

**A NURSE SAYS**

Peru-na is a Tonic of Efficiency.

[READ WHAT WOMEN SAY OF IT.]

**MRS. KATE TAYLOR.**  
Mrs. Kate Taylor, a graduated nurse of prominence, gives her experience with Peru-na in an open letter. Her position in society and professional standing combine to give special prominence to her utterances.

CHICAGO, ILL., 427 W. Monroe St.—“As far as I have observed Peru-na is the finest tonic any man or woman can use who is weak from the after-effects of any serious illness.

“I have seen it used in a number of convalescent cases, and have seen several other tonics used, but I found that those who used Peru-na had the quickest relief.

“Peru-na seems to restore vitality, increase bodily vigor and renew health and strength in a wonderfully short time.”—MRS. KATE TAYLOR.

In view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned specialist on female catarrhal diseases, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge. Address The Peru-na Medicine Co., Columbus, Ohio.

F. G. Spencer returned yesterday from a ten days' business trip through the eastern provinces. Mr. Spencer has secured Jessie Macleachlan for nineteen concerts this fall, and during his absence completed arrangements for her appearance in Halifax, Windsor, Truro, New Glasgow, Sydney, Pictou, Charlottetown, Chatham, Moncton, Amherst, Fredericton, Yarmouth, and several other points. The St. John promoter found in every town he visited that the people were anxious for a return of Miss Macleachlan, and the prospects are that she will be greeted with big houses everywhere. Miss Macleachlan returned to Scotland about six weeks ago, on the completion of a most successful Canadian tour. In Montreal, Toronto, New York, Detroit and other large cities she was feted by the Scottish societies and presented with many valuable souvenirs.—St. John Sun.

The Exhibition of the Manual Training School work which has been held in the western school building Summerside during the past few days closed yesterday evening. During the time the doors have been open there were a large number of visitors to examine the articles on exhibition which included besides artistic models of Swedish design, many interesting and highly creditable pieces of work and geometrical drawings done by the scholars at the Charlottetown schools, students of the Colleges and the scholars of Summerside. The collection showed much skill and ingenuity. Much of the work was surprisingly well done and there was none but showed remarkable training. The teachers, Messrs Collier, Barlow and Nelson have done a great deal to further the interest in manual training work in this Province and their courtesy to visitors and their explanations of the different studies made a visit to the exhibition one of interest and pleasure.
