Crack Shots Are Tuning Up For Provincial Shoot

Over \$1,000 In Cash Prizes Will Be Awarded During Two Days Shooting On Monday & Tuesday, July 21st. and 22nd.

The sixty-fifth annual rifle match of the Provincial Rifle Association will be shot next Monday and Tuesday, July 21st and 22nd. This will bring together crack riflemen of the Province who will spend two days in competing for a splendid list of shooting fixtures including several cups and medals. The standard time will be used throughout the competition. This is to make it more convenient for the out-of-town riflemen, who will be largely in the majority, coming from as far east as Souris and as far west as Summerside.

The first match fired will be the Lieut. Col. D. A. MacKinnon match starting at 8:30 standard time, Monday morning, and the final to be fired will be the Ladies' Challenge, at about 5 o'clock Tuesday afternoon.

Other matches are as follows: Frowse Bros. Ltd., Moore and McLeod Ltd., City of Charlottetown, known as Corporation Match; the Lieut. Governor's Match; Silver Fox Match. There will be two aggregates for tyros or new shots, Hon. Donald Nicholson, tyros aggregate; J. H. Judson, tyros match. Special prizes will be given by the W. C. McDonald Co., Incorporated, Montreal. Governor General's and Dominion of Canada Rifle Medals, both silver and bronze, will be given to winners of special and grand aggregates. The Columbia Match Company of St. Johns, Quebec are giving a special prize for an aggregate of bulls eyes.

In addition there will be several team prizes. The Davidson Challenge Cup, presented by Lieut.-Col. H. M. Davidson, V. D., President of the As-

sociation, will be given to the competitor scoring the highest aggregate in all the matches. The prize list will consist of cash prizes totalling \$1,000.

The Ottawa team, consisting of ten men, who will represent this province at the Dominion of Canada Rifle Matches in August will be selected from the ten highest scores in the grand aggregate of the two days' shoot.

Lieut.-Col. C. Leigh, V. D., Secretary of the Association has as usual everything well prepared and the competitors will have the least possible discomfort.

In order to make the meeting run more smoothly, it is important that the entries should be in at least before Saturday afternoon. This will enable the secretary to have time sheets prepared and cut out any delay that might otherwise arise in starting the matches. Therefore remember the secretary and your own comfort and enter this week.

The Guardian will as usual give a write-up of the matches and incidents of interest and a complete list of the scores.

MINARD'S "KING OF PAIN" LINIMENT

What Bennett Will Do For The Island

Provide total cost of National Highway from Georgetown and Tignish to Borden.
Restore Highway Grant-in-aid of all roads.
Restore Agricultural Grant-in-aid.
Restore Technical Grant-in-aid.
Provide Old Age Pensions without cost to the Province.

GOLF

At the golf links on Saturday afternoon last, the family foursomes were won by Mr. and Mrs. E. D. Nicholson, who won both the prize for the best gross score which was 92 and also the prize for the best net score with a tally of an even century and a net of 71.

Mr. and Mrs. E. F. Sellers won the blind hole competition, the holes drawn being 6, and 4 and 5. They negotiated these holes in 3, 8 and 4 for a total of 15.

Next Saturday the official opening of the new eighteen hole course will be held. Members bear this date in mind.

TENNIS

Matches in the Charlottetown Club Tournament were again resumed on Saturday last after several days halt owing to wet grounds.

In men's singles C. R. Tibert, defeated Allan Mosher 6-2, 6-2; Allan Stewart defeated W. Owen 6-3, 6-1; R. Spillet defeated A. Kerr 6-4, 4-6, 8-6.

The feature match of the afternoon was the doubles contest between Allan Stewart and G. MacDonald.

Rotary

There is a great deal more to Rotary than we realize in our little Club. To see gathered together in Chicago some fifteen thousand to eighteen thousand Rotarians from all over the world, representing sixty-four different countries, to feel their fellowship and enjoy their comradeship, to note the interest and earnestness taken in the discussions of the various problems, also the manner in which all events on the program were carried out would convince the most indifferent Rotarian in any club that Rotary is more than a club name, that Rotary is a living force gradually but surely affecting the lives of men and women the world over in bettering the living conditions in the social, business and national life.

With these words W. A. Stewart, Vice President of the Charlottetown Rotary Club and its representative at the International Convention in Chicago, summed up his impressions of that great gathering in his address at the Club luncheon in Charlottetown today.

