MARKET GOSSIP

(By Johnston and Ward's Special Wire)

MORNING MARKET LETTER

NEW YORK, N. Y., July 10—The action of the market was a little different yesterday. The opening strength following the active rally last Monday developed about the best prices of the day. Offers, particularly in the industrials, appeared too heavy to absorb and prices reacted. The rally held fairly well, wheat prices closed about 1 cent higher but this appeared to have little effect on stocks.

BARING LETTER

NEW YORK, N. Y., July 9—Today the industrial averages which for the past month I insisted would go near 124 went to 123.34 which may be a tactical purpose is near enough. Of course, they could go a trifle higher but a few stocks could have in mind a few moves of a few more points but the market as a whole has, in my opinion, about finished the advance which started March 18 when these averages were 95.05. You will see nothing by accepting profits on all strong spots that may still appear to culminate, then we will tell you what stocks to buy for the next big advance. Wilson pig sold at 74. Saturday I said to sell half around 73 and the other half near 75. Don't wait for the last eighth.
