Can. Medical And Health Asso's Meet In St. John

CANADIAN PUBLIC HEALTH ASSO.

Cancer Problems Subject of Discussion Yesterday.

(By John Mosher)
CANADIAN PRESS STAFF WRITER
SAINT JOHN, N. B., June 19.—Cancer and attendant problems were subjects of thorough discussion this afternoon at the opening session of the Canadian Public Health Association's annual meeting. Government responsibility in this matter and conditions in two Canadian Provinces were dealt with during a symposium on "cancer as a public health problem."
Hon. Dr. G. H. Murphy, Minister of Health for Nova Scotia, Hon. Dr. J. M. Robb, Minister of Health for Ontario, and Dr. Joseph Cott, of Baltimore, Md., gave the symposium. Dr. William Warburton, Chief Medical Health Officer of New Brunswick and President of the Association, delivered his Presidential address, and Hon. Dr. H. Taylor, Minister of Health and Secretary for New Brunswick and Secretary of the Association, welcomed the members. A meeting also was extended by President L. P. D. Tilley.
A government standpoint on provincial public health standards, we are concerned with the "education of the public in the early signs of cancer."
The education of the public in the early signs of cancer.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

CANADIAN MEDICAL ASSOCIATION

Dr. G. A. B. Addy, of St. John Installed As New President.

(By John Mosher, Canadian Press Staff Writer.)
SAINT JOHN, N. B., June 19.—As leadership of the Canadian Medical Association devolved upon new shoulders today, the matter of medical relief in times of economic stress was considered by the Council and retiring President, Dr. Alexander Primrose, of Toronto. Installation of Dr. G. A. B. Addy, Saint John, as the new President, followed a valedictory address by Dr. Primrose on the first day of the annual C. M. A. meeting.
Dr. Primrose revealed that the Association was urging the Dominion Government "to recognize its responsibility" for providing medical relief. "We are hopeful that the time is not far distant when Federal relief funds will be made available for medical relief purposes," he said.
Earlier in the day Council members had expressed the opinion that medical men felt they were being asked to carry more than a fair share of responsibility for the relief of unemployed. While a

Medicine Plays Freakish Trick On Negro

(Continued on Page 7)
NEW YORK, June 19.—(A.P.)—A 57 year old native of Haiti, whose claim that medicine he had taken to relieve asthma had turned his skin from black to pinkish-white, arrived here today on the liner Colombia en route to Chicago where he will be examined by the Medical Congress.
Yvesmond Dauphin, who said he was born of negro parents at Port-Au-Prince, said the medicine was given to him several months ago by a voodoo doctor whom he had consulted. After taking the medicine he said the asthma disappeared and he was blind for two months. After which time his eyesight slowly was restored to him.
The transformation, he said, also affected his hair, which turned from black to "snow white."
Dauphin was accompanied by R. Henri Chauvet, who is carrying to the Medical Congress credentials of Dauphin's case prepared by the Haitian Public Health Administrator.

New Glasgow Postmaster Dead

(Canadian Press)
NEW GLASGOW, N. S., June 19.—J. H. Cavanagh, postmaster at New Glasgow since 1900, died at his home today. He was 76 years of age.
Postmaster Cavanagh was the fourth official to occupy the position since the town was incorporated in 1809.

German Delegates Withdraw

(Associated Press)
GENEVA, June 19.—(A.P.)—The German delegation withdrew today from the International Labor Conference in session here because of criticism directed against Robert Ley, German workers' delegate and trade commissioner in the Hitler Government.
The action was taken particularly in view of a declaration last week by the workers group at the Conference describing an alleged utterance by Dr. Ley as insulting to Latin American countries.