Rotarian Stewart described the high lights of the Convention, the pageant in the stadium symbolizing Rotary's 25th birthday, the scenes at the opening session, the President's ball, attended by three thousand dancers, the visit in person at the Convention of Paul Harris, the founder of Rotary, and the addresses given by speakers of international fame.

There was no tonic like a Rotary convention, said Mr. Stewart especially an international convention. The new President of the Club, H. L. Palmer, presided today and the guests present were Herbert Grow of the Division of Botany, Ottawa, Rotarian Rev. Dr. Clarence MacKinnon of Halifax, Mr. James Gass of Regina, formerly of Charlottetown, and Rotarian J. M. Shaw of North Attleboro, Mass.

The musical program included vocal solos by Mrs. Nell MacLean, who was encored.

The President referred to the death of Rotarian Hedley V. Buntain and an eloquent tribute was paid him by Rotarian George D. DeBlols.

As a mark of respect—the Rotarians stood for one minute in silence.

The Secretary read letters from Mr. George Buntain and Mrs. William Yeo, acknowledging with thanks floral tributes and letters of sympathy sent by the Rotarians on the occasion of bereavement in these families.

Because he felt that his wages were too low, William Heatley, 18, set fire to mills at Manchester, England, causing \$113,000 damage, and he was sentenced to three years in prison.

ges; or we will cut off your protection."

Mr. Bennett is pledged to protect the wage-earner. Protection is not and should never be a method of coddling the manufacturer. The securing of the home market to the native factory is only a means to an end—and the end is an increase in the number of jobs and in the pay they bring the workers.

The exodus we suffer from is not an exodus of manufacturers, but an exodus of work-people. When a factory fails, one manufacturer might possibly be driven out of the country, but a hundred or a thousand work-people and their families would go with him. While we would be sorry to lose the manufacturer, after all, he is only one. THE NATIONAL PROBLEM IS POSED BY THE LOSS OF HIS WORK-PEOPLE.

IN MEMORIAM

MRS. THOMAS CAMPBELL

The many friends and relatives of Mrs. Thomas Campbell, Middleton, were greatly shocked when news was received of her sad death which took place at Prince County Hospital about 3:30 P. M. on June 9th, resulting from injuries received in an automobile accident on the previous day. Everything that medical skill and tender nursing could do was insufficient to stay the hand of death. Our Heavenly Father saw fit to call her to her Eternal reward.

Mrs. Campbell was 54 years of age. She was a daughter of the late John and Mrs. McKenna, Central Bedouque. She was a woman of excellent character and is sadly missed in her home, where she was the guiding spirit; and in the community where she was always ready to assist at the sick bed of a neighbour; or in any other way for the betterment of community life.

She died fortified by the last rites of the Roman Catholic Church of which she was a devout member.

The high esteem in which she was held was verified by the large funeral cortege which followed her remains to the grave.

The funeral Mass was sung by her pastor Rev. M. J. Smith, who also officiated at the grave, assisted by Rev. Peter Duffy, of Iona.

She leaves to mourn her loss a sorrowing husband, two daughters and six sons: Mrs. M. E. Conway, Bonshaw; Katie, Elmer, John, James, Peter, Joseph, George at home; and one brother John F. McKenna, Bedouque.

The pall bearers were: Adrian Murray, Patrick J. Callaghan, Fred McCabe, Raymond Johnston, Thomas W. Hammill and Redverse Hammill.

Ends Piles Quick

No Salves or Cutting

Piles are caused by congestion of blood in the lower bowel. Only an internal medicine can remove the cause. That's why salves and cutting fail. HEM-ROID, the prescription of Dr. J. S. Leonard, removes this congestion and strengthens the affected parts.

HEM-ROID is now sold by druggists everywhere, and has such a wonderful record of success even in chronic and stubborn cases that Hughes Drug Co., Limited, invites every Pile sufferer to try HEM-ROID and guarantees money-back if it does not end all Pile mis-

HON. JOHN A. MACDONALD, CONSERVATIVE CANDIDATE FOR KINGS

In the last two Parliaments the Hon. John A. MacDonald was known at Ottawa as "The member for Prince Edward Island." What this implied was that his was the only personality from the Province that impressed itself upon the House. He is held in the highest esteem and greatly respected on both sides of the House. It was no surprise in Ottawa when Mr. Melgoin included Mr. MacDonald in his Government, as he was one of the outstanding men from the Maritime Provinces then at Ottawa. Mr. MacDonald, never-the-less, is of a retiring disposition. He is not a self-advertiser, and prefers to pursue his even terms, working for his constituency, province and county, steadily, regularly and unostentatiously. He has been in politics since the days of his youth, and was one of the stalwarts that represented King's County in the Provincial arena along with such political giants as the Hon. J. A. Mathieson and the Hon. John MacLean. He has been in opposition and in the government in both the local legislature and in the Dominion House. In business he is a merchant at Cardigan, known well and widely locally and wherever farm produce is in demand. His word is as good as his bond, he being known in local politics as "John A., the promise keeper."

