Merit Makes it Famous.

The Only Remedy in the World Except a Surgical Operation, That Will Certainly Cure Any Form of Piles.

The study of physicians, the experiments of chemists, the loudly advertised pretences of quacks, have been for years expended in one direction; to find a pile cure that would cure.

The results have been a number of harmful and in most cases useless ointments, suppositories and even internal remedies, which the public have weighed in the balance of experience and found wanting; nearly all of them gave some relief, but nothing approaching a radical cure resulted from their preparations.

The remedy required is one which will immediately stop the pain or severe in many cases of piles, and then by contracting the small blood vessels (capillaries), to their normal size, produces a radical cure by reducing and finally absorbing the tumours and healing the inflamed, raw mucous surfaces.

Until a few years ago, no such remedy had been produced, but at that time a suppository was placed upon the market, which has since proven itself to be the long sought permanent cure for this common and distressing trouble; it has rapidly become famous throughout the United States and Canada, and is now sold by all druggists under the name of Pyramid Pile Cure.

It is now the best known, because its merit and safety have advertised it wherever used. It has been advertised by word of mouth, from one sufferer to another; people who have tried everything else, even submitting to painful and dangerous surgical operations without avail have finally found that piles can be cured without pain and without expense practically, as the Pyramid Pile Cure is sold for the nominal price of 50c and \$1.00 per package.

The Pyramid instantly stops all pain and at the same time contains no cocaine, morphine or narcotics; the acids and healing properties contained in the remedy speedily remove, cause a healthful, natural contraction and absorption of the tumours. It will cure any form of rectal trouble except cancer and advanced fistula which by the way nearly always results from neglecting proper and timely treatment for piles.

A book on cause and cure of piles sent free by addressing Pyramid Drug Co., Marshall, Mich.

Dry Goods Prices vs Furniture Prices

Said the manager of one of Canada's largest Departmental stores, whose catalogue may be found all over our Province:—"I would say that during the last ten years we have sent to P. E. Island \$50.00 worth of General Dry Goods, CARPETS, clothing etc. to every \$1.00 worth of Furniture." If this Departmental store, sold \$1.00—Worth of Furniture per month in P. E. I. they would in the same period esll \$5,000.00 worth of Dry Goods & c.

Personally we believe that quality considered both Furniture and Dry Goods have been sold in the past at fair prices. Yet any dealer desiring to do so can easily get the names of dozens of families who for years have imported the bulk of their Dry Goods, Carpets, Clothing &c from Toronto.

We show the **LARGEST STOCK** of FURNITURE and CARPETS ever gathered together in this Province. And we can sell you goods at about the same price as some dealers (who are ignorant of Furniture values) have paid for their goods. This **LARGE STOCK** is open for inspection by the Public and we may add:—

Its Going to be Sold.
