

Those Tired Nerves

When you are nervous, irritable, unstrung—when you worry and fret over trifles—when your appetite fails: then is when you need a direct nerve tonic.

Here is one which contains no alcohol. It's value comes from phosphates and tonic alkaloids, properly combined. The name? Penslar Dynamic Tonic. And of course the full formula is on the label. That is the Penslar way.

This splendid remedy supplies to the nerves the needed phosphates, restoring their tone and vitality—it is a builder, not a mere stimulant. We'd like to tell you a great deal more about it next time you are in. 75c bottle.

MONTREAL

THE FIFTH CITY IN NORTH AMERICA.

New York, Chicago, Philadelphia, Boston, Montreal. Thus ranks Montreal, the fifth largest city in point of population (over 700,000) in North America, and also the largest city in English speaking portions of the British Dominion beyond the seas.

Special excursion fares on Government Railways will be in effect Sept. 30, Oct. 1 and 2, good for return until Oct. 18. The fare from Halifax to Montreal and return on these dates will be \$19.45, and proportionately low rates will prevail from all points in the Maritime Provinces.

GERMANS CAUTION SUB COMMANDERS

(Special to The Guardian) BERLIN, Sept. 22.—Commanders of German submarines have been given strict orders that in case of doubt as to the intention of liners they are to take the safe course and permit the ship to escape rather than run the slightest risk of error.

GERMAN SUB RAMS A GERMAN

(Special to The Guardian) COPENHAGEN, Sept. 22.—Norwegian fishermen who have arrived at St. Avengeur on the Southwest coast of Norway state that off the Island of Utstein, near the entrance to the Gulf of St. Avengeur, a German submarine by mistake torpedoed another German submarine. They believe that the sunken vessel had been disguised to look like a British submarine. The boat exploded and sank with its crew.

ITALIAN WAR THEATRE, Sept. 22.—Against the northern sector of the Plateau Lafraun, enemy infantry, several hours before daybreak, maintained a vigorous fire. Accomplished nothing in the district of Dolomates Italian artillery displayed increasing activity against Montecia and the region on both sides of the mountain.

Nervous, sick headaches tell of exhausted nerves, and warn you of approaching prostration or paralysis. By enriching the blood Dr. Chase's Nerve Food restores the wasted nerve cells and thoroughly cures headaches, sleeplessness and other nervous disorders.

YESTERDAY'S SHOW A GREAT SUCCESS

(Continued from page one)

W. J. Stark of Edmonton, Alta., who completed the carriage and standard bred classes. To-day he will take up saddle horses, hackneys and roadsters. The carriage classes, he said, were fair in number, and good in quality. The three horses in the over 15 hands class would be strong competitors anywhere. The thirteen colts, foals of 1915 were the best he had seen in any show ring in Canada, and he has been judging from Halifax to Vancouver. There was not an inferior one in the lot. Mr. Stark states that more attention should be paid to breeding standard bred and ponies. The type of the carriage horse is past in the cities, as he is being replaced by the automobile. The carriage horses shown at this Exhibition were mainly of the roadster type.

Mr. Stark believes that roadsters are more serviceable for this province and suggests that they be given more consideration in the prize list.

THE RACES

A crowded grand stand witnessed some of the finest racing seen here in years with record breaking performances thrown in. The track was good, but there was a very heavy wind blowing, which must have handicapped the horses a few seconds. Notwithstanding this Mayor Todd broke the provincial trotting record and came within 1/4 second of his own, the Maritime trotting record for stallions, 2:16 1/4. He is thought by many to be one of the best horses in Canada to-day and it is probable he will eventually take a record below 2:10. One of the best features of the racing yesterday was the 2:24 trot, which resolved itself into a contest between Arkola and Happy George.

Happy George, the electrical, with his finishes jumping out Arkola at the wire. Starter Power says they were among the closest finishes he has ever seen. The 2:24 class trot was the first race called and it was the expectation of everybody that Arkola would be an easy winner. In the first heat Arkola did not score well and got away badly. He made up the distance and turning into the home stretch was leading horse, but went to a break. Happy George won, with King Brazilian 2nd. Time 2:21 1/4. In the second heat all the horses got away well, Arkola taking the lead. Brenton H. and Happy George fighting him to the home stretch, when Happy pulled out, beating Arkola to the wire by a nose. The finish of this heat brought the spectators on the grand stand to their feet. Time 2:22. The third heat was a repetition of the second, Happy George winning with Arkola 2nd. Brenton H. trotted a good race, finishing 3rd in each heat and showing great bursts of speed. The 2:30 pace was a straight heat victory for Helen R., making her 5th consecutive win in two weeks. Interest was mainly in the fight for second place, Dixie securing the place in a driving finish in each heat. Best time was 2:17 3/4.

