Stock Markets At A Glance

CHICAGO, May 21 — (AP) — May rye and May and September barley broke the five-cent limit during the last 15 minutes of grain futures trading today. All other markets were weak and showing heavy losses.

NEW YORK, May 21 — (AP) — While assorted utilities did well in today's Stock Market, profit cashing on the recent upswing reduced main industrial leaders fractions to 2 points.

The Associated Press 60-stock composite was off .2 of a point at 66.2, first drop since last Monday.

WINNIPEG, May 21 — (CP) — Erratic trading featured the rye futures market today on the Winnipeg Grain Exchange. Deferred options displayed considerable strength in early trading when they soared to new seasonal highs but dipped sharply near the close when hesitation brought out selling. Traders neglected the May during the session.

TORONTO, May 21 — (CP) — The mining stocks closed with a moderate loss today on the Toronto Exchange. Trading moved quietly and aggregate turnover was slightly under last week's average.

The last hour trade was featured by an active market for Lake Dufault and it advanced 30 cents to close at 1.50. International Uranium gained 15 cents to 1.45 and minor gains were held by Golden Manitou, Normetal and Pend Oreille and moderate losses were netted by Smelters, Hudson Bay, International Nickel, Noranda, Ventures, Waite-Amulet and Labrador.

MONTREAL, May 21 — (CP) — Papers were again featured in trading today on the Stock Markets. Several issues buoyant at the end of last week continued to advance but there was some profit-taking at lower levels among the balance of the group. Strength in papers is attributed by market students to the announcement of the United States war production board, confirmed at Ottawa, that output of Canadian newsprint will be increased. Among the balance of the section, junior mines were fairly active and mixed.

MASCULINE LINE CONFUSES ISSUE

Girl students in a Junior High school in Tulsa, Okla., have been given an ultimatum by the boys of the schools, recalls Ruth Millet. They've been told that if they don't want to walk alone they'd better take to wearing skirts instead of jeans— because "It isn't any fun to take a girl out on a date when she looks like your kid brother."

But there's a tag line to the story that really gets down to the root of the matter. It seems the boys like jeans themselves,, and the girls are buying out the shipments.

The junior high girls will probably be suckers enough to fall for that line about the boys wanting them to look more feminine —for women always fall for it.

They join right in with men in ridiculing women politicians, when the real reason that men find politics not feminine enough a career for women is that they don't want their competition smothmeo wear

Ridicule Women

Business women have for the most part—let men talk them out of wanting to get the top jobs in their field. Men make fun of women executives, and women say, "I certainly don't want to be considered career woman."

And whenever men decide it is to their advantage to sell women on the idea that their place is the home and they find it is a fairly simply matter to get the women stringing along with them.

CUT SUPPLY LINES

A lesson from tactical bombing is being applied in warfare against diseases of plants, as fruit growers adopt the practice of cutting the supply lines of plant disease pests by spraying the ground as well as the trees
