The year was 1841...

... six days of turmoil—that was election week in Upper Canada! Voters formed in long queues to mount the "hustings" (a rough wooden platform) ... declaring aloud for all to hear, "I vote for John Smith." Often groups of hard-fisted toughs stood by, armed with cudgels to be used on those who voted the "wrong way."

But men who kept true democracy as their objective finally won the right of a secret ballot—the right to vote as you wish without fear of intimidation.

When YOU cast your secret ballot at every election—municipal, provincial, federal—you exercise a duty and privilege planned, worked and fought for by your forefathers. Your vote protects the future of your children. To fail in this duty is to be less than a good citizen.