The 2:19 class trot brought out four of the fastest trotters in the Maritime Provinces, including the Maritime stallion record holder, Mayor Todd, 2:16 1/4, and Dr. Sharper, whom Todd just nosed out when he got his record at Halifax last week. Mayor Todd won the race in straight heats. In the second heat he and Sharper had a great battle, Todd beating Sharper in the last few strides in 2:18. In the third heat Mayor Todd showed what a wonderful racehorse he is by stepping the mile against a heavy wind in 2:16 1/4, thereby hanging up a new provincial record for trotters. He is a very high-class horse and good judges predict that, given careful preparation for racing alone, he can turn the mile track in 2:06 or 2:07.

NOTES.

The McKinnon Drug Co. were the largest money winners, taking \$577.50. The total winnings in the past two weeks have been \$1371.50.

It is the largest money-winning stable in the Maritime Provinces. Helen R., winner of \$975, is the largest individual money winner. The manager of the stable is Mr. Ernest McTague, and to whose faithfulness and care credit for this success is largely due.

The officials were the same as yesterday, and they handled the meeting very creditably.

Starter Frank Power is one of the best in America, and it is always a pleasure for spectators and horsemen to have him in the starter's stand.

SUMMARY.

224 Class Trot. Happy George, 2:22 1/4. Wm. A. Toombs, Simple, 1, 1, 1. A. S. Etter, Steele, 6, 2, 2. King Brazilian, F. Welch, 2, 6, 5. Brenton H., H. C. Hooper, Hooper, 3, 3, 3. George Cresceus, 2:23 1/4. J. P. Smith, Conroy, 4, 4, 6. Cap Cresceus, H. Home, Cameron, 5, 5, 4. Time, 2:21 1/4, 2:22, 2:20 1/4.

230 Class Pace. Helen R., 2:16 1/4. McKinnon Drug Co., McKinnon, 1, 1, 1. Dixie Girl, 2:24 1/2. J. A. Henderson, Henderson, 2, 3, 2. Queen Catherine, G. Harding, Harding, 3, 2, 3. Zedot, 2:29 1/2. M. McKenna, McKenna, 5, 4, 4. James K. Noonan, A. S. Etter, Steele, 4, 5, 5. Time, 2:20 1/4, 2:17 3/4, 2:22 1/4.

219 Class Trot. Mayor Todd, 2:16 1/4. Hammond Kelly, Kelly, 1, 1, 1. Dr. Sharper, 2:18 1/2. McKinnon Drug Co., McKinnon, 2, 2, 3. Devilish Dorothy, 2:18 1/2. Dr. J. T. Jenkins, Cameron, 4, 3, 2. Oakley H., 2:18 1/2. Owen Traitor, McVeigh, 3, 4, 4. Time, 2:20, 2:18, 2:16 1/4.

IN EXHIBITION BUILDING

HOME-MADE PRESERVES.

Home-made preserves are well represented despite the remarkably poor season for all varieties of fruit. Canned and bottled fruits and jams, including strawberry, raspberry, red and black currant, etc., were all shown. In fact it is claimed that this is the best display of home-made preserves ever shown at the Exhibition.

HOME COOKERY.

There have been larger shows of domestic cookery in past years. Doubtless a Christmas exhibition of home cookery would show a finer variety and quality than is possible at this busy season of the year. The small exhibit of home-made bread in both white and brown classes showed some fine loaves. In home-made cakes, of pound, sponge, and fruit varieties the few samples shown showed tempting features.

BUTTER DISPLAY.

The new cold storage arrangements for the better display of the butter exhibits have been fully taken advantage of and a goodly variety of both dairy and creamery butter of fine colour and texture is shown in boxes, crocks, blocks and prints. The fancy display was particularly dainty.

VEGETABLE EXHIBITS.

An alcove at the North end of the Exhibition hall provides some fine specimens of Island growth in varieties of potatoes, turnips and beets.

The size and variety of squashes is one of the striking features at this end of the hall. The largest squash grown in 1915 is displayed and a beauty it is too. Giant pumpkins cover another table with golden magnificence and the small show of tomatoes exhibited some fine specimens.

Bags of Banner oats, wheat, barley, buckwheat and a display of various vegetables are shown on a stand under the gallery.

FLOWERS STALL.

The flower display in front of the Experimental Farm exhibit is particularly worthy of notice to both horticulturists and all lovers of nature in their most lovely forms.

