BAND AT THE ARENA this afternoon. Excellent ice. 7341.

POULTRY, BEEF, Pork, Fillets, Flinn haddies, Mackerel, Skinless Codfish, Bologna, Sausages and Vegetables, all best quality, at Holman's meat department. 7333M2L.

INSPECTION TRIP.—Lt. Colonel Grant, the Assistant Director of Medical Services for the Sixth Division arrived in the city yesterday from Halifax on an inspection trip. All conditions pertaining to the health of the soldiers will be looked into.

THE CAR FERRY STEAMER.—After meeting a large amount of very heavy ice the Prince Edward Island succeeded in cutting her way through and docked in Pictou at 3 p.m. with forty four passengers eighty four tons of freight and forty five sacks of mail.

CAUSED GREAT EXCITEMENT.—A horse belonging to Mr. Edward McCabe, truckman dropped dead on Queen Street Thursday night about the middle of the block between Grafton and Kent Streets. The animal was being driven in a sleigh when he suddenly stopped and collapsed. He is supposed to have taken colic.

VALENTINE TEA.—Yesterday's beautiful weather and all the delicacies offered, tempted a large number of citizens to attend the Valentine tea in Zion Church. The ladies had prepared one of the nicest teas yet given and everyone present did full justice to the good things offered. About \$100 was realized.

THE LATE MRS. HUGH FINDLEY.—The many friends of Mrs. Hugh Findley, late of Brush Wharf, Orwell will regret to learn of her death which took place at the residence of her daughter, Mrs. H. B. McIntyre, Oak St. Vancouver, on Jan. 22, at the age of seventy-three. Mrs. Findley left here about thirty years ago, returned on a visit about five years ago and spent several days at her old home. Mrs. Findley was predeceased by her husband, who was a well known and highly respected farmer, about seven years ago. The interment took place at Victoria, B. C.

EAST ROYALTY RED CROSS SOCIETY.—The East Royalty Red Cross Society, of which Miss Florence McDonald is Secretary, has an excellent record for the three months it has been in existence. It has forwarded to headquarters the following contributions of work done by its members: 19 pajama suits, 14 pillows, 10 sheets, 12 night shirts, 11 pillows slips, 38 pairs socks, 4 scarfs, 4 rolls wadding, 146 mouth wipes, 3 doz. handkerchiefs, 1 towel.

NO ICE YET IN GULF.—The North Sydney Herald of Wednesday says:—With not a speck of ice in the harbor excepting along the upper reaches of the Sydney wharves, indications are that open navigation will prevail for some time yet if, indeed the harbor is caught at all. Reports from the gulf of utter absence of ice, which is unusual at this time of the year. So far as local shipping is concerned, activity is observed around the coal and ore piers of the Scotia Company. Last year the last arrival was the steamer Tyr, which came here on the 31st of January and after much difficulty cleared through the ice on the 4th of February.

A THOUGHTFUL ACT.—Yesterday morning Captain Cook and his men of the 105th were out on their regular route march which happily took them in the direction of the Charlottetown Condensed Milk Company. It being exceptionally frosty and knowing the inspiring effects from hot coffee the Captain made inquiries of the Manager as to the possibilities of getting some. It took only a few minutes for Mr. Winchester and his obliging assistants to get busy and in no time the battalion were being refreshed with piping hot condensed coffee put up in the firm's own factory. Mr. Winchester was delighted to "stand treat" and added as an appetizer some good rich butter milk which needless to say appealed to all. After expressing their thanks to Mr. Cook and his men continued their march.

