FRIDAY The Athletic Sports held in connection with the Orange Tea at Canoe Cove yesterday were well contested and proved most interesting to the large number present.

Officials handling the sports were Rev. Arthur Barrett, Clerk of Course and Ray Peneltor starter and Judge. Timmer W. Scantlebury.

Speaking generally, the chairman said that few realized the extensiveness of the Canadian Legion. This organization has now 678 branches in Canada, 314 being organized since January last, with a total membership of 40,000, and still adding to its numbers.

The efforts of the Legion this coming year will be mainly directed in the assistance of disabled who are unable to earn a living, and it is the intention to press upon the Federal Government this fact with a view to obtaining added assistance relative to same.

He made reference to the "Legionary," a magazine published in Toronto and devoted to returned soldiers, etc., and regretted the fact, but although the circulation is 24,000, only 12,000 members are subscribers. Particular attention was also called to the large deficit of \$23,000 against the paper, but hoped that in the course of time this liability would be attended to.

He paid high tribute to Sir Percy E. Keir, Past President, but said he had an able successor in the newly elected President, Sir Arthur Currie. The Chairman then called on Dr. Johnson, Honorary President of the Legion, and a member of the Canadian Executive Council, Colonel Johnson gave a very interesting talk on the many duties of the convention and a brief summary of the doings of the Council.

Comrade Phillip Palmer, a member of the Resolutions Committee and Comrade Arthur Bruce of the Finance Committee, each gave very interesting and comprehensive reports of their different activities while in Saint John. Both gentlemen were very eulogistic over the treatment accorded the delegates while there. They could not say enough with respect to what they had seen and kindness shown them on all sides. To use their own words, "they wouldn't miss the trip for a farm."

The meeting closed with the singing of God Save the King.

ORANGE TEA—The annual Orange Tea, which was held at Canoe Cove yesterday, and which was very largely attended, was a great success. The weather was ideal, the tables excellently supplied, with a variety of good things, and the sports were most interesting alike to spectators and participants. A most delightful outing was enjoyed by all who attended. A list of the events and winners of the various athletic contests appear elsewhere in this issue.

From investigations carried on this year in Prince Edward Island, it is apparent that late blight rot was present in some of the potatoes used for seed. Given favourable weather conditions, it is certain that blight will develop early in the coming year, and it is recommended that an application of Bordeaux Mixture be made at an early date, before the plants are eight inches high.

Do not delay procuring spray materials. You can easily and cheaply ensure a good crop of healthy tubers by thorough spraying. Enquiries regarding spraying will be attended to by the undersigned.

HURST, Field Laboratory of Plant Pathology, Experimental Station, Charlottetown, P. E. I.

At nine o'clock yesterday the inspection of the troops in camp in the cricket field at Victoria Park where the whole brigade was drawn up. His Honor Frank R. Heartz, wearing his Windsor uniform, accompanied by the inspecting officer, Colonel D. W. B. Spry, took the different units were inspected individually in the following order:—P. E. Island Highlanders, Signalers, Army Medical Corps, P. E. I. Light Horse. At 11:30 P. M. the band of the Charlottetown City, a daughter Vera Gladys.

Yesterday at noon the Prince Edward Island Highlanders had the honor of the presence of the Lieutenant Governor at luncheon. Among those present were: Colonel D. W. B. Spry, P. C., the Caledonia Club, and Wagner's Orchestra played pleasing music.

A camera man from a prominent New York movie concern "shot" about 600 feet of film during the inspection and afterwards. After inspection Colonel Gibson complimented the various units on their excellent appearance and efficiency. A large crowd of people watched the parades and were much impressed, especially with the new killed uniforms of the Highland brigade.

The officers carrying swords and wearing their medals looked equally swarthy.

It may be added that the movies taken yesterday will in all likelihood be shown at one of the local theatres in the near future.

A special meeting of the Charlottetown branch of the Canadian Legion was held in their Rooms last evening, and despite the humidity of the weather a fairly large gathering attended. Major J. Edgar Bennett, President of the Branch presided.

Previous to the opening of the meeting a short but enjoyable musical program was rendered, a feature of which was a splendid solo "Danny Boy," by Comrade Arthur Bennett, one of Charlottetown's leading baritone soloists. Needless to say Art was enthusiastically received. The remainder of the program consisting of solos, choruses, etc., was thoroughly enjoyed.

Master Walter McNutt was the accompanist. The idea of last night's meeting was to hear reports of the Convention of the Legion which was held in Saint John early in June last. Before receiving the reports from the different delegates, it was unanimously decided by the meeting that a short synopsis be given to be followed by a more detailed report at meeting some time in the fall, the date of which to be advertised later.

The Chairman, Mr. McNutt, in his opening remarks dwelt at some length on the various activities and other work in connection with the convention. He paid special tribute to the Island delegates, whom he said, behaved in a splendid manner with regard to committee appointments, etc. He enlightened those present in a very able description of the various meetings, both committee and otherwise and also told of the long hours spent at same. With regard to the many discussions on the floor of the Convention Hall, the speaker stressed the point that the Island delegates were unable to spend as much time there as they would have liked as committee work kept them busy while said discussions were going on.

Speaking generally, the chairman
