OUR OTTAWA LETTER

(From our Own Correspondent.)

OTTAWA, December 3, 1917.—The political campaign is entering on its final stage. Two weeks from today will be election day. Unionist headquarters here claim that the situation greatly improved in the past, and apparently a tremendous swing in their direction has set in. The campaign of Sir Robert Borden and Hon. N. W. Rowell in this province has been productive of excellent results. One estimate is that the Unionist Government will go to the head of the Great Lakes with a clean sweep of twenty seats, and the west is expected to substantially increase this majority. It may be freely admitted that the Government does not expect to do much in Quebec; but its weakness there may prove to be its strength elsewhere.

* * *

It may be pointed out here that the votes of all soldiers proceeding overseas since the issue of the election writs have been taken under the emergency poll provision of the Military Voters Act. Already the ballot boxes from a great number of these polls are back in Ottawa, but they have not yet been opened. On the high seas also several polls have been held. The votes of all military electors proceeding overseas will be taken in the same way. All the formalities required by law were observed at the emergency polls. There were scrutineers present representing the Government and the opposition and notification as to where the polls would be held was sent to both political parties. Voting at the front in England and one ships at sea with Canadian voters on board, opened on Saturday, and will continue until the 17th. Between now and polling day there will also be polls held at every twenty points in the United States. Canadian military electors will cast ballots at Boston, Providence, New York, Philadelphia, St. Louis, Kansas City, Des Moines, Los Angeles, San Diego, San Francisco, Portland, Seattle, Spokane, Minneapolis, Duluth, Chicago, Grand Rapids, Detroit and Buffalo. There will also be polls at San Antonio and other points in Texas. In each case precise hours and precise days for the holding of the polls have been laid down.

* * *

In Canada over 600 military polls will be established, but in these there will be only one day's polling— the ordinary polling day. A novelty in this connection will be the holding throughout Canada of polls on the Indian reservations. These will be held to take the votes of Indians who have fought in the war and have been returned to this side. The creation of these Indian polls is necessitated by the fact that under the provisions of the law returned soldiers may vote in the polling divisions in which they are residing on polling day. In those provinces where an Indian does not ordinarily possess the franchise an Indian reservation would not be within a polling division. In consequence an Indian military elector residing in the reserva on would have lost his vote. Approximately 2:500 to 3,000 military voters are now living in Ottawa. There are also about 1,800 returned soldiers. It is declared by persons in a position to know that there are more dependents of soldiers in Ottawa than are to be found in any other city of its size in Canada. This is accounted for, it is declared, by many relatives of soldiers having come to the capital to fill temporary positions.

* * *

Information has reached Ottawa to the effect that the latest recruits to rally around the banner of Sir Wilfrid Laurier are members of the I. W. W. Forced to leave the United States by the outraged patriotism of the American public it is stated that a large body of these pro-Germans have crossed the border into Canada and are now engaged in the mining camps of Southern Alberta and British Columbia organising a campaign to stir up the miners against conscription and in favor of Laurier. The I. W. W. has only recently been branded by the United States authorities as the seething mass of German intrigue, and it has been denounced by no less a personage than the President of the American Federation of Labor as the chief basis of the Prussian spy system in the United States. In Australia the I. W. W. has also been active in the cause of Central Empires, and is said to be largely responsible for the anti-conscription agitation in that country. In the light of these facts the news that members of this infamous organization financed by German money are coming to the assistance of the anti-conscriptionists in Canada had caused little surprise here.

* * *

"It is far bettter that we should repudiate our national debt than repudiate the debt we owe to the men who are fighting our battles in France and Flanders," declared Sir Robert Borden at the meeting in Peterborough the other night. "The Military Service Act," he added, "is merely an addition to the Militia Act under which men may be conscripted for the defence of Canada within or without its borders; the fighting overseas is in defence of Canada, and there will be no referendum so long as I am Prime Minister." These words have the right ring. The one supreme issue in the approaching election is whether the effort of Canada shall be maintained or withdrawn; whether the men at the front shall be maintained or deserted and betrayed. It is for the people to say by their votes.

* * *

Is Canada to lie down and "take the count" on December 17th? This is a British country; an integral part of the British Empire. It is so of its own free will and accord. As such it enjoys British advantages and should loyally share British responsibilities so long as it remains under the British flag. If the people of this country wish to be clear of British responsibilities the fair thing to do it is to first get clear of the British flag. Think this over carefully. If you do there should be little doubt as to how you will cast your ballot.

* * *

In a statement issued the other day by the Minister of Militia it is pointed out that there are not more than 35,000 troops in England and France available for Infantry reinforcements. The present urgent need is for Infantry reinforcements, and it is not creditable to Laurierite speakers and the Laurierite press that this fact should be obscured by consideration of the number of men available in other necessary arms and branches of the Canadian Overseas Force.

* * *

Winter, the real old-fashioned kind, settled over Ottawa last week. On Tuesday the mercury at the Experimental Farm, just outside of the city, dropped to eight degrees below zero while some thermometers in the city showed ten below. This is the lowest temperature recorded in Ottawa in November for twenty years. The skating rinks are in full blast with excellent ice, and there is splendid sleighing.