WEDDING BELLS.—Wednesday evening Jan. 19th, at the home of Mrs. Sarah Ritchie, 68 Cross St., Malden Mass, a pretty wedding was solemnized by Rev. A. M. Parker, pastor of the Mystic St. Congregational Church when Miss Elizabeth Gordon Ritchie, her daughter, became the bride of Sidney Marsh Phillips, 184 Florence St. Melrose, son of Mrs. E. T. Phillips. Percy F. Phillips of Danvers was best man, and Miss Rose Ritchie, of this city was maid of honour. The flower girl was Jean Ritchie of Rosindale. Following the ceremony, a reception was held at the home of the bride which was attended by upwards of 125 friends and relatives. The bride presented a charming appearance in white crepe de chine, a tulle veil caught up with orange blossoms, and she carried a shower bouquet of white roses and lilies of the valley. The maid of honour's gown was of blue crepe de chine and her bouquet, bride's roses. The little flower girl wore white and pink messaline, and carried a basket of pink and white rose buds which she distributed in the path of the bride's couple as they descended the stair case. The ushers were A. R. Gordon, of Brookton, Philip Wheeler, and Cecil Covert, of this city. The wedding march from Lohengrin was sweetly rendered on the piano by Mrs. Allison Smith and the house was decorated for the event with laurel and cut flowers. The happy couple left late in the evening for a honeymoon trip to New York and Washington, and on their return will reside at 184 Florence St. Melrose. They will be home to friends after March 1st. They departed with the best wishes of a host of friends amid a shower of confetti and rice and were the recipients of a large number of beautiful and costly gifts, including a piano from the groom. Mrs. Phillips has many friends in this Province her former home being in Alberton. She is a niece of Mr. and Mrs. G. R. Montgomery, City.

There is more Catarrh in this section of the country than all other diseases put together and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

PAID A FEW CENTS MORE.—In these strenuous times it becomes a real problem to keep all the children presentable—shoes especially wear out sometimes in a few weeks. In shoes, more than any other articles it pays to add a few cents to the price and get the best. Cheap and medium shoes are nearly all shoddy or half shoddy. CROSBY'S "YOUNG CANADA" School shoes are all solid throughout and instead of two or three months' wear you'll get nine or twelve.

BASKET SOCIAL and entertainment in Cornwall Hall, Monday night, Feb. 14. All should make it an appoint to attend. 9317-21.

ST. PATRICK'S DAY CELEBRATION will take place as usual this year in the B. T. S. Hall at Emerald on March 17th and a splendid program is being prepared for an entertainment that evening. 7327

CONCERT AND SOCIAL.—A very enjoyable concert and pie social was held in Millvale School on Jan. 28th and despite the very inclement weather a goodly number assembled to witness the programme which was exceedingly well rendered and consisted chiefly of songs recitations, instrumental music step dancing and dialogues and much credit is due all who took an active part. Much praise was given the small school children who took a very active part and who were carefully trained by their teacher Miss McAlear. Mr. James Turner acted as chairman and good order was a prevailing feature. The school room was very tastefully decorated with the flags of the Allies, and presented a very pleasing view. The proceeds were in aid of the Patriotic Fund.

Patronize the King's Daughter home cooking sale at Stanley Bros. store this afternoon. 7334.

PRINCE EDWARD THEATRE

The programme shown at the Prince Edward Theatre yesterday afternoon and evening was one that could not fail to attract attention, Charlie Chaplin being the chief reason. In "His Night Out," the inimitable Charlie was at his best and his exploits afforded one long and loud roar of laughter. "Mother's Roses" was a touching three-reel drama in which the great love of a parent exercises such an influence over her daughter as to prevent her from entering on a career of shame and dishonour. "The Heart of a Tigress," another three-reel feature, was interesting not only as a photoplay but as a wild animal exhibition. The scenery was pretty in this picture, the African jungle effect being particularly striking. Leaving a trader in Africa, falls in love with Grace, the Californian huntress who rejects his advances. She is in love with another young fellow, who, however, prefers her Secretary. In this unhappy confusion of affections a fatal jealousy arises between Les-trange and Grace, who uses her wiles to carry out her plan of vengeance. Her machinations recoil on herself and end in her own death.

The programme at the People's was just as interesting "The Exploits of Elaine," being a great deal more exciting than any of the former instalments. Craig Kennedy again puts Fang's plans to secure the magic ring, Charlie Chaplin in "The New Janitor" was simply killing, and provoked considerable laughter. The other pictures were also interesting and entertaining.

