Twelve Auxiliary Cadets Wounded by Bomb Thrown From Ambush. Fire Damage in Cork Estimated at 300,000

(Special to The Guardian) DUBLIN, Dec. 13.—Twelve auxiliary cadets were wounded last night in an ambush at Cork, within a half mile of the barracks by bombs thrown from a lorry, according to an official announcement. The casualties of the cadets made their escape. At Shanganill, near Dublin, during a raid yesterday by the military on a local club when the club members ranged against the wall with hands raised for purposes of identification, (William Owens, clerk, was shot dead by some unknown person from outside. A message received at 6 o'clock last evening says that fires in Cork were under control. An official report of the conflagration was received at one o'clock, says the Cork City Hall, Carnegie Library, open market and eighteen other buildings had been destroyed up to that hour. DUBLIN, Dec. 13.—Several large sections of Cork were devastated by fire on Saturday night, today a conflagration followed the shooting from an ambush of a military party Saturday. On the south bank of the river Lee the Carnegie Lib-

Trouble in Silesia Fighting Anticipated

(Special to The Guardian) BERLIN, Dec. 13.—Open warfare may precede the plebiscite which is to determine whether Upper Silesia shall be Polish or German. Fighting between Germans and Poles in that mining region is running high and thousands of weapons have been secured on both sides. According to reports at least 5,000 machine guns are hidden in private dwellings in the region. There are at least 150,000 rifles and fifty 75's. There have been instances of bombing already. Residences have been wrecked and a number of casualties reported. The presence of 14,000 French troops in the district is resented by both sides, observers report.

CHARLOTTETOWN IN THE OLDEN TIME

A Most Interesting and Informative Illustrative Lecture Given Last Evening by Mr. Henry Smith.

The announcement that Mr. Henry Smith was to deliver an illustrated lecture on the early history of Charlottetown attracted a large audience to the Heartz Memorial Hall last evening where all were delighted with Mr. Smith's splendid and very illuminating story of this town in "Ye Olden Time." His Honor Lieutenant Governor MacKinnon presided. The views shown under the skillful manipulation of Mr. Walter Bourke, were all exceedingly interesting and, combined with the lecture gave a very realistic idea of life and scenes when this town was in its swaddling clothes. Mr. Smith at the beginning of his lecture referred to the first survey of Charlottetown by Captain Holland, surveyor-general of the Colony. This survey was made in 1763. The town at that time was divided into 500 lots, facing the Hillsborough River, these lots being 84 feet wide and going back 160 feet. The streets running from the waterfront are 100 feet wide and those at right angles across the town are 80 feet wide, except four between Water and Grafton Streets which are 40 feet wide. The earliest information regarding Charlottetown, the lecturer pointed out, is taken from Holland's report. The first picture of the evening was then thrown upon the screen—the reproduction of a page from this historic report. Mr. Smith went on to show Charlottetown at the beginning of the last century, from a plan showing the houses at that time. According to this plan the town contained about fifty houses. Mr. Smith then showed later plans illustrating the growth of the town in subsequent years, and also portraits of the leading personages, buildings, churches, etc. all most interestingly described. At the close a vote of thanks was fittingly moved by Mr. D. Nicholson, M. P. seconded by Mr. Justice Hazard with the latter suggesting that it would be well if the folk-lore of the island could in some way be preserved. Judge Warburton also spoke at the close of the lecture and made some very interesting remarks in connection with the old time history of the island.

Dominions Kick Against Big Salaries

(Special to The Guardian) LONDON, Dec. 13.—It is understood that the budget committee of the League of Nations has decided to refer the question of salary to a committee to report at the next convention of the assembly. This action was taken consequent upon the British Dominions having vigorously protested against the salaries of Sir Eric Drummond, Secretary General of the League and his assistants which the Dominions contend are out of all proportion. Sir Eric received 4,000 lb. per annum with an expense allowance of 6,000 lbs and a house. Several delegates have objected to his assertion that his office ranks with that of an ambassador.