* * *

As a consequence of the belligerent attitude assumed in Quebec towards conscription it is quite possible that all open meetings in the interests of Union Government may have to be cancelled. Ruffianism seems to have triumphed over law and order in at least one province of Canada.

* * *

The women of Ottawa have opened a Win-the-War Club. The rooms are open each day for the dissemination of information. Each afternoon tea is served free of charge to the wives, mothers and sisters of soldiers overseas. Short addresses are given during the tea hour. There is a suggestion in this for the patriotic women of Prince Edward Island.

* * *

An Order-in-Council has been passed increasing the separation allowance paid to the wives and other dependents of soldiers below the rank of sergeant in the Canadian Expeditionary Force from $20 to $25 a month.

* * *

The disgraceful scenes of Sherbrooke following those at Kitchener would seem to indicate that there are still some fighters left in Canada. If the men who caused the disturbances in these places were conscripted and sent overseas they might be of some service to Canada.

* * *

Whoever is responsible for calling Berlin Kitchener has a whole lot to answer for.

GERMAN PUBLIC FILLED WITH JOY OVER PEACE PROSPECTS

STOCKHOLM, Dec. 5.— Popular mass meetings and demonstrations of joy in many army corps districts, as a result of the armistice nominations between the Germans and the Russian Boisheviki, have been forbidden by the military authorities, according to reliable information that comes to me here. The German people are on edge over the possibility of peace and the authorities are doing everything decently possible to restrain public opinion and put the brakes on far fetched peace hopes, fearing there will be a strong reaction and depression when a general peace fails to materialize. The tone of the press in general while optimistic, is soft pedalled.

Eczema Cured Five Years Ago

A Treatment Which Has Proven a Wonderful Healer of the Skin—Certified Evidence of Lasting Cure.

Jordan, Ont., Dec. 10.— The old notion that eczema is a disease of the blood is refuted time and time again by the cures that are daily being effected by Dr. Chase's Ointment.

It matters not what the cause may have been if you apply Dr. Chase's Ointment regularly you will obtain relief and cure of eczema. Here is the proof.

Mrs. Stephen G. Thwaites, Box 205, Jordan, Ont., writes: "My brother had a bad case of eczema on his legs. He was troubled nearly all one fall and winter with it, and could not work for days at a time. He tried different salves and ointments, but none cured him. One day he tried Dr. Chase's Ointment, and it gave almost instant relief. He continued its use but had not quite finished the second box when he was cured. It is now about five years since then, and it has never returned. We certainly can recommend Dr. Chase's Ointment, and are very grateful for my brother's cure."

(Rev. S. F. Coffman, Vineland, Ont., states: "This is to certify that I know Mrs. Thwaites and the party to whom she refers, and her statements are correct.)

Mr. J. E. Jones, 228 University Ave. Kingsboro, Ont., writes: I had eczema in my hand for about five years. I tried a great many remedies, but found that while some of them checked it, none cured it permanently. Finally I tried Dr. Chase's Ointment, and in six weeks my hand was completely better. I would not do without a box of Dr. Chase's Ointment in the house if it cost $2 a box. I am giving my name to this firm so that it will get to those who suffer as I did."

Dr. Chase's Ointment, 60 cents a box, at all dealers or Edmanson, Bates & Co., Limited, Toronto. Substitutes will only disappoint you. Insist on getting what you ask for.

SOURACIDS IN STOMACH THE FOOD AND ACUSSEI NDIGESTION

"Pape's Diapepsin" fixes sour, gassy, upset stomachs in five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

The Fur Sales Board

To the Fox Breeders of Prince Edward Island.

THE FUR SALES BOARD has completed its second, and now enters on its third year's operations.

ITS GROWTH has been phenomenal. Commencing in December 1915, with but a few pelts, contributed as an experiment, it has already become THE BIGGEST SINGLE FACTOR in the world's Silver Fox market!

MR. RANCHER:—Are you going to fall in line with the great majority of the ranchers of America and CONTROL YOUR PRODUCT for the common good of all, yourself included?

DO YOU WISH TO LEARN MORE about pelt classification and pelt judging than you ever hoped to know? Then bring your pelts to the Board and get a demonstration—on the spot—by which you will see how the expert buyer grades them. It will repay you A HUNDRED-FOLD; it will widen your knowledge of your business more than any other experience possibly could do.

CO-OPERATION IN ITS WIDEST SENSE, AT THE COLLECTING AS WELL AS THE DISTRIBUTING END IS VITALLY NECESSARY IF RANCHERS ARE TO REAP THE FULL POSSIBLE BENEFIT FROM THE BOARD'S SERVICES,—IF THEY ARE TO RECEIVE THAT SHARE OF THE FINAL VALUE OF THEIR PRODUCT WHICH OF RIGHT BELONGS TO THE PRODUCER!

ARE YOU PREJUDICED—just a little—against this ambitious organization? Are you dissatisfied—just a wee bit—with the results you obtained last season? If so, you need not admit it unless you wish; but, anyway, COME IN AND TALK IT OVER—and see for yourself how the Board conducts its business, and how completely your interests are safeguarded by its experience and its system.

Yours Respectfully,
FUR SALES BOARD
CHESTER McLURE,
Manager.
