

Choose... This Year's ROGERS with Perfected Screen-Grid

Even for this pioneer Radio, its performance sets a new standard of excellence...

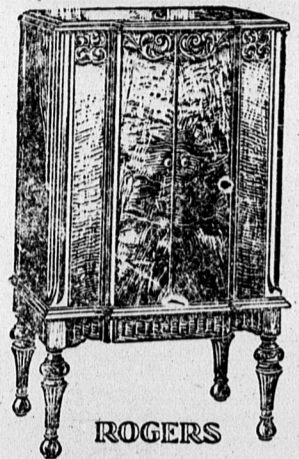

THE stage is set for the finest radio programs the world has yet known this Fall and Winter. Behind the scenes in the broadcasting studios, the greatest musicians and entertainers will give their best... highly-paid directors and technical men will transmit the programs to you with well-nigh perfection.

The stage is set... to bring in the "show" just as it is sent out... hear it with a Perfected Screen-Grid Rogers! The sensitivity of the Rogers has been outstanding for years. Selectivity is just as highly developed in the 1931 models. The station you want comes in with "pin-point" sharpness and a slight movement of the dial brings in another station, without any annoying "carry over" of sounds from the first station.

Seven tubes, four of the new Perfected Screen-Grid type and all fully guaranteed, give sweeping power, thrilling performance, Rogers "Tone Control"... to modify disturbances and mellow the tone character. Genuine Electro-Dynamic Speakers... handsome distinctive cabinets.

Only through ownership of a modern receiving set can you fully enjoy the splendid radio broadcasting of the present day. Choose this year's Perfected Screen-Grid Rogers now... at one of the dealers listed below. Thousands have already done so—giving the Rogers again outstanding sales leadership this season. August sales were 50% greater than last year!

A CANADIAN GENERAL ELECTRIC PRODUCT

CANADA-BRITISH TRADE FOSTERED

HALIFAX, N.S., Oct. 15 Canada has Halifax, N.S., Oct. 15 Canada has an opportunity of increasing the sale of many of her products in the London market, in the opening of conditions there, according to A. E. Willey, Public Relations Officer of the Port of London Authority, who arrived here in the course of a lecture tour including all the principal cities of the Dominion as well as St. John's, Newfoundland.

"The Port of London Authority has sent me here to stimulate the interest of Canada in the great market served by the Port of London," said Mr. Willey. Explaining Canada's opportunity for greater sales in London, he said the population there of 8,000,000 who annually bought vast quantities of products from all parts of the world, was steadily increasing because industry was concentrating more and more the London area. Within recent years, more than 3,000 factories had been erected in southern England, largely served by the port of London, which Mr. Willey described as the "World's sales room and the commercial stronghold of the British Empire."

"Last year overseas products to the value of nearly 500,000,000 pounds sterling were sold in the Port of London. This represents nearly 30,000,000 tons of merchandise of all descriptions from every part of the globe. No other city in the world makes such vast purchases of overseas products. London supplies not only its own local population but a large part of the nation's needs in many commodities, and is also a great international market where buyers attend to purchase various classes of merchandise in wholesale quantities.

Scout News and Notices

ST. JAMES SCOUTS

St. James Troop held a hike to Inkerman and did some night scouting. One Patrol stationed themselves at Inkerman and the other had to reach a pre-arranged place without the other patrol catching them. Twelve scouts were present. J. A. Lawson, Scout Master, James Burnett and Tom Edget acting as Patrol leaders in the absence of Niall Burnett and John Denny.

Patrol Leaders Course

On October 25th, Saturday afternoon and evening, there will be held in Charlottetown a Patrol Leaders Course. This is the first course of this kind to be held in Charlottetown and it is expected that twenty-five or thirty patrol leaders and their seconds will attend. Mr. Parent the Provincial Secretary, will put on this course and it is hoped that all Scout Leaders will attend. Watch this column for further particulars.

Lone Scouts

There are 225 Lone Scouts in Ontario 125 in Saskatchewan and growing rapidly, 140 in Manitoba and one in P. E. Island.

Badges

Scout Troops desiring Badges must apply to the Provincial Headquarters at Charlottetown, using the form supplied to the Scout Masters.

BAPTIST

Baptist Scouts met Monday with fourteen scouts present. There was inspection of Neckerschiefs (won by Wolf Patrol), Hand Signals, Tenderfoot Tests. Selected game won by Fox Patrol.

