BETTY COMPSON

For Those We Love

BETTY COMPSON
GOLDWYN

A story of love, sacrifice and a girl's supreme heroism. It grips the heart strings, and makes you feel like stretching out your arms to help her. Rich in suspense and action.

Round (6) of "The Leather Pushers"

THE CENTRAL GUARDIAN

SHOP from Holman's Catalog. KINDERGARTEN NOW OPEN—pupils should enroll at once.

NOW IS THE TIME to install a McClary's "Soft" fireplace, compare the weight with others. The Rogers Hardware Co., Ltd.

NEW WAREHOUSE. — Excellent progress is being made on the new warehouse being erected on the highway crossing near the railway crossing. The building which is being erected by the Fraser Construction and Paving Co., New Glasgow, N.S., was commenced about a month ago and is 50 x 80 feet. The foundation and cellar is concrete, while the sides are of brick. The structure is about ready for the roof and it is expected the work will be completed by the end of this month. The building will be used for storage and filling of barrels, and will also contain a cooper shop.

AN ORCHESTRA FOR CHARLOTTETOWN. — A meeting of all those interested in an amateur orchestra is to take place this evening at 7.30 in Prof. Fletcher's Studio in the Kinkergarten Building. Miss Stultz, the solo violinist, who has made such a favorable impression in Charlottetown, is very much interested, and has consented to take the position of leading violinist. Prof. W. E. Fletcher, who has had considerable experience in England in directing orchestras, and was director of the Hertford Military School Orchestra, and the O. T. C. Orchestra, at Bechill, England, has signified his willingness to act as director. The idea of the orchestra is to try and rebuild instrumental music in Charlottetown. There are a number of young girls and boys who are now studying the violin and other instruments who will be welcome in this orchestra. It is being organized for educational as well as social purposes. All the musicians who have a knowledge of violin, or any other instrument that can be used in this orchestra, are invited to be present at the meeting this evening, when arrangements will be made as to where permanent practices will be held. The meeting will be for the purpose of organization, after which music will be selected and practice started. It will indeed be a pleasant way to spend an evening at a work in this musical and social way. All those interested are asked to attend at 7.30 this evening to thus show their appreciation of the movement to give Charlottetown a good amateur orchestra.

THE DENTAL parlors of Dr. W. L. McLellan will re-open on Oct. 20th. 200040-17-31

ALTERATIONS UNDER WAY. — The extensive alterations now under way at the Navy League building are being pushed forward by the contractors, Messrs. Lowe Bros. In addition to the enlargement of the hall, class room and office downstairs into a reception room, a conservatory is being built which will add much to the appearance of the building.

REV. J. W. WADMAN. — The Rev. J. W. Wadman, D. D., writes to the Wesleyan under date of Oct. 3rd. "Have just received my appointment from the Conference here which closed late last evening. My new charge is Simpson Memorial Church, our oldest and most influential church in San Francisco, though now somewhat of a down town proposition. There is a wonderful plant and a very fine opportunity for growth along modern evangelistic lines. We are very happy and are looking forward to a successful and pleasant pastorate with God's blessing."

PRESBYTERIAN. — The congregation of Bexton and Richmond, has extended a call to Rev. W. A. McQuarrie. Mr. McQuarrie has recently returned from a year or more of study in the old land, having been awarded the James William Carmichael and Alumni scholarships by the senate of Halifax Presbyterian College on his graduation in 1916. He held a pastorate in Bedouque, P.E.I., before going abroad. Bexton has been vacant since the resignation of Rev. G. S. Gardner, in July last. — St. John Telegraph.

APPOINTED HOG GRADER. — Mr. Harold W. Clay, B. S. A., formerly with the Provincial Department of Agriculture has been appointed Junior Hog Grader for the Maritime Provinces. This appointment comes from the Federal Government and Mr. Clay will grade hogs at local shipping points to be announced later. During the other seasons he will carry on extension work with the object of increasing the output of select bacon hogs. It is understood that the large packers will pay a premium of about 10 per cent on all hogs which shall grade as select bacon. Mr. Clay, who is a son of Mr. C. B. Clay of Dundas is a graduate of MacDonald College where he specialized in Animal Husbandry.

DON'T FORGET. What? the tea in Y. M. C. A. from 4 to 7 this afternoon, 35 cents. Oct 17-11

CHURCH OF SCOTLAND. — Rev. Ewen MacDougall will preach Saturday 21st at Brooklyn at 7 p. m. and Sabbath 22nd at Peters Road and 10.30; Murray River at 2.30 and Belle River at 6.30; also Monday 23rd at Point Prim at 7 p. m.

A GOOD BEGINNING. — A concrete sidewalk is now being laid through Queen Square gardens from Prince Street corner, past the Court House to Richmond Street, connecting with the Provincial Building. Citizens are beginning to indulge in the hitherto vain hope that the government will during the winter months go to the additional trouble of having the snow and slush shovelled away.

PERSONALS

Mrs. E. W. Manson, Summerside was a visitor to the city yesterday.

Miss Florence Dotron of St. Charles was a visitor to the city yesterday.

Miss Lillian McKenzie left yesterday morning on a visit to Rothesay, N. B.

Mr. F. McKee, C. N. R. Conductor, left yesterday morning for Montreal, where he will enter the Royal Victoria Hospital for treatment.

The many friends of Mrs. Frank L. Dillon who has entered the Prince Edward Island Hospital for a minor operation will be pleased to learn she is progressing favorably.

Mr. D. D. Ryan, the widely known and popular purser of the Car Ferry, who has been in the Royal Victoria Hospital, Montreal for a slight operation, is now in Boston visiting friends and is expected home some time next week. It is thirty years since Purser Ryan has had a holiday trip and his many friends hope he will be greatly benefited by his vacation.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Financing the Canadian Farmer

(Continued from Page 5)

ceive deposits and pay interest not exceeding 4 per cent. Though these Acts have been in operation only since the spring of this year, approximately \$50,000 has been loaned in short-term and \$760,000 in long-term loans.

Quebec.

Assistance is provided to Quebec farmers both by short-term and long-term loans. Banks are established which constitute separate entities and operate in restricted localities. The loanable funds of a bank are obtained by receiving the deposits of the people in that section and by the sale of its shares. The value of each share is usually \$5 and is payable in small instalments of a few cents each. The social importance of the system, especially in encouraging thrift, is made a paramount feature, though the system is voluntary and members may withdraw their holdings at any time. Loans of small amounts, are made on the security of promissory notes, but at other loans are based on first mortgages. The larger proportion of the loans are from \$5 to \$200. Repayment is monthly. By 1920, 16,297 loans had been so made aggregating \$4,272,584.

New Brunswick.

The Act to Encourage the Settlement of Farm Lands was passed in 1912, and under it a board of three members is appointed to buy

farms and sell them at cost to settlers and to administer a government fund for this purpose. A catalogue of suitable farms is kept and the settler is helped to make a choice. If the price to be paid for the property is less than \$1,000, the purchaser must pay down 25 per cent; if the price is over that amount, he must make an initial payment of 35 per cent. The final payment must be made within ten years. To date 435 farms have been so purchased, and complete repayments have been made on 171 to the extent of \$88,321. In 1918 the Act to Provide for the Purchase of Sheep was passed, authorizing the government to purchase breeding sheep and resell them to the farmers of the province at cost. Three hundred loans have been made for this purpose, totalling \$21,000, and in the time which has transpired since the passing of the Act the number of sheep in the province has increased by 200 per cent. Nova Scotia.
