GOLD MEDALIST.—Among the many successful students graduating from Mrs. F. G. Milloy's school, Regina, Sask., was Miss Etta M. Coles. Miss Coles who is only twelve years old was winner in the musical contest and carried off the gold medal, once to the whole school. This bright and talented young lady is the daughter of Dr. W. R. and Mrs. Coles, 2430 Victoria Avenue, Regina, and granddaughter of Mr. Charles Coles of North Milton.

ENJOYING AUTO TRIP.—Let's see, from Dr. J. E. Blanchard and party who left on a motor trip June 25th, state that they were stopping at Gardner, Mass., for a few days and had a perfect trip so far, there being perfect weather and no car accidents. They were the guests of Mrs. Blanchard's brother, and from there they were proceeding by Boston and New York where the doctor was staying to witness the Dempsey-Carpenter fight. Both he and Mrs. Blanchard left for Baltimore on Sunday last, where he will attend the session of his former college mates in the Dental College. Miss Kathleen Coyle, who accompanied them on their trip to visit her father, Mrs. William McCrory and Mrs. T. J. Grogan of Brooklyn, N. Y. The party will be absent three weeks or more.

DISCREDITABLE INCIDENT.—Yesterday morning a car containing a lady and three gentlemen was held up on the North River Bridge by one of those unfortunate miscreants who so frequently give the Province the reputation of still harboring too many savages. This fellow was hauling a load of muskelland and when he saw the car approaching ordered the driver in bearish, blasphemous language to get back. The driver of the car, seeing there was plenty of room for both and observing that the horse was not frightened, refused to go back and told the carman to drive on. This, the latter refused to do and drove his car square across the bridge to prevent the auto from proceeding. Then he got off his car and taking a shovel threatened the car driver. The latter quietly told him to move out of the way as he was not going to be held up on the highway. He started his car and the bully at last discovering that discretion was better part of valour got out of the way with a few more picturesque oaths. It is understood that the car driver is bringing an action against this man and no doubt it will be a lesson to others, if there are others.

REMEMBER.—Picnic at North Rustico, July 27th.

HELP THE ORPHANS by attending the strawberry festival on Thursday at Victoria Park.

Prince Street School Review By Principal Seaman

The following is a review of the work done at Prince Street School during the past scholastic year submitted by Principal Seaman at the closing exercises: Mr. Chairman, Ladies and Gentlemen,

In accordance with what has now become an established practice, it is my duty to give a brief review of the work done in Prince Street School during the past year. No new departures have been made in any of the grades, but in each the customary routine has been followed. Pupils have in the main been industrious and teachers have been faithful in the discharge of their duties, both teacher and pupil working with a purpose to excel. Of the previous year's staff Miss Watson was granted a year's leave of absence, Miss Norton resigned to continue her studies at Acadia University, and Miss Jacqueline MacDonald, was transferred to West Kent. Their places were filled by the appointment of Misses Jean Tait, Dorothy Duchemin and Christine Kelly, all former pupils of the school, who had made good records as students and whose records as teachers have been equally good. Miss Irving, who has been a most efficient teacher, has been ill for some months. It is pleasing to note that she is improving in health. All hope that she will soon be able to resume her teaching. Miss Helen Yeo, another former pupil and a holder of an Honor Diploma from Prince of Wales College, has very satisfactorily supplied for Miss Irving.

Miss Taylor is taking a year's leave of absence. I trust, and fully expect, that she will return to the school to continue the work so efficiently done by her in the past. Not only as teacher of her grade, but also as director of the music, she has served the school faithfully and well. The musical part of today's program, as well as prepared by Miss Taylor, ably assisted by Miss Tait.

Miss Annie MacDonald, who has taught in one of the primary departments for ten years, has resigned. She is about to take up the not less responsible, though perhaps less strenuous and more agreeable, task of presiding over a home. As a teacher, Miss MacDonald has been faithful, industrious, sympathetic, and conscientious. We are sorry to have her leave the school.

Miss Duchemin, after a year's service, has resigned, to continue her studies at a university. She has done good work while she has been with us. I feel assured that she will succeed in her studies. We are sorry to part with these three teachers, and trust that their places may be filled with the very best teachers available.

Generous friends of the school have donated prizes for competitors in this year. The chairman of our Board has given a five dollar

gold piece to the writer of the best essay on Tennyson and his work. His Worship, Mayor Riley has given a gold coin to the pupil best in Canadian History. Mr. G. D. Jenkins gives \$5.00 to the pupil who excels in Physical Culture. Mr. James Paton, who has given prizes for many years, gives \$5.00 to the pupil best in English. Principal Moran gives a Gold Medal to the pupil making the greatest improvement in Writing. The Daughters of the Empire gave a prize for the best essay on "The Part Played by the Navy in the Great War." Trustees Gordon, Rogers, and Longworth each gives a prize in Grade IX. Mr. G. D. Wright one in Grade VII, Mrs. R. E. Match one in Grade VI, Mr. E. T. Higgs, M. P., six prizes of \$1.00, three in each of the Primary Classes.

The thanks of the school are hereby tendered to the donors of the prizes. I can assure you, ladies and gentlemen, that both teachers and pupils appreciate your generosity. Your example is one that many other citizens might profitably follow. I desire to thank especially, Mr. R. E. Mutch and Mr. R. H. Jenkins, who, by personal solicitation, procured a number of these prizes. The winner of the Governor-General's medal for General Proficiency, the highest honor in the school, is this year, Mildred Toombs. Only by the strictest application has she earned this reward.