ST. PETER'S CUBS

Out of twenty six cubs enrolled only two failed to answer the roll Thursday night. New Cubs invested were: Herbert Murray, Don MacEchern, Art Wright, Frank Andrew, Bob O'Brien, Bill Bentley.

ST. PETER'S SCOUTS

Fourteen Scouts were present at the Friday night meeting, and the following Scouts passed their 1st class test in Signalling: Will MacRae, Don Hart, Ernie Crockett, Bob Crosby, Bob Owen, Dave Pillitter, Warren Farrow, Call Vinnicombe.

"For the handling of this vast trade the British Empire can boast the finest port in the world—London—the port that has helped to build the Empire and, conversely, the port that the Empire has helped to build. Last year, ships aggregating over 58,000,000 net registered tons entered and left the port.

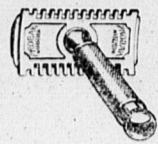

London is also the financial centre of the World, Mr. Willey said, and last year cleared 93 per cent of the 44,826,000,000 pounds sterling that passed through the Bankers, Clearing House of Great Britain. He declared that business could be financed more cheaply in London than elsewhere and that insurance rates generally were lower there.

"My visit to Canada is something more than just a move to increase trade," said Mr. Willey. "It is a manifestation of good-will from one of the most important public bodies in the United Kingdom and symbolizes the true Empire spirit of the Old Country."

London was not feeling the general trade depression as much as other cities. "Relatively, there are fewer unemployed in London than in other parts of England. Although it is possible that bottom has not been reached in the depression, there is confidence in London that an upward trend of affairs is not far away. International trade never slackens its pace for very long spells. Moreover, the demands of the individual world over are greater and keener today than ever before and where there is demand, supply is certain to follow sooner or later."

The SHOCK-ABSORBER

... is the reason why PROBAK swept the world

Probak blades are for Probak razor and other razors of this type

Special Introductory Offer PROBAK RAZOR and 8 BLADES for \$1

To introduce the revolutionary new feather-weight, counter-balanced Probak razor we offer a special matched shaving set consisting of one chromium-plated Probak razor and 8 Probak shock-absorbing blades at the amazing price of only \$1. If your dealer cannot yet supply you, order direct, sending \$1 to Autostrop Safety Razor Co., Ltd., 83-93 Duke St., Toronto, Canada.

CLAMP a Probak blade firmly in your double-edge razor. You can't distort its shaving edges! Here's the reason Probak has swept the world. Men get amazingly better shaves with this shock-absorbing blade.

Probak's butterfly channeling and duo-tempered steel absorb and banish bending shocks and strains. This blade glides across your face with a light butterfly touch—wipes off wiry hairs like boyish down.

Buy a package of guaranteed Probaks now. Use two in your double-edge razor (old or new model). Compare them with your present blades. If every Probak shave isn't quicker, cooler, smoother—return the package and your dealer will refund every cent—\$1 for 10, 50c for 5.

There Is Only One Probak Quality—The Best

Distributed and Guaranteed by AUTOSTROP SAFETY RAZOR CO., LIMITED 83-93 Duke Street, Toronto, Canada

Protected by Patents Nos. 260,368; 287,676.

PROBAK BLADES

IN MEMORIAM

JOHN BRENNAN

The death occurred on Oct. 5th at the home of Mr. A. Paquet, Soursis of John Brennan of Murray Harbor, aged 78. Mr. Brennan had been spending a few weeks at Mr. Paquet's, and was in his usual good health. Death came suddenly, as he passed away while sleeping. He was an honest, industrious man, a kind neighbor, and has many friends who will regret to hear of his demise. Mr. Brennan was the last of his family, his twin brother Augustine predeceased him about two months ago. He remains accompanied by Mr. Paquet were forwarded to the home of Mr. Philip Murphy Sturgeon. The funeral took place to St. Paul's Church Sturgeon and was largely attended.

The pall bearers were—Joseph Livingstone, Norman McAulay, Thomas Heron, Samuel Prowse, William F. Steele and James Jamieson.

MR. JAMES McDUGALL

A deep shadow of gloom was cast over Springfield and vicinity when it was learned that on the morning of the 24th of September the messenger of death had entered the home of Mr. James McDougall and claimed him as its own. In failing health for a year he bore it with christian fortitude and died trusting in the merits of his Redeemer.

