He is a native of Red Point in this Province and has been a regular visitor here every year since going to the United States. For a number of summers he was one of a jolly party of boys known as the Boston Bunch, who made their headquarters at Montague, where they were always welcome visitors. Mr. and Mrs. Ching are stopping at the Victoria.

Prospects Of Sugar Market Mr. H. C. Christie of Cowans Chocolates Ltd., Toronto, favors us with the following report on the sugar market:— An estimate of European sugar output for 1920-21 indicates a production of slightly over 7 billion pounds as compared with 6 billion pounds for 1919-20. Notwithstanding the increase, the crop falls far short of the 1912-13 crop of 17.2 billion pounds. This forebodes another year of severe drain upon the supplies of the United States and Cuba.

THE RECENT SUICIDE.—The man who lost his life by jumping from the car-ferry on Friday night is supposed to have been Edmund LeJue, a demented man, who was formerly a resident of Prince County. He had previously attempted to take his life by hanging in the jail at Moncton and was being sent back to the Island.

SALMON FISHING RECORD.—The Sussex Record says:—Rev. J. M. Rice holds this season's salmon fishing record for Sussex. Last week he learned of Rev. R. J. McPherson's success in hooking a salmon, and he decided over to the river the same morning to try his luck with the result that he caught a nice one, and in the afternoon he went back again, when he secured two more salmon, making three in all. This was a good day's sport and the popular parson was justly proud of his performance. Quite a number of salmon have been caught in the river in the vicinity of Sussex during the past fortnight and our town is fast becoming famous as a fishing resort. (Rev. Mr. Rice was formerly stationed in Summerside.)

Mrs. Frank Berrigan and little daughter, Frances, of Winnipeg are visiting friends in Charlottetown.

War Is Being Waged All The Time Between the disease germs in the air you breathe, the water you drink, the food you eat, and the corpuscles in your blood that are the forces of good health. Keep these forces strong,—don't allow yourself to run down. Take Hood's Sarsaparilla, the medicine for the blood, stomach, liver and kidneys that has the approval of three generations. If a laxative is needed take Hood's Pills,—they are equally good.

Mrs. Eliza A. Waugh of Wilmet Valley and her daughter Mrs. G. W. Myers and two little daughters are visiting in Cornwall the guests of Mrs. Percy Lowther the former's daughter.

GARDENING

Gardens are the oldest things on earth. Adam had 'em.

They are the things the weeds prefer to live in.

In the spring a young man's fancy lightly turns to thoughts of love, and the married man's to a garden. Which borrows the most trouble is an undecided point.

Gardens are started in haste and repented of at the curtailment of leisure.

Amateur gardeners looking for someone to blame for their troubles can hang it on Adam. He started the blame business through an enlarged appetite for fruit.

EAT What You Want without distressing after effects. There is no reason why you should not, now that you know there is a medicine that will unflinchingly counteract dyspepsia and other stomach troubles.

Why A Farm Needs A Milwaukee Air Power Water System

Combined in a few words the answer is: Because it is the best investment a farmer can make. Time spent in carrying water, in pumping water and in taking the stock to the watering trough is time that can be used to better advantage at other work.

The matter of home comfort also is important. Isn't the wife of the farmer just as good as the city woman?

What about the children? Is there any reason why they should not have a home equipped with a bath room and inside toilet just like their city relations?

And to think what it means in case of fire to have a hose handy and eighty pounds water pressure to fight it with. Call in the next time you are in town and look over our demonstrating outfit. Currie & Murnaghan 71 Queen St. Charlottetown.

B. P. Brand English Fox Wire Netting

Will arrive in Charlottetown on Thursday, August 5th and will be on sale Friday August 6th.

B. P. Brand Fox Wire is made by Rylands Ltd., of Wolverhampton, England, the largest makers of fox wire netting in the world. It is absolutely the finest wire that money can buy. Every strand is guaranteed perfect, true to size and mesh and coated with the finest English spelter which means long life owing to its nonrusting qualities.

IMPORTANT. Every roll of B. P. Brand is guaranteed true to size, that is to say two inch mesh is two inch mesh not two and a half inch. One and a half inch mesh is one and a half inch, not one and five eights. This is an important point for you in buying fox wire. Be sure you get your wire true to mesh.

PRICES. Our prices on this brand of fox wire are the lowest possible and as our supply is being rapidly booked we would advise our customers to lose no time in getting their orders in.

Phone, wire or write The Rogers Hardware Co., Ltd.

Gardens are the things people plant seeds in and the dogs plant bones in. The perfect world promised by Bolsheviks, Socialists and other "ists" if their particular brand of "hop" is universally smoked, would be but poor place compared with the one that would result if the promises of the seed catalogues and the expectations of the gardeners all came through. The law of gravity states that everything that goes up must come down but everything that goes down in a garden does not come up.