The Decorative Art section at the North end of the gallery was a centre of interest to many visitors yesterday. Some of the oil and water colour paintings show distinct talent. Wealth of colour and strong treatment were apparent in some of the more ambitious efforts. The chalk drawings especially presented some very creditable studies in statuary, still life, fruit, etc.

AMATEUR PHOTOGRAPHY.

Amateur photography also secured marked attention from many visitors, and the postcards, vignettes, etc., shown in Island scenes, etc., elicited much interest.

HANDICRAFT STALL.

Professor Barlow's handicraft stall was both instructive and interesting to many, especially the boys. The neat jointing of the models and marquetry work reflected great credit on the skill and industry of the pupils of West Kent, Queen Square and the Model Schools.

LADIES AID REFRESHMENT STALL.

The P. E. Island Hospital ladies aid tea pavilion had a record day's business today. The fact that the profits were for such a worthy object may not have bulked largely in the minds of many of their customers, but at any rate they took full advantage of the fare provided at the gallery tables, and vast quantities of tea, bread and butter, pie and cake were consumed.

BUSINESS DISPLAYS

A. E. TOOMBS

A. E. Toombs has one of the largest and best showings of musical instruments ever put on exhibition in the building. It consists of a beautiful mahogany Willis Player Piano, and a number of the different styles manufactured by the Willis Co. One of the notable features of this showing is a beautiful Cressian Walnut piano, Style K, in the centre of the front of which the grotesque outline of a human face may be distinctly traced in the rich figuring of the wood. It is polished in dull finish. Mr. Toombs sets great reliance on the Willis Pianos, and his confidence is thoroughly well founded for this Company's products are endorsed by the world's greatest performers as the acme of perfection. This firm is one of the largest exclusive piano manufacturing firms in Canada. The factory has not closed down for a single day since the war started, which speaks well for the high estimation in which their products are held by the public.

Another feature at this stall is the splendid display of photographs such as the wonderful Edison Disc photograph, the Ambrola and the

The McKinnon Drug Co. were the largest money winners, taking \$577.50. The total winnings in the past two weeks have been \$1371.50. It is the largest money-winning stable in the Maritime Provinces. Helen R., winner of \$975, is the largest individual money winner. The manager of the stable is Mr. Ernest McTague, and to whose faithfulness and care credit for this success is largely due.

The officials were the same as yesterday, and they handled the meeting very creditably.

Starter Frank Power is one of the best in America, and it is always a pleasure for spectators and horsemen to have him in the starter's stand.

Columbia Grafonola. The beautiful mellow tones of these machines put them in a distinct class by themselves. This is Mr. Toombs first showing at the Exhibition and reflects great credit on his enterprise. Mr. W. S. Gesner, who represents Messrs. Willis & Co. for the Maritime Provinces, is assisting Mr. Toombs at this booth.

ROGERS HARDWARE CO.

This Company are making a special feature of the very latest in electric novelties. Tungsten flashlights in metal, enamel and cloth cases in vest pocket, tubular and other forms, including a new type reproduction of an automatic revolver, are shown in rich profusion. Bicycle and motor lamps and electric light combinations for clocks, watches and candlesticks are also exhibited. A combination vice with emery wheel and drilling attachment is a very useful tool which will appeal to all ironworkers. The Champion Agricultural Crank Forge is well worthy of the attention of farmers, smiths and all who are looking for a repairing outfit of the utmost utility. A small forge like this will pay for itself in no time on any farm. The "Childs" fire extinguisher and the "Lankford" horse collar are well worthy of inspection. The decorative and utilitarian possibilities of Beaver Board, Ru-ber-old and Roofing are also features of interest to builders, etc. Two handsome Yarmouth Silver Moon hand saws, a very compact sheep shearing machine and two washing machines fitted with ball bearings make up the balance of this fine exhibit.

CARRITTE-PATERSON MANUFACTURING CO.

The Carritte-PaterSON Manufacturing Co., Ltd., of St. John, Halifax and Sydney, present a fine showing in floor covering and roofing materials, featuring the famous Congoleum rugs. This has been a very superior hard wearing quality and handloom designed and colored, made by an entirely new process. It has been largely used during the past three years in leading hotels, hospitals and institutions everywhere. Sydney Hosie is one of the striking features of this material. Stove rugs of the same fire-resisting material are also shown. This material is waterproof, rot proof, and will stand the hardest kind of wear. This company are also manufacturers of Amattie, Everlastic and Panatrol roofing, also Barrett creosote shingle stain. Congoleum is stocked by Messrs. Paton's, Prowse Bros, and Rogers Hardware Store. Amattie roofing is handled by Fennell & Chandler.

