**SPECIAL COUNCIL MEETING**  
A special meeting of the Sum-  
mer Town Council held last  
night with all the councillors pre-  
sent, with the exception of Council-  
or MacNeill, the assessments for  
the paving on Central, Green and  
Summer Streets were fixed and pass-  
ed. The cost per foot on Central  
Street payable by the property  
owner was fixed at \$1.34 per lineal  
foot. Moved by Councillor  
Phillips, seconded by Councillor  
Schurman. The assessment for Green  
and Summer Streets was \$1.05 per  
lineal foot frontage, moved by Coun-  
cillor Strong, seconded by Coun-  
cillor Schurman. The bills will be  
sent out and issued immediately.  
Councillor Schurman gave out that  
he had been asked by several citi-  
zens to run for Mayor, but after  
deliberating the matter due considera-  
tion he had decided not to oppose Mr.  
Campbell, the only other candidate  
in the field so far because his busi-  
ness would not be able to devote the  
time necessary for such an im-  
portant office. Council adjourned, 8.

**Recapitalization**  
**Of Asbestos Corp.**

(Canadian Press)

MONTREAL, Que., Feb. 1.—A  
plan for recapitalization of  
Asbestos Corporation, limited, is an-  
nounced with the forwarding of  
prospectus and shareholdings of the  
company in an investigation made by  
the committee of reorganization,  
composed of R. F. Massie, Toronto,  
president, Charles W. Colby, Mon-  
treal, and Kenneth T. Dawes, Mon-  
treal, directors of the company.

The proposal is to substitute a  
simplified form of income bonds for  
the present first mortgage bonds on  
the basis of par for par, adding one  
share of new stock for each \$100 in  
bonds. The present preference and  
common share capitalization will be  
distinguished and a new capital  
stock, consisting of 300,000 no par  
value shares will be authorized. The  
present general mortgage bonds will  
be exchanged for 1 1/2 of the new  
shares for each \$100 principal  
amount; the preference shareholders  
will receive 1 1/2 new shares for each  
10 shares of preference stock and  
the common shareholders will receive  
1 1/2 new shares for each 50 shares  
of common stock. Deposits of  
existing securities are to be made  
with branches of the Canadian  
Bank of Commerce.

The estimated present issued cap-  
italization, including preference  
stock at \$100 par value, is \$14,688,  
plus 200,000 shares of no par  
value common stock. The propo-  
sed recapitalization of the plan is esti-  
mated at \$3,110,179 plus 101,779 shares  
of no par value capital stock.

last evening. The nurses were ad-  
dressed by Dr. W. J. P. MacMillan,  
Minister of Health and Education.  
His subject was the "History of  
Nursing," from its earliest stages up  
to the present time and the speak-  
er told how fortunate the public  
were at the present day as condi-  
tions had improved so much during  
the past hundred years. A vote of  
thanks was presented Dr. MacMil-

**WAR BOOMS**  
(Continued from Page 1)

rush of orders for munitions and  
materials revitalized industry after  
the sharp slump which followed the  
early hostilities, leading bankers  
expressed the opinion that neither  
Japan nor China was financially in  
a position to finance a major  
conflict.

While the so-called "war stocks,"  
advanced, commodities made an  
indifferent response. Wheat ad-  
vanced about a cent a bushel. But  
cotton, an important product in the  
manufacture of munitions, closed  
virtually unchanged, and copper  
and zinc prices eased. Bar silver,  
the basis of Chinese currency, ad-  
vanced 1/2 cent an ounce, however,  
to 30 1/2 cents.

**"UNTHINKABLE" SAY BANKERS**

Leading bankers, in the main,  
urged the maintenance of com-  
posure over the Far Eastern develop-  
ments, and expressed the opinion  
that a major conflict was "un-  
thinkable."

"No major country," said the  
spokesman for a leading group,  
"wants war. It would be impossible  
to finance a wide-spread conflict."  
In foreign currencies, the Japan-  
ese yen, which had been declining  
recently, stiffened markedly, rising  
1/2 cent to 35 1/2 cents. Along with  
the upturn in silver, there was a  
similar advance in the Shanghai  
tael.

waterfront district swarmed  
through the gates of the city walls.  
City officials, not knowing what  
might happen next, ordered the  
power plant to shut off all lights,  
and traffic was stopped in the  
streets. Rickshaws and automobiles  
gave way to armored cars and  
tanks that patrolled the thorough-  
fares for the rest of the night.

Great shafts of light from the  
Chinese army air field circled and  
criss-crossed in the heavens during  
the bombardment while observers  
searched for possible Japanese aero-  
planes.

The forts of Lion Hill did not  
reply to the guns of the Japanese  
warships. It was reported that sev-  
eral direct hits had been scored on  
them.

Chinese accused a Japanese dock  
patrol of starting the hostilities.  
They declared the patrol had fired  
on a Chinese detachment near the  
waterfront railway station and that  
immediately thereafter the guns of  
the ships boomed.

