Currie, Allison Rogers, Dick Bishop,
Earl Moore, Art Wellner, Lloyd
Wellner, Bruce McDougall, Gor-
don Batt, John Casford, Bruce Mc-
Cannell, Clive Johnston, Jack Mc-
Lean, Hayden Chandler, Harry
Chandler, Wm. Chasler, Lloyd
Garnham, Wm. McRae, Percy Den-
nis, Don Nicholson, Robt. Nichol-
son, Dick Filler, Wm. Reid, Ken
Graham, Brian Chasler, Gordon
McKenzie, Glen Partridge, Gordon
Williams, Douglas McLennan, Rev.
John Turner, Chaplan, R. A. Pen-
dleton, Camp Director, Mr. Horace
Smith, cook.

A real tribute must be paid to
Mr. Smith, as he surely pleased ev-
erybody, the meals were a treat and
the boys certainly did full justice
to them.

There wasn't an accident or case
of sickness during the whole 12
days, outside of a few cuts and
minor bruises.

Visitors day was held on Wed-
nesday afternoon and many of the
boy's parents availed themselves of
the opportunity of seeing their boys
under canvas. Ideal weather made
it possible to hold a series of run-
ning and jumping games for boys
12 years to 15 years, and 15 years
and over. The senior 440 sprint
and the pole vault were easily cap-
tured by Ken Partridge.

In the evening the boys staged
their annual Camp Concert in their
newly erected Dining Hall on the
Camp grounds at 8.30 o'clock. Musi-
cal talent from Charlottetown as-
isted greatly with the program,
which was very successful, despite
the showers just before the com-
mencement of the concert.

After the opening remarks by
the chairman, Mr. E. A. Pendleton,
General Secretary of the Charlot-
tewtown Y.M.C.A. and Chief of the
Camp, the program was as follows:

PROGRAMME

1. Camp Octette.
2. "Duet from Thais" My ups &
ups, Raoul Reymond.
3. Saxophone solo "Out of the
Dusk" by Ken Graham.

**AND ITEMS OF INTEREST TO

**AND ITEMS OF INTEREST TO
LIVE STOCK PRODUCERS.**

Since the annual meeting of the
Maritime Live Stock Marketing
Board at Moncton on July 5th and
6th, at which such a favorable
showing was made in connection
with the marketing of live stock for
the year ending June 30th, 1928,
the management of that enterprising or-
ganization has entered with re-
newed zeal into the matters of solving
the marketing problems of the live
stock producers of the Maritime
Provinces for the season just pre-
ceding us. It may therefore be of
interest to the membership of the
various shipping organizations in
Prince Edward Island to be occa-
sionally advised as to what is being
accomplished in their interests. The
writer of this article will endeavor
to submit items of interest from
time to time as conditions will
permit in the hope that readers may
even in a small way, profit
from the information given. This is
made possible through the courtesy
of the Press, which has always ex-
hibited an interest in, and a willing-
ness to encourage the development
of agricultural activities in the pro-
vince.

A pleasing feature of the live
stock industry is the fact that pro-
ducers are gradually, but surely re-
alizing the advisability of maturing a
larger percentage of stock for mar-
keting purposes during the mid-
summer season when prices are
unusually high and supplies greatly
diminished. There is a great deal of
room for the extension of this pro-
cedure in a practical way, and the farmer
who breeds with the determination
of catering to the midsummer de-
mand for well finished hogs, lambs
and other live stock, will surely pro-
fit handsomely by such practice.

There has not been one week since
the first of January of this year but
during which carlots of live stock
have been assembled in various

parts of the province and shipped to
Maritime packing houses. Yet the
supply has not satisfied the demand
and the cry is for more live stock.
Exceptionally good prices have been
realized and farmers who have par-
ticipated in returns made through
their own marketing organization
are quite prepared to admit that
the production of live stock holds
premier position as a safe and sane
source from which agricultural re-
venue can be obtained. Your ob-
jective should surely be, in the face
of such conditions, to produce more
live stock at a season when markets
are most favorable.

This season there has been a keen
demand for lambs and exceptionally
high prices offered. As high as sev-
enteen cents a pound has been
paid on weights delivered at the
packing plant and although quotat-
ions are somewhat lower at this
time of writing, due to a heavy run
of an inferior quality, yet well fin-
ished lambs of seventy pounds and
up will bring returns well worth
striving for. On Monday of this
week one thousand lambs were left
unsold on the Montreal Stock Yard
due to their poor quality, small and
unfinished. It does not require a
very vivid imagination to anticipate
what happens under such circum-
stances. It requires more than a lit-
tle bundle of bones with a head
four feet and a tail all wrapped up
in a covering of wool, to constitute
the raw material from which the
exacting consumer will secure a
palatable and satisfying lamb chop
or roast. If you have a good article,
place it on the market and you can
be assured of good returns. If it is
not good you will be well advised to
keep it at home until you can get it
fit for the trade.

Archibald Ramsay of Kensington
shipped fifteen lambs on July 4th
through the Kensington Shipping
Club, for which he received in re-
turn \$196.55. You can do the same
if you handle the game as Mr.
Ramsay did.

Five car loads of live stock were
loaded by the Island Shipping Club
this week. Montreal markets quot-
ed \$12.50 for top hogs delivered at
stock yards and 12c for lambs. Mar-
itime prices in some instances were
higher. All sales were made
through the Maritime Live Stock
Marketing Board. Last year this
co-operative marketing agency han-
dled an average of over \$10,000 per
week for the farmers of the Mar-
itime Provinces. This volume, while
quite satisfactory in its initial year,
should be at least doubled this sea-
son if working 100% co-operatively
could do the trick and it would cer-
tainly be to their interest economi-
cally, to do so.

Last year a Midsummer Bacon
Hog Competition was conducted for
the purpose of encouraging hog
production when a scarcity of hogs
prevailed. This competition was
fostered by the Federal and Provin-
cial Departments of Agriculture, and
proved a splendid success. This
year the idea is being continued
with renewed vigor and during the
months of July and August we ex-
pect a considerable volume of choice
bacon hogs will be offered for sale.
We hope that an increased number
of farmers will breed for early lit-
tling in on this profitable practice of
midsummer live stock production.

It is most gratifying to note the
splendid state of finish in which
these hogs are being marketed. In
this respect is noticeable and it is
hoped that when the heavier bulk of
supplies commence to arrive later in
the season that farmers will pay
particular attention to the question
of having, not only hogs, but all live
stock offered for sale, in a proper
state of finish. This will be an ad-
