—W. C. T. U. MEET—The annual meeting of the W. C. T. U. of Prince County was held on the 22nd at the summer cottage of Mrs. Harrison MacFarlane, Bedeque on Monday. There was a good representation from Summerside, Bedeque and Freetown. Mrs. MacFarlane presided and called on Mrs. Trueman to conduct the devotional period. Encouraging reports were given from each society on their year's work. Thirteen schools received prizes for the temperance educational essays. Mrs. George Pickering reported on her work of the Travellers Aid. Mrs. Barker read the scripture lesson. Prof. Profit read a paper stressing the necessity of earnest work as well as prayer in the temperance cause. Mrs. Linkletter gave a paper on temperance. Mrs. M. Henderson and Mrs. M. Linkletter were appointed a committee to bring resolutions at the Provincial meeting to be held this year at Bedeque. (Rev.) Barker read a very interesting paper on temperance during the hour before the refreshments were served. The officers for the year are: President, Mrs. Harrison MacFarlane; Vice President, Mrs. Deacon; Treasurer, Mrs. John Frizzell; Recording Secretary, Mrs. Archie Sharp. Refreshment tea was served by the society.—S.

British Troops In Bitter Clash With Arab Guerrillas

—JERUSALEM, Aug. 23—(AP)—British troops killed six members of a guerrilla band today near Kefr Sanna, identified by tradition with the Biblical place of Cana where Jesus turned water into wine at the wedding.

Other fighting raged through the Holy Land as troops moved to quell heavy sniping at traffic between Tiberias and Nazareth. One British soldier was severely wounded.

A British Army Captain, P. R. Oadey of the Royal Scots Regiment, was killed last night when his motor car was hit by a hand mine near Nathanya, and an Arab constable killed in an ambush near Lydda.

Two Jewish children, Rachel Konia, 13 and Yehuda Mishaal, 7, were acquitted by military court of charges of carrying and hurling a bomb that killed four and wounded 30 in an attack on a Jerusalem bus Aug. 7.

Request Plebiscite In Seeking Return To Responsible Govt.

ST. JOHN'S, Nfld., Aug. 23—(CP Cable)—A resolution requesting a plebiscite to determine whether the present commission of government should be replaced by the citizens of Newfoundland, would be forwarded to the secretary of state for the colonies, it was decided today.

The resolution is one of several passed at a citizens meeting in St. John's theatre last night. Five hundred men, mostly of the laboring class, and unemployed, attended the public meeting presided over by John Speares, a drygoods salesman.

The meeting also urged institution of a national sweepstakes, vigorous campaigns for expansion of the markets for Newfoundland fish in the United States, as well as a transinsular highway.

The highway project would be financed by a special issue of government bonds.

In Memoriam

MRS. MARY SHEEHAN
The death occurred at St. Joseph's Hospital, Lowell, Mass., June 15th, of Mrs. Mary Sheehan of 11 Stevens Street, resulting from injuries received in an automobile accident. The late Mrs. Sheehan had a large number of relatives and a host of acquaintances in the province who will be grieved to learn of her death, a daughter of the late Mr. and Mrs. Patrick Egan, Fort Augustus. She spent the greater part of her life in the United States. The late Mrs. Sheehan visited her old home last summer and previous to the fatal accident resulting in her death was making arrangements for a visit this year.

The deceased possessed of a genial and friendly manner a pleasant conversationalist and enjoyable company in any acquaintance were pleased to enjoy her company. She was a devoted catholic always attentive to the practice of her holy religion. The late Mrs. Sheehan leaves to mourn her death three sons and two daughters viz. Mamie of Fort Augustus this province and Sister M. Evangeline of Cornwallis, N.S., both in the province. The sons are Joseph, Harold and Timothy, of Lowell, Mass., also two brothers, one sister, William of Lowell, Mass., and Leo and Elizabeth of the old homestead Fort Augustus.

Her funeral was held at St. Patrick's Church, Lowell, Mass., on June 18th, Solemn high funeral Mass was celebrated by Rev. Joseph Murphy O. M. A. a cousin of the deceased assisted by Rev. Edwin T. Carey and Rev. Daniel Sullivan.

The pall bearers were Messrs. James Brogan, William Lane, Leo Brogan, James Clark, Martin Sheehan, and John Brogan.

Rev. Father Murphy assisted by Rev. Father Carey performed the funeral services at the grave. The burial was in St. Patrick's Cemetery, May her soul rest in Peace.

Dionne Quintuplets Again On Display

CALLANDER, Ont., Aug. 23—(CP)—The Dionne Quintuplets were shown twice to the public today, after a lapse of more than two weeks because of illness, but the girls were seen only through the windows of their nursery. Rain kept the Quints indoors in the morning, and although it cleared up later their play-yard still was damp.

Although there was no way of estimating the number of visitors at the nursery today, because they did not pass through the play-yard, it was believed that the crowd set a season record.

Kensington

Mr. Norman Dunning, of Clifton enjoyed a pleasant week-end in Kensington, in the guest of Mr. and Mrs. Claude Dunning.

Mr. Preston Kennedy, was a business visitor to Summerside on Monday.

Mrs. Eric Matheson and daughter, Joan left on return to their home in Boston, Mass., on Saturday after enjoying a pleasant holiday in Kensington the guests of Mr. and Mrs. Wesley Champion.

Holmans Win From Busters At Summerside

Holmans 6-1 win over the Busters last evening in a scheduled Summerside softball league game altered the standing very little and only further established the winners in first place and showed the losers further into the cellar.

The rival pitchers, Lowey for Holmans and McNeil for the Busters both went the full route with the former shading his opponent slightly with his dazzling speed and almost perfect control. Three consecutive singles followed by another single and Sullivan's triple after two were retired gave the victors three runs in the second inning and a sufficient margin to win the game.