NAZI PARTIES IN AUSTRIA ARE OUTLAWED

16 Fascist Auxiliary Police Seriously Wounded And Others Injured When Ambushed.

(Associated Press)
VIENNA, June 19.—Nazi parties in Austria were outlawed by the Dollfuss Government tonight following word from the city of Krems that 16 Fascist auxiliary police had been seriously wounded and 30 slightly hurt by hand grenades thrown at them from a thick woods.
Two bombs were exploded in front of the Court House at Leoben without damage. Near Graz six telephone lines were cut.
In order to avoid possible demonstrations, the Austrian Football League decided not to send a team to Frankfurt-on-the-Main, Germany, for a scheduled Austro-German contest Sunday.
Martial law was declared at Krems and troops, police and gendarmes concentrated there.
The decree made any Nazi activity, including wearing of the swastika (emblem of the Nazi party), punishable by a fine of 3,000 schillings (approximately \$284) or six months in jail.
The auxiliary police, 56 in number, were marching toward Krems from target practice when unidentified persons hidden in the woods tossed the grenades. Sixteen of the group were taken to a hospital where it was said three of them may die.

Roosevelt Fog Bound In Nantucket Harbor

(Associated Press)
WASHINGTON, June 19.—(A.P.)—Diplomats of America's defaulting debtor nations hastened to the State Department today for information on President Roosevelt's decision that they must pay before he will consider revision of their debt agreement.
One after another, Ambassadors Delaboulaye of France, May of Belgium, and Patek of Poland, called upon acting Secretary William Phillips of the State Department. Later in the day De Laboulaye and Patek returned to consult assistant Secretary Moley, an intimate advisor of the Chief Executive on the debt question.
All said they had made no new proposals. Department officials said there had been no sign of any change of front on the part of the defaulting nations.

Wheat Soars In Chicago

(Associated Press)
CHICAGO, June 19.—Wheat, corn and rye went soaring today about 3 cents a bushel, with most of the grain list overtopping the season's high price record.
As a result of prolonged extreme high temperatures and lack of moisture, crop authorities said hopes for a 1933 big yield of spring wheat had been abandoned. Renewal of inflation talk was also a source of skyrocketing of prices.
Wheat closed strong, 1 1/2-2% above Saturday's finish, corn 1 1/2-2% up, oats, 2 1/2-2% advanced and provisions unchanged to a rise of 27 cents.

German Delegates Withdraw

(Associated Press)
GENEVA, June 19.—(A.P.)—The German delegation withdrew today from the International Labor Conference in session here because of criticism directed against Robert Ley, German workers' delegate and trade commissioner in the Hitler Government.
The action was taken particularly in view of a declaration last week by the workers group at the Conference describing an alleged utterance by Dr. Ley as insulting to Latin American countries.

Tells Of Four Day Experience With Kidnappers

William Hamm, President Of Hamm Brewing Co. Relates Experience With Abductors Who Demanded \$100,000 Ransom.

(By William Hamm)
(Copyright, 1933, by the Associated Press)
ST. PAUL, June 19.—From the time I was kidnapped by two men and another man who was driving their automobile shortly after noon last Thursday I never was abused. They treated me kindly all the time.
I was surprised as two men came up to me about 12.45 p.m. last Thursday. One of them said "hello, Mr. Hamm," and, after shaking hands one grabbed me on each side and they put me into a car.
They were not rough with me but, well, they convinced me I ought to go. I had only a fleeting impression of the two men's appearances although one of them resembled Verne Sankey, I couldn't be sure, of course.
I didn't take particular notice of the kind of car I was put in. I'm not up on all the automobiles. I didn't see any guns but I felt one against me during the ride out of town.

Defaulting Nations Hasten To Confer

Canada To Honor French Seamen

(Canadian Press)
NEW YORK, June 19.—Canada will tomorrow honor Captain Pierre Thoreux, fourth officer James Hammon and six seamen of the French liner De Grasse for the rescue of the crew of the foundered Canadian schooner "Clementia" off the Grand Banks last December.
At a ceremony aboard the De Grasse, Hon. Alfred Duranleau, Canadian Minister of Marine and Fisheries, accompanied by Senator Joseph H. Rainville, of Montreal, will present the rescuers with appropriate gifts.

Bodies Of Three Are Recovered From Wreck

Film Actress, a Director and a Screen Writer Victims of Crash.