G.N.R. OFFICIALS MEET THE BOARD OF TRADE

A meeting of the Council of the Board of Trade was held last evening at which were present officials of the Canadian National Railways as follows: Mr. F. B. Brady, Mr. L. S. Brown, Assistant General Manager, Mr. W. A. Kingsland, Mr. I. W. Simpson, Mr. George Ackman and Mr. T. B. Grady, Supt. of the P. E. I. Railway. The President Mr. Isaac Carter presided. This was endorsed by the management and Mr. Brady stated that the quickest way to get a new steamer would be through increased production. Mr. J. O. Hyndman in the course of a forceful address stated that the island really did not get credit for everything to which it was entitled owing to short hauls and the deficit on the P. E. I. Railway was not nearly so large as would appear on the surface. This was admitted by the management and Mr. Brown stated that the deficit was not nearly so large as on some portions of the mainland. Mr. E. T. Higgs moved and Mr. N. Rattenbury seconded a vote of thanks to the officials which was unanimously carried and the meeting adjourned.

Unemployment in Toronto - Serious Conditions

(Special to The Guardian) TORONTO, Ont. Dec. 13.—More than 3,000 of the continuous line of men at the city hall have received orders on the Salvation Army through Sergt. George Creighton and have obtained meal tickets for restaurants. This was the estimate of the number according to Brigadier W. J. Fraser who said that some of the conditions that had come to the notice of the Salvation Army inspectors were frightful. At the Grand Army of United Veterans officers this morning the number of returned men out of employment and requiring relief was placed at 9,000. The Government themselves say that there are 30,600 out of work.

A Boston Paper's Canard on Canada

(Special to The Guardian) MONTREAL, Dec. 12.—The statement that a howling mob of McGill University students tore down the American flag in Montreal on November 20th, spat on it, trampled it underfoot and then did a snake dance on the soiled and trampled remnants is wholly and unqualifiedly untrue. The entire story which follows was established on these false premises, equally untrue. Above is the statement tonight of General Sir Arthur Currie, Principal of McGill University, when his attention was drawn to an issue of the Boston Sunday advertiser of today's date claiming that a desecration of the American flag had been perpetrated by McGill Students at a dinner attended by the campaigners in recent McGill drive.

Arthur Meighen, Premier of Canada, has wired the Standard the following Christmas Greeting to Canadians for its special edition being produced tomorrow: "My fervent desire this Christmas time is that as a nation we may be guided by the light which came to earth twenty centuries ago. Let us look for present inspiration to the teachings which grew out of the tremendous event. Let us realize anew the significance of that sublime presentation of true democracy. Let there be Peace on Earth and Good Will to Men. As a nation we have endured the tribulations of the past six years bravely and sanely. We can regard the retrospect without regret and we shall look forward to the new prospect without fear.

The whole audience joined in protest against the unnecessary and unwarranted increase both in valuation of lands and in excess of taxation. Not a voice was raised in excuse for or defence of the Bell government. A resolution was unanimously adopted calling upon the government either to take such steps as would lead to a lightening of the taxation burden or resign. It was pointed out that every promise made by the Bell candidates before the election was broken, that in all their acts since coming into

Tignish A. O. H. Elects Its Officers

The A. O. H. of Tignish elected the following officers for the ensuing year: President, J. Albert Brennan; 1st President, Edward McGrath; Financial Secy, Francis Hughes; Treasurer, P. P. Cahill; Rec. Secy., Eddie De Roche; Sergeant-at-arms, Leo J. Murphy; Sentinel, Henry Perry; Chairman standing committee, John M. Alexander. Since its establishment in Tignish, this society has done a powder of good, by paying out thousands of dollars in sick, funeral and charitable benefits, and it still has a nice amount to its credit in the bank ready to meet any more claims that may be presented. In the social line of the A. O. H. whist parties and dances are just what the young people look for, and it's nice to watch the parade St. Patrick's day of the society. This is a very old organization having been established in Ireland over four hundred years. About one hundred years ago the first branch was started in America and its membership is now away up in the hundreds of thousands, and why shouldn't it be, for its mission is honest, just and good. Its purpose is to unite all Irish Catholics in a bonds of unity friendship and true Christian charity, to help the needy console the afflicted and bury the dead to aid and protect the Irish immigrants especially the Irish immigrant girl, irrespective of their religious belief, so that the honor of the daughter of old Ireland will be upheld as a monument of chastity as in the past.