Sullivan supplied the batting punch for Holmans hitting three for three while Gallant performed the same act for the Busters. Umpire B. Richards, base judge, R. Daley.

Hungarian Ruler

pute with Czechoslovakia be settled, her demands for revision of conditions for her minority in Yugoslavia might be forgotten, it was indicated, carrying out the scheme of Hitler and Premier Mussolini for reconciliation between Hungary and Yugoslavia.

As the first distinguished foreigner to visit Heligoland, the one-third of a square mile North Sea island commanding estuaries of the Elbe, Weser and Elder Rivers, Horthy saw Germany's post-war conception of fortification.

Disposed to him were Heligoland's secrets so carefully guarded that excursionists visiting this favored little island are so shepherded that they see nothing of a military nature.

The Regent, whose party came here from Kiel where the German navy paraded in his honor yesterday, not only was able to inspect the fortifications but also saw powerful defensive weapons in action.

While Madame Horthy and other distinguished guests watched folk dances, Hitler and the Regent, with their military attendants, saw coast artillery demonstrate its accuracy.

A number of young people from Kensington, motored to Summerside Monday evening, attended the ball game, between the Red Sox and Vitamannas, after which the majority of them took in the show at the Capitol Theatre.

Mr. George Adams of Sea View, and Mr. Oliver Brenton, enjoyed the week-end in North Granville, the guests of Mr. John Bourgoyne.

Mrs. Peter McDonald, has returned home from a pleasant holiday in Sea View.

Mr. Ben Champion was a visitor to Summerside on Monday evening.—H.

TO ESTABLISH "BLOOD BANK"

CALGARY, Aug. 23—(CP)—What is known as a "blood bank" will be established in Calgary within the near future, Dr. W. H. Hill, medical health officer here, said today. A "blood bank" is a system of storing blood for transfusions. The blood is treated and kept in glass jars for use.

Forest Conditions In Prince Edward Island

(Continued from page 4)

To further such a program immediate steps should be taken to make an intensive inventory of the forests of Prince Edward Island, and study the needs of the different districts of the Island, and treat the Island as a unit formulating what might be considered a working plan program. It would then be possible to concentrate on the treatment necessary for the various sections.

Education should be imparted as to the use of wood as fuel to encourage such use making possible the disposal of thinnings and doing away with what is now necessary—the importation of coal for fuel. While it is true that it would not be possible to utilize wood as fuel entirely yet certainly it would be possible with proper instruction and education to alleviate the present condition on the Island where it is necessary for many farms to purchase coal for heating and cooking purposes.

Alberton, spent Sunday with Dr. A. B. Martin, Mount Stewart.

Miss Luella McLeod and Miss Love, Brighton, spent last three days in Charlottetown.—M.

Hole In Throat Surmounts Trotter's Breathing Troubles Gains Defeats Dutch Fighter

SYRACUSE, N. Y., Aug. 23—(AP)—Along with the horse with the lavender eyes and the one that drinks beer, add one with the hole in his throat, put there to supply added air needed for heavy breathing that goes with trotting races.

It's Peter Song, five-year-old trotter in the stable of Vic Fleming, veteran trainer and driver of Syracuse who learned the game round and about his home town of Dundas, Ont.

Peter Song stepped a mile in two minutes flat (30 miles an hour) last fall for Fleming. Then a breathing difficulty developed and the full mile under speed, choking up and floundering hopelessly in the last half mile.

An operation, to cut a hole through the horse's neck and into his throat, was performed.

His round metal plate, the centre of

which can be removed, was placed as a cap on the hole.

Normally the plate is kept closed but for a race or a warm up the cap is removed admitting air that is otherwise held out by the horse's breathing troubles.

A week after the operation, having been pronounced physically fit, Peter Song won a race with the mark of 2:03 1-4 and later won another at 2:04.

HOUSE TO NAVY

MOMBASA, Kenya—Sir AM Birt Salin, Sultan of Zanzibar's representative here and member representing Arab interests on the legislative council, has presented his country residence to the Royal Navy.

President Roosevelt and Prime Minister King worked together even when it came to the ceremony of cutting the ribbon which marked the international boundary across a span of the Thousand Islands bridge system on August 18th. Each held one handle of the scissors as they snipped their way from Canada to the United States. From the vantage point of the cameraman who made this picture, Mr. King appeared to be taking his work a little more seriously than his friend. The Roosevelt smile was flashed a thousand times that day, although the President's day was a heavy one. In Washington it was reported that Mr. King will soon go there to discuss the Lawrence project. Some U. S. observers interpreted the Roosevelt address to be a promise of vigilance over Canada against aggressors in return for cooperation in the seaway venture.

Dominion Sanctuary For Beaver Planned In Northern Quebec

OTTAWA, Aug. 23—(CP)—Debate of a beaver sanctuary in northern Quebec on a scale never before attempted were announced today by Resources Minister Crehan. It will be a beaver farm of 13,000 square miles and the scheme has been made possible through the co-operation of Quebec and Dominion Governments.

Adjoining it will be the sanctuary of the Hudson's Bay Company where, for four years, beaver have been protected and which has an area of 7,000 square miles. R. H. G. Bonnycastle, assistant Fur Commissioner of the Company, has estimated it would be possible eventually to increase the beaver population in the Company's sanctuary to 25,000. It has already been increased from 182 to 1,545 in four years.

The Dominion's sanctuary will be exclusively for the Indians. J. S. C. Watt, who has had long experience in the district and has successfully managed the Company's project, will manage the Dominion's farm. It will be administered by the Mines and Resources Department.