(Associated Press)
SAN BERNARDO, Calif., June 19.—The bodies of a film actress, a director and a screen writer were found today in the wreckage of an aeroplane raised from the bottom of Big Bear Lake in the mountains 6,000 feet above here.
The ship plunged into the lake Sunday while visitors at the popular resort watched the fatal dive from the shore, a quarter of a mile away. The theory was expressed that the motor of the craft had failed.
The dead:
Vera Williams, known on the screen as Claudette Ford, 23, an "extra" player of Hollywood, formerly of Toledo, Ohio.
Harry Sweet, 32, veteran comedy film director, writer and actor of Hollywood and formerly of Colorado.
Hal Davitt, 34, scenarist and gag writer, of Hollywood.
Sweet was prominent for his direction of such comedians as Harry Langdon, Stan Laurel, Monty Banks and Ben Turpin.

Hawks To Aid In Search

(Canadian Press)
MONTREAL, June 19.—Bound for Alaska to aid in the search for Jimmie Mattern, missing round-the-world flier, Frank Hawks of New York, noted speed pilot will take off from New York tomorrow in his high speed plane. Hawks plans to make the journey to Nome in two hops. He hopes to fly from New York to Edmonton tomorrow and push on to Nome the next day.

Accidentally Killed

(Associated Press)
NEW BROOKFIELD, N. S., June 19.—E. Henry Silver, 63-year-old farmer, was killed today when his shotgun discharged accidentally. His body was found at the rear of a barn by his son Randolph. A coroner's jury decided death had been accidental. A son, Vernon, lives in Montreal.

RUNAWAY BOYS LOCATED AND SENT HOME

Modern Odyssey Brought to End By Police—Perilous Crossing to N. S. Made in Yacht.

After an Odyssey extending over a period of five days, during which they covered several hundred miles, two runaway boys, Gilbert Moore, 16, and Billie Dowling, 10, who wanted to "get out and see the country" were sent home from Port Elgin by the R. C. M. P. In the course of their wanderings the boys covered several hundred miles on bicycle, by yacht, by automobile, on foot, and by train, and had some perilous experiences.
On Wednesday afternoon the lads cycled to Borden, Dowling riding on the handle bars, but on arrival there they found that the ferry had made its final crossing to Tormentine for the day. They at once set out to cycle back to Charlottetown, but at Crapaud they deserted the "wheels" and accepted a "lift" back to the city on a motor truck. Instead of going to their homes, the lads proceeding in the direction of the Park located the yacht, "Zenith," the property of Mr. Frederick Morris. About 1 o'clock Thursday morning, the young mariners set sail for Nova Scotia. After reaching the mouth of the harbour they set their course by the Point Prim light, and at daybreak reached the Point. With the hills of Nova Scotia in sight dimly in the distance, the youthful sailors began their voyage across the straits in the sixteen foot racing yacht. When about half way across they began sailing west, and reached a point near Bale Verte before turning back. They spent Thursday night on board the yacht, and Friday morning about 11 o'clock reached the Long River near River John on the Nova Scotia coast. After beaching

Denies Report Of Seeking Missing Flyer

(Continued on Page 7)
NEY WORK, June 19.—(C.P.)—Harry Bruno, press representative of Captain Frank Hawks, said here tonight that the famed flyer planned to join in the search for Jimmy Mattern, could not be correct.
Bruno said he was authorized to deny, both on behalf of Hawks and the Oil Company which employs the aviator, reports that Hawks would take off for Nome, Alaska, to lend his assistance in the now widespread search for the Texas round the world airman. Mattern has not been heard of since June 21 when he left Russia's northern coast on a trans-Pacific hop to Nome.
After completing a flight from Montreal to New York early tonight, Hawks ran his speedy plane into a hangar and left to spend the night with friends. His business representatives did not know with whom the flying captain was putting up and Hawks could not be reached.