Shortly after 1.30 a.m. the United  
States Consul General said he  
did not intend to evacuate the  
United States residents. Foreign  
consulates generally were shocked  
at the new turn in events, and  
some of them prepared to move  
their nationals out of the city.

A total force of seven Japanese  
ships of war is lying off Nanking.  
This includes four cruisers and  
three destroyers. The only other  
foreign vessel in the river, aside  
from the Simpson, is the British  
destroyer.

In informed quarters it was said  
that the impending arrival of Brit-  
ish and United States reinforce-  
ments at Shanghai might avert a  
Chinese declaration of war on  
Japan.

**British Ask For Reinforcements**

**LONDON, Feb. 1.**—The Govern-  
ment today ordered additional  
troops rushed to Shanghai. A bat-  
talion of infantry and a battery of  
artillery will leave Hong Kong at  
once on a warship. These troops  
are being sent in response to a re-  
quest for reinforcement from Brig-  
adier General George Fleming, Brit-  
ish commander in the international  
settlement.

Already the British have in  
Shanghai a battalion of Sea's Fus-  
iliers, a battalion of Lincolns and  
a battalion of Wiltshires. The naval  
forces on duty there consist of the  
cruiser Cornwall, the sloop Sand-  
wich and two gunboats. The cruiser  
Kent is expected to arrive from  
Batavia shortly and the cruiser Sul-  
folk was due from Hong Kong to-  
day.

**MORE SERIOUS**

(By James P. Howe, Associated  
Press Staff Correspondent)  
(Copyright, 1932, by the Associated  
Press)

**TOKYO, Feb. 1.**—Protests by  
Great Britain, the United States  
and France against the use of  
Shanghai international settlement  
by Japan as a base for operations  
against the Chinese were followed  
today by a statement from the for-  
eign office that there was no reason  
for any change in the Japanese  
policy.

The ministers of war, navy and  
foreign affairs recommended to the  
cabinet that a full army division  
be dispatched immediately to the  
Shanghai area.

These troops, it was said, would  
replace the 5,000 Japanese blue-  
jackets now at Shanghai. Final de-  
cision about whether they would be  
sent rested with the cabinet.

A foreign office spokesman,  
commenting on the United States  
and French protests, said  
"Japan is determined to show  
China that she will stand for no  
non-sense."

The Tokyo government, he ex-  
plained, does not consider its cause  
unworthy, and therefore has no  
guilty conscience. He declared the  
government of China to be corrupt  
and said Japan was willing to do  
her share to thwart "the greedy  
war lords who are responsible for  
a large share of China's troubles."

This statement came after un-  
written, but none-the-less formal,  
protests against the use of the in-  
ternational settlement as a Japan-  
ese base.

The protests came from Sir  
Francis Lindley, the British Am-  
bassador; W. Cameron Forbes,  
United States Ambassador, and  
Count De Martel, French representa-  
tive.

Government officials announced  
that the full strength of the Japan-  
ese army in Manchuria would be  
directed against Harbin despite the  
fact that Soviet Russia has indi-  
cated it might protect if Japanese  
troops entered that city.

**SHANGHAI, Feb. 2.**—(Tues-  
day)—(A.P.)—Japanese bluejackets  
virtually sealed the Hongkew area of  
the international settlement against  
the entrance of foreigners today.

that arrived in Shanghai Monday,  
died up at the Texaco Wharf short-  
ly after the Japanese ship had dis-  
appeared.

**Tore Down U. S. Flag**

Dr. John Hawk, an official of the  
mission activities carried on by the  
American Methodist Episcopal  
Church South, declared that Jap-  
anese bluejackets yesterday tore  
down a United States flag flying  
from a school for Chinese boys op-  
erated by the mission in the Hong-  
kew district.

Last Friday, Dr. Hawk said, the  
bluejackets had searched the school,  
asserting that it had been used as  
a dispensing point for large quan-  
tities of anti-Japanese propaganda.  
In the search they found no anti-  
Japanese literature.

A burst of fire from somewhere  
in the vicinity of the central post  
office on Sochow Creek near the  
Hongkew border and in the Inter-  
national Settlement, caused consid-  
erable excitement Monday evening.

The neighborhood was crowded  
at the time and pedestrians sur-  
rived for places of safety. Soon a  
patrol of Japanese bluejackets rush-  
ed up with machine guns which  
they mounted around the build-  
ing. The Chinese postal employees  
fled in terror, and the whole postal  
service was tied up.

Authorities of the International  
Settlement stepped in, posting a  
guard of "white" Russians from the  
settlement garrison.

**District Isolated**

Hongkew, the district seized by  
the Japanese last week, was wholly  
isolated from the rest of the In-  
ternational Settlement. The blue-  
jackets had thrown up barricades  
and barred wire entanglements. The  
whole district was in complete  
darkness during the night, for al-  
lights had been shot out and some  
wires cut.

Four United States destroyers  
steamed into the harbor Monday,  
and six more are on the way from  
Manila. The British cruiser Sul-  
folk arrived from Hong Kong with  
a detachment of marines and the  
British cruiser Berwick, with 800  
men and a mounted gun battery a-  
board, was enroute from Hong  
Kong.