Several entertainments were given by the school this year. On Friday Day the public were invited to hear a patriotic program. Later the pupils of the higher grades gave a literary entertainment, at which an essay on Tennyson was read, and songs and recitations from his works were given. Empire and Arbor Day were fittingly observed. On all these occasions, there was a large attendance of the public, who, in this way, showed their interest in the school and encouraged both teachers and pupils.

This year Medical Examination was inaugurated by the Red Cross, and carried out under the direction of Miss MacMahon. The result of that examination was to me appalling, the expression is not too strong. Of the pupils examined 96 per cent. were found defective in some respect. It is true that many of these defects are minor ones, that, if attended to now, can be remedied, but, if neglected, will surely develop into more serious ones. Please remember, therefore, that a greater or lesser degree of advancement in school work. The parents have been notified in each case and requested to have the matter attended to. I have learned that 92 per cent of the children whose parents have been notified are being treated, 21 per cent have promised to have the matter attended to during the vacation, and 47 per cent are apparently paying no attention, some of these parents declaring that there is no need. There are some cases where the parents cannot afford needed medical attention. Fortunately the Red Cross is not unmindful of this fact. The following letter, handed me yesterday, speaks for itself. I take pleasure in reading it, and hope that all, both pupils and public, will remember it.

Prince Edward Island Branch June 25th, 1921 Principal, Prince Street School Mr. J. D. Seaman, Charlottetown, P. E. I. Dear Sir:— I have been informed by Dr. S. R. Jenkins that it has been decided that children referred through the Red Cross to the Public Health Department, whose parents cannot afford to have the work done for them will be operated on for tonsils and adenoids, free of charge at either this paper. Ask your druggist about it. J. G. Jamieson, Geo. E. Hughes, hospital by the attending surgeon

DERWILLO

Have you tried it yet? Thousands everywhere are using it. It is a wonderful tonic for the skin, defies hot summer sun and causes wrinkles, tan, freckles, sallowness, blackheads, sun spots, roughness, redness to quickly disappear. It brings roses to the cheeks and makes anyone look 10 years younger. Gives a youthful complexion and "A skin you love to touch." A single application proves it. See large advertisement in this paper. Ask your druggist about it. J. G. Jamieson, Geo. E. Hughes, hospital by the attending surgeon

of the month at the hospital. Also that an effort is being made through the Dental Association. We hope before the end of the summer to have a free dental clinic established where children who are unable to pay will be cared for. Yours sincerely,

WINIFRED MACLEOD, R. N. Public Health Nurse I am also informed that if parents or guardians wish to consult any of the nurses about the children a nurse will be in attendance at the Red Cross Office in the Market Building on Tuesday and Friday mornings and will be glad to give what advice and assistance she can.

Ladies and gentlemen, let us make up our minds that this good work, so auspiciously begun, shall not be discontinued, but, by all possible means, let us try to induce the Provincial Government, the City Council, and the City School Board to supplement, if necessary, the work being done now by the Red Cross, and to continue it when the Red Cross gives it up. To interest the pupils in the matter and to give them an opportunity to help others less fortunate than themselves, Junior Red Cross Clubs have been formed in the school. The total membership of these clubs is today 119. These members, who will observe are wearing their Red Cross buttons. I will not be satisfied till every pupil is a member.

Now that our attention is being so pointedly directed to the physical condition of the pupils, it seems fitting to remind the board that our school needs proper physical training for its pupils, some gymnastic apparatus, a suitable room for exercises, and material for games.

It is gratifying to be able to report that this year the girls of Grade VIII, IX, and X, have had the advantage of a full term's tuition in Household Science. The benefit of this instruction cannot be over estimated.

Under Arrest For Kidnapping

CARBONDALE, Pa., July 5.—Thomas McMyrn, of this city, is under arrest here today charged with kidnapping and assaulting Mary Murphy, a 20-year-old nurse, who he is alleged to have held a prisoner in the woods near here, for nearly twenty-four hours. McMyrn is 26 years old and a rejected suitor of the young woman.

Jacob Pecho, automobile dealer of Carbondale is held in bail in connection with the case.

According to the Carbondale police, Miss Murphy was called on the telephone Monday night to go to a patient's home at once. A few minutes later, Pecho drove up to her

Splendid Property for Sale in Charlottetown

I am authorized by Frank Riggs Esq., to sell by Public Auction on Monday, July 11th, commencing at 12 o'clock noon, his beautifully situated residence No. 21 Chestnut and Upper Queen Streets, the property is beautifully situated, in keeping the congregations supplied with services, and in caring for the needs of the paragon garden all in first class repair. This labor of love, which has entitled so much sacrifice has been deeply appreciated by them.

Note of Appreciation

The Rev. S. D. and Mrs. Webster Cornwall desire to thank the numerous friends who have shown so many kindnesses to them during their affliction, and especially those persons who have assumed the heavy burden of responsibility in keeping the congregations supplied with services, and in caring for the needs of the paragon garden all in first class repair. This labor of love, which has entitled so much sacrifice has been deeply appreciated by them.

Another Way Of Looking at It

Some folks are in a position to adopt a child—They want the voice of a boy or girl in their home—They are ready to lavish care and attention on a little one, to treat it as their very own.

Wouldn't they be much more inclined to take one of the children from a Home where everything is clean and healthful, where good instruction is given and good habits formed, than from crowded and unsanitary quarters, where Gods greatest gifts, fresh air and sunshine are excluded?

You know, as well as we, that the present Mount Herbert Orphanage is inadequate, to say the least. A Home must be built ere winter's storms shall come. The plans are ready, the contract is made, the drive for funds is on. How large can your share of the \$100,000 objective be?