Trading Brisk In Grain Market

(Canadian Press)
WINNIPEG, June 19.—Mounting strongly on a wave of speculative buying, as reports of unfavorable weather and damage to crops at home and abroad came into the exchange in a steady stream, wheat futures prices stepped up briskly to score advances of nearly 1 1/2 cents on the Winnipeg Grain Market today.
With offerings until near the session's close on a light scale, values easily retained their gains, closing 1 1/2 to 1 3/4 cents above the previous finish, July future at 66 1/2, October 68 1/2 and December 70 cents. Trading moved briskly throughout and the volume of transactions was considered the best in some weeks.
Storms sweeping over Europe were said to have caused severe damage in France and Spain and hot weather was also reported from spring-wheat areas of the United States. Advice from Western Canada were extremely bullish, although it was believed some of the reports were exaggerated. Rapid evaporation of moisture was reported from all parts of the prairies.

Montreal Market Moves Higher

(Canadian Press)
MONTREAL, June 19.—Closely following the upward surge in New York, Montreal Stock Exchange listings moved into higher territory during today's session.
A firm tone prevailed throughout the day with issues closing at their highs of the day after hesitating shortly before midday. Sales volume was moderately heavy, nearly 40,500 shares changing hands.
Business news with a market bearing was again bullish. As a result of the weekly traffic earnings showing the first advance over previous year's figures in some time, Canadian Pacific Railway rose 1 1/2 points at 18 1/2. Hollinger received considerable stimulus from London reports of gold prices. The Canadian equivalent of the London price for the yellow metal today gave the mines a premium of 36.81 percent, the highest yet received.
A shipment of \$1,000,000 left Montreal for London Sunday aboard the liner Montrose. Hollinger advanced 50 cents at 9.95.

Basic Products Are Discussed By Governments

DEADLOCK OVER STABILIZATION

(Continued on Page 7)
LONDON, June 19.—(C. P. and A. P. Cables)—Deliberations of treasury and central bank experts on the question of currency stabilization were at a standstill tonight and French delegates were reported unofficially to favor adjournment of the World Economic Conference until the matter is ironed out.
With France insisting no lasting benefits could be achieved without stabilization of Great Britain and the United States appeared in no hurry to acquiesce in the suggestion they peg the pound and the dollar at approximately their present levels. The United Kingdom, however, declined to share French excitement over the situation, although its delegates were said to feel some degree of temporary stabilization was inevitable.
Previous reports that Britain and the United States had agreed to stabilize their currencies were spiked by word from Washington that

FRANCE PROPOSES PLAN

(Continued on Page 3)
By George Hambleton, Canadian Press Staff Writer.
LONDON, June 19.—(C. P. Cable)—Agreements by the governments of the world to bring production of a number of basic commodities in line with world consumption were proposed by France before the General Economic Commission of the World Conference today.
The response was quick and widespread; in the opinion of many delegates indeed the proposals did not go far enough. Discussion was adjourned pending study by a sub-committee of a Polish proposal that all agricultural and animal products be included.
In other directions the Conference swung along. It was announced that 49 states now adhere to the temporary tariff truce. They represent 85 percent of the world's trade.
The snag over currency stabilization still bothered the delegates. Negotiations to control fluctuations in the world's leading currencies were virtually at a standstill, it was learned, pending some word from Washington, where yesterday it was indicated the United States would not agree to pegging her dollar at the present time, fearing the repercussion on her internal inflationary programme.

Production-Consumption Equalization Plan Launched.

(Continued on Page 3)
N. Y. Markets Record Rise
(By John L. Cooley, Associated Press Financial Writer)
NEW YORK, June 19.—With the United States dollar again weak financial markets pushed ahead with vigor today as it became clear the Washington Government did not intend to interrupt its programme of rising prices with any immediate move for currency control or stabilization.

Supreme Ct. Sentences Imposed

(Continued on Page 3)
Court Adjourns Sine Die After Disposal of Five Criminal Cases.
Sentences were pronounced yesterday morning by His Lordship, Chief Justice Matheson on the five prisoners who were found guilty at this session of the Supreme Court at Summerside.
Charles E. Cahill, found guilty of causing actual bodily harm, was sentenced to two years in Dorchester penitentiary.
The prisoner had been charged with manslaughter in connection with the death of Phillip V. Arsenault of Summerside.
His Lordship in pronouncing sentence, said that the petit jury had given all possible consideration in this case and had reduced the charge from manslaughter to bodily injury. He hoped that a person with so many good qualities as the prisoner appeared to have, would not