Mr. McDougall was born in Bideford in May 1862 the son of the late Charles and Susan England McDougall. He moved to O'Leary Road with his parents when a child. For upwards of forty years he conducted a black-smithing business in Springfield and by his kind disposition and genial manner won himself hosts of friends who will mourn him as a friend tried and true. He was a

general favorite among the young people and was always happy when in their company.

The church will long miss him as a faithful worker and attendant. The services were conducted by the Rev. W. S. Loring who gave a very inspiring address. During the course of short service which was held in the home over there. At the close of this service the casket in which the remains rested was borne by loving friends to the nearby church which was filled with sorrowing relatives and friends who had come from far and near to pay to the deceased a tribute of respect and esteem. At the service in the house Mrs. D. A. McPherson sang a beautiful solo, "God Shall Wipe all tears Away."

The many beautiful flowers were silent tributes to the love and esteem in which the deceased was held.

He leaves to mourn a heart-broken widow (nee Miss Catherine Cairns) also four sons, Edward at Glenwood, Roy and Leigh, Rumford, Me. and Horace at home. Also three sisters and one brother to all of whom the heartfelt sympathy of the community is extended.

The pall-bearers were Messrs J. J. England, Robert L. England, Charles Dymont, George Ellis, Amos Boulter and John A. Beaton. The funeral which was under the direction of Mr. Claude Jolly of O'Leary was most impressively conducted. After the remains had been placed in the beautiful grave which loving hands had prepared, a hymn, "In the Sweet Bye and Bye" was touchingly rendered. O.

WORLD'S GRAIN SHOW AT TORONTO FAIR

The World's Grain Show booth at the Canadian National Exhibition at Toronto this year, attracted much attention. Hundreds of visitors cal-

led at the booth every day during the fourteen days of the fair. A great many of these were residents of the United States and a few were from other countries. All sought information, first hand from the representative present, relating to the World's Grain Exhibition and Conference to be held at Regina in 1932 and carried away with them copies of the price list and attractive literature. American and Canadian farmers were particularly interested, especially in the generosity of the awards and the varied character of the grain and seed classes. The greater interest of the American farmer seemed to be in the wheat, oat, barley, corn and feed-grade classes. Many indicated their intention of entering exhibits. The 180 prizes (with \$500 for a first prize in two of the five classes) for ten ears of corn were particularly interesting to the growers of Eastern Canada and the corn growing sections of the United States by whom these classes will certainly be made a very large number of entries in these classes will certainly be made.

ANOTHER MEMBERSHIP FROM INDIA

In the fact that agriculture is by far the most important industry of the people of India may be found the reason for the growing interest in the World's Grain Exhibition and Conference to be held at Regina in 1932. During the season of 1924-5 India's crop area was estimated 260,000,000

acres and it is significant that nearly eighty per cent of this was under crop for what may be termed food-grains—9% under wheat, 30% rice, 39% other food grains with sugar, tea and tobacco forming an important part of the remaining area. 5 1/2 % grew oil seeds and 7% cotton, jute and other fibres. Some time ago the Board of the Imperial Council and Research of India recommended that a delegate and specimens of pedigree strains of wheat, rice, and barley be sent to the World Show. Two memberships have come to headquarters from Indore, Central India and a number of inquiries from Jhans in the United Provinces. This week a further membership has been received from D. Datta, Esq., B.Sc., M.S.A., Second Economic Botanist to the Government of Bengal, Tejsaon, Dacca Farm, Dacca, Bengal.

The fruits of the Bennett tariff are already being enjoyed at various centres of production, and considerable numbers of people who were out of work have, in consequence, been put on an earning basis. The money distributed by way of relief of unemployed persons will further stimulate trade and industry. The co-operation of the two great railway systems will bring many other people into employment upon projects of track extension and other railway improvements. All these will be beneficial to Canadian business.

Miss Sarah Smith Tells How Cuticura Healed Pimples.

"My trouble began as a rash of small pimples which later formed larger ones that were hard and red. They affected my face and back. The pimples festered and scaled over, and my clothing aggravated the ones on my back. They were very itchy and sometimes the irritation prevented me from sleeping. They caused disfigurement and lasted about two years.

"I began using Cuticura Soap and Ointment and they helped me, and after using two cakes of Cuticura Soap and one box of Cuticura Ointment I was completely healed." (Signed) Miss Sarah Smith, Tantallon, Sask., July 13, 1929.

Soap 25c, Ointment 25c and 50c, Talcum 25c. Sold everywhere. Sample each free. Address Canadian Depot: J. T. West Company Limited, Montreal.