"IDEAL" SAUSAGES are made and sold by Holman's, Charlottetown. They are true to name. 7333M2L.

MEMORIAL TO MEN OF TITANIC

WASHINGTON, Feb. 11.—Work on the mammoth memorial to the men of the Titanic, who went down in order that women and children might have a chance for their lives, is nearing completion, and will be placed in position in Potomac Park, in Washington in the next few weeks. The memorial will consist of a figure of a man standing with outstretched arms and will be of heroic size. The design is the work of Mrs. Harry Payne Whitney, formerly Miss Gertrude Vanderbilt, of New York. She has supervised the cutting of the granite monument at the quarry at Quincy, Mass.

The monument will stand 35 feet high. The figure of the man will be 13 feet high, and the distance from the end of one outstretched arm to the end of the other will be 12 feet. The memorial is the conception of the Titanic Memorial Association, which aims to honor the memory of the brave men who stood on the deck of the sinking liner and made no effort to save themselves, forfeiting their lives that women and children might live. It is a memorial of the famous tradition of the sea, "Women and children first," and a fitting emphasis of the words: "Greater love than this hath no man that he lay down his life for his friend."

HOW BRITISH AIRMAN GOT NEW TROUSERS.

BERLIN, Feb. 10 via London.—A new illustration of how amenities of warfare are observed by hostile air-men is given in a letter from a German aviator on the Western front. This aviator was a participant in an aerial battle in which a British aeroplane was shot down and one of the aviators killed. The second was injured in person, but in landing his trousers had been irreparably damaged. The aviator thus afflicted the German letter writer says, was so distressed that the German aviator mounted an aeroplane and dropped a note into the British lines. An hour later an English flier appeared, returning the call, and dropped a bundle containing new trousers for his compatriot.

THE WHOLE BODY NEEDS PURE BLOOD

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood. Hood's Sarsaparilla makes pure blood. TALES TOLD BY MEN ON THE FIGHTING LINES ON LAND AND SEA

SHELLED BY THE GERMANS
Corp. Lees, of Victoria, B. C., with the C. M. R., writing to a friend, says: "Our brigade took over a portion of trench connected with a famous wood here and our squadron first of all, was brought up to the wood and put in reserve for two days without anything out of the usual happening, and then during the night we were moved up to the support trenches. We took up our quarters in some old farm buildings, which were practically a mass of ruins from shell fire and also were in full view of the enemy's lines, which were about five hundred yards away. We got through the night fine, and sort of settled down a bit when the next morning at about ten o'clock, and when most of us were in the buildings the Germans started to shell us. The first one came over and went bang through the roof of one of the buildings and about every two minutes high explosives and shrapnel came over, and, honestly, without any exaggeration, I'll bet 150 shells dropped within a radius of 200 yards of our buildings, and every now and then one would come through, taking a portion of the wall away.
"I was lying flat in a cow stall, and I actually saw about eight shells burst in the yard not forty yards from us, but we were all huddled up in every old hole we could get into in these cow stalls, etc., and were fairly safe from the shrapnel. Occasionally, however, a high explosive would come over and pitch somewhere near our building and shake the place like an earthquake. We had cleared out of the portion of the building occupied by No. 3 Co. and it was lucky we did, for a shell had burst where we were sleeping and brought down the wall. When the shelling first started we had orders to take to the trenches, which, incidentally, were about waist high in mud and water. Some of the boys did so, but about twenty of us stayed with the old building, as we were fairly safe as long as it was only shrapnel, but if ever a high explosive had found the mark it would have been 'good night.'
Enemy's Fire Answered
"Of course, during all this time our batteries were going and returning about five to one, so the air was fairly screaming with shells. We were all jolly thankful when dark came and the whole thing ceased, and to find out our marvellous luck at having no one seriously hurt in our squadron, although our front line caught it bad (Continued on page seven)