MESSRS PATON & CO.

The fine display of this old reliable firm will prove most interesting to all who are on the lookout for everything that is latest and best in household furniture and furnishings. A bedroom suite in Cressian walnut of the finest quality and workmanship occupies a prominent place at this stall. For the dining room a handsome suite of 9 pieces, including dining table and china cabinet is shown. The chairs are upholstered in dark green leather. A massive dayvenor in green figured oak, an oak costume stand and the last word in dainty vacuum cleaners decorate the front of the booth, while a massive brass bedstead, on which is exhibited the "Best on Earth" with no tuft compartment mattress, strike the eye of every beholder.

MOORE & McLEOD.

This firm has a fine showing of wall papers—wall papers that will really decorate, not merely cover a wall. These papers cost no more than ordinary wall paper, and are sold at 5c. to \$10 per double roll. This firm carries one of the largest and finest ranges of paper, cretonnes and chintzes in the province. The designs shown are only a few representative examples. The English styles are full of interest and variety. The decorative treatment is reminiscent of the quiet brown tones of old oak woodwork. Grass cloth patterns with colorings of brown and cut out decorations and binders are also displayed. Some of the patterns are rich in their coloring and very quiet, restful tones refined in composition and color are featured for bedrooms. The harmonising and chaste selection of wall coverings is an important matter in these days of nerve strain and mental fatigue. Harmonious contrasts in color and texture have become an art among the master decorators of all big cities.

CARTER AND CO. LTD.

Carter and Co. Ltd. are showing this year a splendid exhibit of samples of their fine quality wall paper manufactured by Colin McArthur & Co. of Montreal, the largest wall paper manufacturers in Canada. Carter and Co. are agents for this well known firm for P. E. Island. Very beautiful and varied patterns are rich in their coloring and very quiet, restful tones refined in composition and color are featured for bedrooms. The harmonising and chaste selection of wall coverings is an important matter in these days of nerve strain and mental fatigue. Harmonious contrasts in color and texture have become an art among the master decorators of all big cities.

THE "MADE IN CANADA" MAGNET CREAM SEPARATORS AND ENGINES

A magnet cream separator operated by a H. P. "magnet" gasoline engine is one of the attractions of the machinery hall. Both 5 and 6 H. P. engines are also in operation. This booth is in charge of Earl Foster, Marshfield, who is always willing to demonstrate the good qualities of the "magnet" engines. The "magnet" separator and engine are manufactured by the Petrie, Mfg. Co. Hamilton, Ontario. Mr. L. H. D. Foster their Provincial representative for the past four years will, on request, willingly demonstrate the good qualities of the Magnet.

These Pants are really worth very much more than our special price. All sizes, 5 to 17 years, special at..... 78c

PATONS

OTHERWISE ENGAGED AT PRESENT

FARMERS, ATTENTION!

The De Laval Separator and Alpha Engines Co. An old friend, the De Laval cream separator stands as a positive guarantee of excellence and splendid worth. For this very efficient, durable and satisfactory machine, Mr. A. E. Wood is representative in P. E. Island. The separator is supplied by the De Laval Dairy Supply Company, Ltd., the head offices of which are in St Peter's Street, Montreal. Mr Wood has secured a highly interesting and attractive booth facing the main entrance to the big Exhibition building for the display of the De Laval separator. There can be no question as to the popularity of this particular machine, for the sales it has commanded as sufficient evidence of that. About ninety per cent. of the butter factories of the world use the De Laval. This alone is striking evidence of the popularity of the De Laval Cream Separator, isn't it? The admirable motto of the De Laval manufacturers is "Quality First consideration—price after." Mr Wood has something new in the line of a Milk Clarifier which should interest every milkman. This machine clarifies the milk before it is delivered to the customers and thus enables them to give their customers clean, pure milk.

INTERNATIONAL HARVESTER CO. OF CANADA.

The International Harvester Co., whose reputation for perfection and efficiency in their supplies is unsurpassed, have on exhibition the famous kerosene oil engines the "Mogul" and "Titan" one driving a feed grinder and the other driving a "Hall" threshing machine, which are wonderful pieces of machinery. No one who has any use for a first-class oil engine can afford to be without one of these engines. They are also showing a new and improved line of cream separators, the "Trimrose" and "Lily." They are the acme of efficiency in their line. Also on exhibition is a motor baling press for pressing hay. It is driven by an engine which can be worked equally well with kerosene or gasoline. This is an important fact, as it is both convenient and economical to have an engine adapted to either kind of fuel. All accessories and necessary parts for repairs are supplied. The exhibit of the Harvester Co. is the largest of its kind, and the building in which their exhibits are displayed is their own private property. The exhibit is under the highly efficient and capable supervision of Mr. J. A. McIsaac.

