ACCIDENTAL SHOOTING AT INDIAN RIVER

Victim of the Accident, a Boy Aged 14, is at Present in the Prince County Hospital in a Serious Condition.

On Tuesday Mr. William Mann of Indian River drove to Summerside and before starting gave permission to his two boys, Ernest aged 16, and Keith, aged 14, to borrow a .22 rifle from a neighbor, a relative, to shoot rabbits. This they did, and after supper they were playing in the yard with a pet dog that was jumping around and was in the habit of barking if a finger or anything else was pointed at him.

Knowing this, Ernest who had the rifle and it appears did not know it was loaded, pointed the weapon at the animal when by some means it went off. His brother Keith was on the other side of the dog, and the bullet passed through both sides of his stomach and lodged in the large muscles of the back.

Almost at the moment of the accident Mr. Mann returned home from Summerside. Dr. Keir of Malpeque was called and within half an hour at 6.45 the sufferer was brought accompanied by the Doctor and his father to the Prince County Hospital where an operation was speedily performed in the hope of saving the boy's life. At a late hour last night some thirty hours after the operation, he was doing as well as could be expected, but very little hope of his recovery is entertained.

Justice Wright to six months imprisonment and a fine of \$1,000, in default of which a penalty of two years is to be imposed.

Examination Will Be Held In Toronto

(Canadian Press) TORONTO, Feb. 20.—For the first time in Canada an examination will be held in Toronto on August 6 by the Royal College of Surgeons, England, to enable graduates of medicine in Canada to qualify in part for the degree of F. R. C. S. This announcement was made by Dr. James C. Watt, of the department of anatomy, University of Toronto, who is organizing a review course for the eight students of the university who have applied for this examination. From the Canadian Medical Association it was learned that Toronto will be the centre of the examination and that candidates from the other provinces will be coming here in August to sit for it.

Deportation For Auto Theft

(Canadian Press) PORTLAND, Me., Feb. 20.—Deportation for the second time because of the theft of an automobile at Moncton, N. B., 10 years ago awaits William J. Vanhuskitt, aged 30 of Rochester, N. H., as the result of the denial of a writ of habeas corpus today by United States district Judge John A. Feters. He will be delivered to immigration officials at the end of two weeks during which he may arrange his affairs for permanent removal to his former home at Moncton, N. B., where he escaped from jail while serving sentence for taking the automobile of Albert Arsenault. He was sentenced after deportation from Ocala but made his way back to the states after escaping jail and enlisted as "Jack Williams," served a year with the third United States Cavalry. When discharged he went to Rochester where he was employed as a machinist and box maker.

Two Killed In Derailment

(Special to the Guardian) BRACEBRIDGE, Feb. 20.—Two men were killed in a derailment of the C. N. R. freight train at Falkenburg, five miles north of Bracebridge early today. They were Charles Hill, fireman and Herbert Herrel, brakeman, both of Allandale, W. C. McInnes, the engineer, also of Allandale, was seriously injured. The line is tied up. Train forty six due at Toronto at 7 a. m. will not reach there until noon. A local was made up to handle traffic. The freight train was south bound from North Bay to Gravenhurst. A buckled rail which sprung inward just after the driving wheels of the locomotive passed over it caused the heavy engine which was running extra on its side.

PROCEEDINGS IN THE FEDERAL PARLIAMENT

(From Our Own Correspondent) OTTAWA, Feb. 20.—Parliament last evening and this afternoon was featureless of interest on the peace resolution of the prime minister. Tommie Church, Toronto, continued, followed in characteristic get-no-where speeches by Miss MacPhail, Bourassa and Wm. Irvine (Labor). Mr. Cahau moved the adjournment of the debate. This afternoon, a resolution moved by Mr. Keilmer (Progressive) asking for continuation and extension of Dominion aid to good roads throughout the Dominion was discussed. It was as developed, in the nature of advocacy of a coast to coast Canadian highway. It is opposed by the government. The wives of cabinet ministers are entertaining this evening.

BH Defeated on Party Vote

OTTAWA, Feb. 20.—The first division of the session along party lines in the House of Commons took place last night when the bill introduced by T. L. Church (Conservative, Toronto Northwest) amending the Navigable Waters Protection Act was defeated on second reading. The vote stood 72 yeas, 86 nays. All those on the left of the speaker who voted, supported the bill, while those on the right who voted, opposed it.