These are the words of Mr. Dunning himself to be found on page 1711 of Hansard of May 1.

THE LEVEL OF RATES ON potatoes (stated in the Dunning Tariff, item 83, page 1715 of Hansard), IS FREE.

Therefore, farmers, let there be no mistake about it. When your potatoes are ready to market, your home market may be already flooded with DUTY FREE AMERICAN POTATOES as the result of Mr. Dunning's Budget.

WHAT HAPPENED TO BUTTER WILL CERTAINLY HAPPEN TO POTATOES through this interference with our Tariff in favour of the Americans.

reasonable cause any such commodity for which he has contracted. One of the chief practices the act seeks to stop is the discarding of produce to manipulate prices.

The act makes it unlawful for any handler to make false or misleading statements concerning the condition, quality, quantity or disposition of, or the condition of the market for a commodity or to fail or refuse to make a true and correct accounting of his market transactions.

A true statement of the place of origin of produce is required by the act and handlers are restrained from changing or removing for fraudulent purposes any card, stencil, tag or other notice on a container or railroad car containing perishables.

The term "dealer" as used in the act applies to any person buying or selling in carlots. A producer selling only commodities of his own raising is exempted, and is not considered a dealer. As used in the act, the term "carloads" is defined as including corresponding wholesale or jobbing quantities as defined for any such commodity by the secretary of agriculture.

Farmers, Your Potatoes Are In Danger!

Farmers, your home market for potatoes is in jeopardy! The Dunning Budget has wiped out all Canadian tariff duty on potatoes, leaving only the Washington countervailing duty.

If in the Fall, before the potatoes are ready to market, the Americans want a market for theirs, all they have got to do is to remove temporarily their duty of 75c per 100 lbs., and their potatoes get ABSOLUTELY FREE ENTRY INTO OUR MARKETS.

We give herewith from the Dunning Budget, now law, the tariff on specific items, and Mr. Dunning's own explanation of the working of countervailing duties:

Animals live	British pref. Tariff	Free
" "	General Tariff	25p.c.
" "	Intermed. Tariff	22 1/2 p.c.
Live hogs	British pref. Tariff	Free
" "	Intermed. Tariff	1 1/4c per lb.
" "	General Tariff	1 1/2c per lb.
Eggs in shell	British prefer.	2c per doz.
" "	Intermediate	2 1/2c per doz.
" "	General	3c per doz.
Butter	British pref.	4c per lb.
" "	Intermediate	6c per lb.
" "	General	7c per lb.
" "	(New Zealand Treaty)	1c per lb.
Oats	British pref.	Free
" "	Intermediate	9c per bus.
" "	General	10c per bus.

("Provided that, if any country imposes upon oats produced in and imported from Canada rates of duty higher than are enumerated in this item, equivalent rates of duty shall be imposed upon oats entering Canada from that country.")

Potatoes	British prefer.	Free
" "	Intermediate	Free
" "	General	Free

("Provided that, if any country imposes on potatoes grown or processed in and imported from Canada, an equal duty shall be imposed on potatoes coming into Canada from such country.")

Mr. Dunning's explanation of this clause is as follows: "It has been decided, however, to embody within the wording of a limited number of items of this class provision for a 'countervailing duty,' whereby Canada, while not generally raising its scheduled rates, imposes upon such products from another country rates equivalent to those imposed by that country upon the identical Canadian product. WHERE THESE ARE HIGHER THAN THE RATES ENUMERATED IN THE CANADIAN TARIFF SCHEDULE. This means that other countries that both buy and sell to us these commodities, HAVE IT IN THEIR OWN POWER, BY RECIPROCAL ACTION ON THEIR PART, TO ENABLE US TO REDUCE DUTIES TO THE LEVEL OF THE RATES STATED IN OUR TARIFF."

These are the words of Mr. Dunning himself to be found on page 1711 of Hansard of May 1.
