Passengers near Norton Village, New Brunswick. Witnessed Rather Novel Sight.

Passengers on one of the New Brunswick Railway and Coal Company's trains between Chipman and its connection with the Intercolonial Railway at Norton, saw from the car windows an interesting sight a few days ago when the train was nearing Norton.

The brakeman noticed a splendid bull moose, and a cow moose standing in the middle of a clearing not more than a stone's throw away gazing at the train and apparently not in the least disturbed. He drew the attention of a well known commercial traveller to the sight, and the latter's exclamation of complete astonishment attracted all the other passengers, who crowded the doors and windows to observe the animals. The monarch of the Canadian woods, and his gentle lady watched the train out of sight, and were not at all embarrassed by the sensation they created. Even the shrill tooting of the locomotive whistle failed to scare them. Probably they were aware it was the close season.

JERE McAULIFFE IN A BIG NAVAL MELO DRAMA TO-NIGHT.

Jere McAuliffe and his twenty people stock company, and their car and scenery, arrived in town to-day from Halifax, where they broke all records for the business last week. Mr. McAuliffe is well and favorably known in this city owing to his former connection with Thomas E. Shea and the McAuliffe Company, he has favored this city with his appearance for several seasons. The engagement is for five days, starting to-night with that great naval play the Man-O-War Man and will be produced with all the original scenery. It is full of bright comedy and good. This play is very strong and particularly interesting. It tells a beautiful story and the characters are well brought out; it possesses an abundance of heart interest, laughter and a few tears, all of which blend together in an interesting manner tomorrow night "Shamus O'Brien," the best Irish play ever written, with Jere as Shamus, will be presented. On Thursday night, "Confessions of a Wife," Friday night, "Wedded but no Wife," and Saturday night, "The King of Tramps." The Saturday matinee bill will be Darius Green and his Flying Machine.

Among the many clever vaudeville acts are Jere in new parodies; A. W. Wilson and his little Willie Green, and Woodford's Wonderful trained dogs, pony and monkey consisting of the smallest pony in the world, only 63 pounds this is a most pleasing act. Jere just closed a most successful two weeks at Halifax as the following will show.

Jere McAuliffe and his company pleased two very large audiences at the Academy of Music yesterday afternoon and evening for the opening of their engagement. For the past seasons Mr. McAuliffe has had companies that were counted among the best-drawing of those which visit the Academy, playing at popular prices. This year's company is no exception to that rule, and gives promise of furnishing a week of good plays presented in a capable manner. Tennessie's Padner was the afternoon bill and the Man O'Warman was played in the evening. Mr. McAuliffe, as usual, attended to the comedy parts in good shape, his mannerism creating much amusement. William Stewart took the leading male roles in a good style, Marjorie Dow had the leading parts, which are important ones in these plays, and filled them to the satisfaction of the audience. Her display of ward robe in the Man O'Warman, was very fine. The Man O'Warman, last night's production, is a very interesting naval play. There is not one thing lacking to make it exciting and realistic. This play will be seen again this evening and at the Wednesday matinee. The vaudeville which was presented is among the best ever seen on the Academy stage.