The bill would have so changed the Act that all works on navigable waters such as water power development would have had to obtain the sanction of Parliament before being gone ahead with. At present the sanction is given by Governor-in-Council which, in effect, is the cabinet.

OTTAWA, Feb. 20.—Parliament may prorogue during May. In the corridors of the House of Commons and the Senate, in the lobbies of the leading hotels and other haunts where political stewards are wont to foregather, this opinion is prevalent. No agreement on this point, of course, has been reached by the leaders of the several parties. With no general election scheduled before 1930 however, Government and Conservative members are inclined to feel kindly disposed towards a short session this year, with the likelihood of considerable fireworks next session. The feeling extends to other corners of the Commons. Both the Progressive and the U. F. A. groups appear also to be in accord.

Glancing backward, the rapidity with which the business of the House has been advanced since the opening of Parliament has been noteworthy. The Speech from the Throne has been adopted. The Civil Service Act to make private secretaries permanent civil servants on the termination of office by Cabinet ministers or the leader of the Opposition, amendments to the Root Vegetable Act have been given third reading, bills to provide a general pension scheme for Canadian National Railway employees have progressed and a number of other Government measures have made headway. The resolution of C. H. Cahau, (Conservative St. Lawrence-St. George) on titles which gave promise of developing into a flowery debate, has been defeated. The resolution to celebrate Armistice Day on November 11 has been lost, and several measures introduced by private members have received second and third reading. Altogether, it has been a week of unusual progress.

The third session of the present Parliament will hardly conclude though, without some lively skirmishes. The budget, now well under preparation, has yet to be brought down.

Baldwin then saved his government by dramatically appearing and withdrawing the proposal made by L. C. S. Amery, Secretary for the Dominions, and Winston Churchill, Chancellor of the Exchequer.

These members of the government had urged reduction of the compensation of loyalists in southern Ireland for losses by disturbances there. This brought a split in the government party which seemed likely to defeat the government. It was understood that the cabinet today reached no decision on how the compensation question is to be settled but the meeting had the effect of quieting the annoyances created by the situation

EDISON CELEBRATES 82 nd BIRTHDAY

President-elect Herbert Hoover, Henry Ford, Harvey Firestone and other notables paid their respects to Thomas A. Edison, inventive genius,

on the latter's 82nd birthday, celebrated at his home at Fort Myers, Florida, Feb. 11. Mr. Edison thanked the American public, in a broadcast

speech, for their interest in his work. Here are shown President-elect Hoover and Thomas A. Edison in an automobile during the celebration.

Demands That Government Should Annul Contract, Quit Office Made In House

WINNIPEG, Man., Feb. 20.—Demands that the government of Premier John Bracken should quit the government benches and annul the Seven Sisters Falls power site contract entered into with the Winnipeg Electric Company, were made in the provincial legislature last night. Several of the opposition speakers, during the opposition speakers, during the hasty debate on the proffered resignation of Hon. W. J. Major, Attorney-General, and Hon. W. R. Clubb, Minister of Public Works, and the stand taken by Premier Bracken that he would not accept the withdrawal from the cabinet of the two ministers until the views of the House had been ascertained, intimated that the government would have to call an election.

John Queen, Labor leader, introduced a resolution asking for the appointment of a special select committee to investigate the power contract. He declared:

"I can't see how the government can avoid an election this summer." Previously, Mr. Bracken had announced the motion would be considered as a want of confidence and this led Mr. Queen to declare, "the (Premier Bracken) knows he has got to face the public in an election this summer and he feels he can face it better if the facts are not brought out."

John Bernier, Conservative, called upon the government to quit office and annul the contract. He also asked if any other ministers had purchased stock in the Winnipeg Electric Railway as had Mr. Clubb and Mr. Major.

"No," replied Mr. Bracken, "there are no others."

The Queen resolution will be before the House when the session is resumed Tuesday afternoon.