(Continued on page six.)

PERSONALS

Mr. Victor Sanderson, Midgell, was a visitor to the Exhibition yesterday.

Miss England from Travellers Rest is in the city attending the Exhibition.

Mrs. A. Scott Dawson, Picton, is visiting in this city.

Miss Mina Sharp, Pleasant Valley, was in the city yesterday.

Messrs Preston and Ira Woodside of Margate spent yesterday in the city.

Rev. L. J. and Mrs. Laird, Pleasant Valley, were among the exhibition visitors yesterday.

Mrs. John Latham, New Dominion, is spending Exhibition week in the city.

Miss Myra C. Hardy, York, is visiting in the City the guest of Miss Evelyn Howatt.

Among the visitors to the Exhibition this week are Mr. and Mrs. Morlie Arsenault, Mr. and Mrs. Peter Perry, all of St. Louis.

Mr. Harry Crerar and Miss Crerar of Antigonish are visiting Dr. and Mrs. Pethick, Pownal Street.

Mr. John McPherson of Pleasant Valley is visiting at the Experimental Farm the guest of Mr. and Mrs. Murdoch McLennan.

Mr. Chester McCarthy, of Tignish, is in the city attending the Teachers' Convention.

Mr. D. F. Tierney, of Souris, is in the city attending the Teachers' Convention.

Miss Sadie Soutner, Loyalist, spent Wednesday in Charlottetown attending the exhibition.

Miss Blanche Logan, North River is attending the Teachers' Convention in Charlottetown.

Miss Ruth Easter, teacher of Clinton School, is attending the Teachers' Convention in Charlottetown.

John R. Gallant and Alfred McCormack, New Acadia, were among the visitors to this city yesterday.

Mr. E. S. Norton, Cardigan, was among the visitors to the city yesterday.

Misses Christie Biggar, Bradbane and Lima McKay, Foundis Mills are visiting Mr. and Mrs. MacLennan at the Experimental Station.

Miss Mabel Corner leaves this morning for Lynn, Mass, where she will in future reside. Her friend, Miss Jessie Currie will accompany her to spend a vacation in Lynn.

Mr. and Mrs. J. D. Biggar, Bradbane, and Mrs. Wallace Drummond, Springfield, are spending this week with the former's daughter Mrs. MacLennan at the Experimental Station.

Rev. R. Hensley Stavert, M.W.P., National Division, S.O.T., and pastor of the Norton, N.B., Presbyterian Congregation, was among the visitors to Charlottetown yesterday.

Mr. and Mrs. Patrick Hamill has just returned home to Lower Free-town after spending a visit in Lot 7, where the latter went to see her father Mr. Peter Doyle who is seriously ill.

Mr. John Elliotte left yesterday morning for her home at Esquimaux. P. Q. Mrs. Elliotte has been here on a visit to her uncle Mr. Walter Lowe and other friends in this city. Mrs. Elliotte was formerly Miss Annie Gaudin.

Mr. Wm. H. Brydges, of the Post Office Staff, New Glasgow, N. B., is on a well earned vacation to P. E. Island. Mr. Brydges will while on the Island visit his old home in Montague and will also attend the Exhibition at Charlottetown.

Mrs. Katie Laites of New Glasgow, N. S. accompanied by her daughter, Mrs. Charles Binns arrived in Charlottetown Tuesday night to attend the Exhibition. While here they are the guests of Mrs. T. Steele, 45 Brighton Avenue, and on their return they will be accompanied by Mr. Charles Binns, of 19 Gratton Street.

Lieut. U. G. Dawson, Cape Traverse, arrived last night from Halifax, where he has been stationed for the last year. Mr. Dawson has been appointed Lieutenant in the "P. E. I. Infantry Reinforcements" and is taking over pay-master for the unit here. Lieut. G. H. Stanaway, who is to take over Quarter Master for the time being, is in Sussex, taking instructions and is expected to arrive for duty Friday night, so that there will be two units in working shape in another week's time.

Among the visitors to Charlottetown during Exhibition week were Messrs Sydney H. Savage, Rockfort, Mass., Sydney H. Dodge, and Clarence H. Dodge, New Boston, N.H. They arrived by the S.S. Halifax last Friday and leave by the same steamer today. While in Charlottetown they visited a number of fox ranches in the vicinity and enjoyed several pleasant drives to the country, also taking in the Exhibition. It was their first visit to the Garden of the Gulf and they thoroughly enjoyed it.
