Miraculous Escape. At Windsor, Ont., the other day, a railway train struck a child 18 months old and threw it 35 feet. The child was not much hurt.

A GOOD STOMACH Is essential to health and happiness, but don't blame the stomach for biliousness. It is the liver that is deranged, and causes poisonous bile to remain in the blood causing indigestion, headache and irregular action of the bowels.

A 5 cent plug of "Patriot" Twist chewing tobacco is 20 per cent larger than formerly.

THE UNITED STATES. (Continued from Third page.)

wise through former campaigns, comment sceptically. The Japanese, so far as casual observation showed, did the least looting, because of the admirable discipline under which their soldiers are held.

AMERICANS' SHARE. The Americans had all to themselves on large arsenal, which they occupied on entering the city. It contained not only cannon, but a fine store of small arms, swords of curious and rich pattern, rifles of various makes, with stands of the long two-arm guns, which are merely giant rifles, throwing a ball which from the report and the whistle the soldiers in the fight judged to be one-pounders. Munitions of war were not the only contents of the arsenal. High officers had lived there and in flight had left stacks of clothing and other articles of great value.

All that stuff is to be sold or shipped to Washington as spoils of war. On the third day of the occupation the allied commanders employed a more effective method of stopping the looting. The looters were compelled to give up their loads at the city gate. Even that measure, however, did not prevent the loss of much gold and silver. Civilians from the concession made a general raid on the Salt Commissioner's treasure, and many succeeded in smuggling loads of silver bars through to the settlement.

The Americans seized almost a million taels' worth of precious metals, which is piled up in the marine barracks. To-day the walled city looks as though a tornado had struck it. Enough valuable property has been destroyed to stock a big city, and enough has been seized to give every soldier a considerable sum if the distribution is honestly administered.

Care of the Mouth. If people would wash out their mouths twice or three times a day with an antiseptic solution there would be nearly so much sickness. In the last ten years the writer has never had a cold, sore throat or fever, and he ascribes this immunity solely to the fact that he followed this plan rigidly. There are any number of proprietary antiseptics that are excellent for this purpose, but many more simple agents that are as good or better. One of the best of these antiseptics is listerine. A weak solution of this gargled and held in the mouth two and three times a day will work wonders. Immediately after using one will find that the mouth feels cleaner. He believes that a great majority of the common throat and lung troubles come from the lodgment of disease microbes within the mucus membranes of the mouth. The free use of antiseptic will kill these germs.

C. C. RICHARDS & Co. Dear Sirs,—For some years I have had only partial use of my arm, caused by a sudden strain. I have used every remedy without effect, until I got a sample bottle of MINARD'S LINIMENT. The benefit I received from it caused me to continue its use, and now I am happy to say my arm is completely restored. Glamis, Ont. R. W. HARRISON.

WHAT IS DR. CHASE'S NERVE FOOD? In appearance Dr. Chase's Nerve Food is an oval, chocolate coated pill. In this condensed form it contains all of nature's most strengthening and invigorating tonics and restoratives and for this reason it is unapproached as a blood builder and nerve restorative. It cures all diseases caused by thin blood and exhausted nerves and makes pale, weak nervous men, women and child ten strong and healthy. 50 cents a box.

WHEN IT HURTS TO COUGH The cough that hurts, the cough that gets tight in the chest, is daily getting deeper and deeper into the bronchial tubes and is making directly for the lungs, to become pneumonia, inflammation of the lungs or consumption. Such coughs yield only to the wonderful efficiency of Dr. Chase's Syrup of Linseed and Turpentine which loosens the tightness and cures cough and cold together. 25 cents a bottle. Family size 50 cents, sold everywhere.