Prince of Wales Visits British Industries Fair

LONDON, Feb. 20.—The Queen and the Prince of Wales visited the British Industries Fair in London today. They did not keep together but separated to inspect different sections. The Queen apparently felt the cold which was exceedingly bitter for she did not linger at any of the exhibits. The stall of Canadian foodstuffs in the empire marketing board section caught her eye and she pronounced it gorgeous and charming. She took a leaflet advertising Canadian honey which was recommended for invalids. The exhibitor wished to present a small jar of honey for use of the king, but he had been warned that this was not approved.

The Queen entered Canada's own section, but passed rapidly through without stopping to ask any questions. She remarked however that C. P. R. transparencies of the Rocky Mountains scenery was very fine. The Prince of Wales spent considerable time in the Canadian section. He was wearing a tall hat and heavy overcoat. He stopped before the transparency of Princess Gate at Toronto exhibition which he opened in 1927. He noticed a picture of his Alberta ranch and smiled as he recognized it.

Other pictures of Canada, like Jasper Park, brought the remark: "I remember being there." "Which part of Canada does that come from?" he asked pointing to a tobacco exhibit. "Ontario," replied W. E. Ducloux, assistant trade commissioner of Canada, who was showing the Prince around. The Prince stopped before a show of Gutta Percha Wellington boots. "These are the things the people ought to wear in the streets of the mining villages," he said.

He stopped before an electric washing machine and watched its operation. The next exhibit which attracted his attention was aluminum made from Canadian bauxite. He asked questions comparing it with steel for lightness and strength and said he thought it would have an increasing use in the future. A model of a pacific type of locomotive on a C. P. R. stand made him smile reminiscently to his secretary. Canada is the only overseas dominion that has a special section in this fair the other dominions are represented only by the empire marketing board. Attendance of the public has been sparse yesterday and today, presumably because of cold weather.

FIRE IN TUBE TRAIN

(Special to the Guardian) NEW YORK, Feb. 20.—Fifty persons were injured, four men and two women seriously, and 200 passengers were affected by smoke and fumes tonight when fire broke out in the first car of a New Jersey-bound seven-car Hudson tube train, 1,000 feet west of the Christopher Street station, in Manhattan. Panic-stricken passengers trampled one another in attempting to get off the stalled and smoke-filled train. Most of them reached the Christopher St. station through another train that was joined to the rear of the stalled train. The train which caught fire carried about 1,000 homeward bound commuters.

Penalty Sought Heavy Dry Law

WASHINGTON, Feb. 20.—The Senate today passed the Jones bill to increase the maximum penalty for violations of the prohibition laws to a \$10,000 fine or imprisonment for five years, or both. The bill now goes to the House. The Senate today adopted an amendment to the Jones bill declaring that judges imposing sentences under the Volstead act, should "discriminate between casual or slight violations and habitual sales of intoxicating liquor or attempts to commercialize violations of the prohibition law." The vote was 58 to 25.

Transport Services

THE CAR FERRY The car ferry made four round trips yesterday. She had a little trouble with ice in the morning, but in the afternoon conditions were good. The mail train arrived in the city at 7.25 p. m.—fifty five minutes late. The snow did not delay any of the trains.

THE AEROPLANE The aeroplane left Moncton yesterday at 11.48 and arrived here at 12.48 leaving shortly after for Moncton via Summerside, with the mails and one passenger, Mr. Homer Norton for Sackville. Her late departure from Moncton was caused by the blocking of the roads due to Tuesday night's snow storm.

Air mail may now be despatched from Canada via Canadian and United States air mail services and by air mail service from Nuevo Laredo to Mexico City, Mexico. The service is daily and the air mail fee is 10 cents for each half ounce or fraction, to be prepaid by Canadian postage stamps in addition to the ordinary Canadian postage.

Conservatives In Caucus

(Canadian Press) OTTAWA, Feb. 20.—Conservatives foregathered in caucus this morning for their fourth meeting of the present parliamentary session. Discussion covered a survey, it is understood, the reparations proposal for payment of war indemnity claims up to a total of \$2,500,000 and other government legislation. Opposition provisions in the reparations measure to pay only a portion of some of the claims approved and adjudicated upon by the reparations commissioner from one to two years ago will be voiced from the Conservative benches. The meeting today was largely attended. In addition to Hon. R. B. Bennett, Conservative leader, opposition front benchers and other Conservative members in the house a large number of senators supporting the party, were in attendance.
