

# 13 Scrofulous Lumps

### Inherited Disease—Eyes Affected—Weak, Could Hardly Walk—Life of Suffering.

### Still Another Great Cure by Hood's Sarsaparilla

The following letter is from Mr. Geo. A. Zirkle, School Teacher in Mt. Horeb, Tenn., well-known all through that county, where he was born and has always lived.

"Mt. Horeb, Tenn., Jan. 10, 1906.  
C. I. Hood Co., Lowell, Mass.

"I have suffered all my life, until lately, from inherited scrofula. When a mere babe I had a scrofulous sore back of my ear. At 21 I had 13 scrofulous lumps on my neck. At 37 the disease assumed a new and tantalizing form. My eyes were affected so that I could not read after sunset, and when I closed them it was difficult to reopen them. There was always intolerable itching all over my body. Then a tumor on my neck changed to the front of my neck, suppurated and was followed by others, until six had formed and broken. I became so weak I could scarcely walk, and could hardly attend to my teaching. All the medicine I tried failed to help until I began the use of Hood's Sarsaparilla. In less than three months the sores healed, a troublesome cataract taint disappeared

and the scrofulous habit steadily grew less apparent. Today I am in the best of health, weigh more than ever in my life. Do you wonder that I believe in Hood's Sarsaparilla? I can do no less than recommend it everywhere and every day."

#### A Valuable Remedy.

"I recommend Hood's Sarsaparilla as a valuable remedy for purifying the blood. As a spring medicine it is invaluable. In less than three months the sores healed, a troublesome cataract taint disappeared

At the meeting of the Summerside Board of Trade last night John Agnew, Alberton, submitted the prospectus of the Chatham-Alberton and Sydney S. S. Company, explaining the project fully and intimating that it was proposed to make alternate trips from Chatham to Sydney on the north and south sides of the island with Summerside as a port of call on the latter route. After considerable discussion in which all expressed the opinion that the service would be of great benefit to Summerside and the project a financial success, the following resolutions were passed: Resolved that the Chatham-Alberton and Sydney Steamship Company as presented by John Agnew be heartily commended the enterprise shown in the organization of the said Company. And further resolved that the proposal to make direct trips from Chatham to Sydney by the south side of the island with Summerside as a port of call will be of material benefit to our shippers, merchant and other business interests and should receive from them their most generous encouragement and support. ## ISLAND BLEND TEA Competition

How many days, hours and minutes will it take the new Steamship lately purchased by the Charlottetown Steam Navigation Co. to come from the pier she last casts off her lines at in Britain until she is moored at the first port of call in P. E. Island?

To establish the superiority of Island Blend Tea over all others, I am going to give the people of P. E. Island an opportunity to thoroughly test its good qualities in the following way:—

To the FIRST person sending the correct answer to the above, or who comes the nearest to the correct answer, I will ship 50 lbs. Island Blend Tea; to the three next nearest to the correct answer, 20 lbs. each; to the next five, 10 lbs. each; to the next seven, 5 lbs. each; to the next ten, 3 lbs. each.

CONDITIONS—Each person making a guess must purchase at least one pound of Island Blend Tea from a merchant. All answers must be forwarded in a special envelope, which will be furnished by the merchant. No other answers than those contained in these special envelopes will be considered. The statement of the captain of the new steamer as regards time taken will be accepted as correct.

All answers must be received by me at least three days before arrival of the steamer. The result will be announced in the newspapers and the tea forwarded to the successful competitors not later than two weeks after the arrival of the steamer.