E. Koehlin, French Consul Gen-  
eral at Tientsin, sent word that a  
battalion of French infantry had  
been ordered to Shanghai. The  
French Cruiser Waldeck Rousseau  
was due in from the south. These  
reinforcements will raise the French  
naval power here to 5,000.

The French put armored cars in-  
to Avenue Edouard VII, the border  
line of the French concession and  
the international settlement.

Reports that three United States  
marines had been killed brought  
vigorous denials from marine  
headquarters.

**Denounces Jap Policy**

Japan's policy in Shanghai was  
bitterly attacked by the United  
States owned Shanghai Evening  
Post Mercury.

"Japanese military forces and  
gunmen not only have lost their  
usefulness as part of Shanghai's  
defense scheme but have forfeited  
the right to remain on International  
Settlement soil," the paper said  
in a front page editorial.

"The plain fact is Japan is wag-  
ing war against China and is im-  
properly using the International  
Settlement neutral soil as a base."  
The editorial said the interna-  
tional authorities should demand  
the following immediate steps:

"1: The evacuation of all Jap-  
anese armed forces other than  
those required for actual defensive  
police work from settlement soil,  
with settlement police resuming  
their functions.

"2: The disarming of Japanese  
plain clothes men who have proved  
headstrong and irresponsible at the  
best, and brutal and ruffianly at  
the worst.

"3: The cessation of further land-  
ing of Japanese armed military forces  
in the settlement area.

"Non-combatant Japanese may re-  
main within the settlement. They  
and their Chinese neighbors alike  
deserve the protection which can  
be given by the municipal authori-  
ties and the regular defense forces  
of the power."

**CHINA'S ATTITUDE**

A statement issued at Nanking  
said Japanese entries on duty at the  
entrance to all roads refused to al-  
low foreigners to enter, as reports  
circulated that Japanese forces  
were concentrating on the north-  
ern border of Hongkew for a new  
attack on the Chapel native sec-  
tion of Shanghai.

**Increase Of Over  
3,000,000 Pounds  
In Lobster Catch**

(Canadian Press)

**OTTAWA, Ont., Feb. 1.**—Although  
there was a considerable increase  
in the total catch of several varie-  
ties of fish during 1931, the total  
volume of the sea harvest last year  
was down to slightly less than 889-  
000,000 pounds, a decrease of 113-  
000,000 pounds from 1930, according  
to unrevised figures published by  
the Department of Fisheries.

The 1931 catch was given a land-  
ed value to the fishermen of \$14-  
561,000 which was \$9,798,000 less  
than the landed value of the 1930  
catch. Unsettled world economic  
conditions were held responsible for  
the lowered volume of the catch and  
the great drop in the landed value.

There was, however, a great in-  
crease in the catch of several varie-  
ties of fish such as lobsters, herring,  
mackerel, smelt and swordfish.

Of the Eastern Provinces, Nova  
Scotia had a total catch of 211,083-  
900 pounds valued at \$4,789,500; New  
Brunswick, 113,456,300 pounds, val-  
ued at \$1,962,240; Quebec, 62,178,300  
pounds, valued at \$940,560, and  
Prince Edward Island, 23,843,400  
pounds valued at \$782,460. The  
lobster catch of 43,760,300 pounds  
was an increase of more than three  
million pounds over the previous  
year.

One change in procedure is  
noted. Reverting to the custom  
which prevailed at the time that  
the Duke and Duchess of Con-  
naught were here, Their Excel-  
lencies Lord and Lady Bessborough  
will arrive together at the main  
entrance to the Parliament build-  
ings and will lead one procession  
to the Senate Chamber. For some  
years it has been the custom for  
His Excellency the Governor Gen-  
eral to proceed to the main en-  
trance, while his wife went to the  
Senate entrance and led her own  
procession to the Senate chamber.  
On Thursday Lady Bessborough  
will sit in a chair which was for-  
merly owned by the Princess Lou-  
ise. It is similar to the chair which  
is ordinarily occupied by the  
Speaker of the Senate.

churches the problems of disarm-  
ament and of world peace were  
topics for sermons. The United  
voice of Anglican, Presbyterian, United  
Church, Baptist and other bodies  
sounded a plea that the confer-  
ence might not break up in dis-  
agreement.

Department of Agriculture in "Not-  
es on the Agriculture of the Prairies,"

the factors which give these soils  
their value.

Prairie soils are distinguished by  
their general uniformity, their rich-  
ness in plant food, more especially  
1,000 were held over from last  
Thursday. Local hogs were moving  
at \$5 for hams, butchers and  
lights with heavy hogs around \$4.75  
and sows were weighed up at \$4  
to \$4.50. Western-hogs weighing  
over 200 pounds were hard to sell.  
A couple of loads were sold for  
\$4.75 for hams, about 1,500 hogs  
were still unsold.

**LIVESTOCK  
MARKETS**

MONTREAL, Que., Feb. 1.—Cattle  
receipts were 1,141 on the two  
Montreal livestock markets today.  
The bulk of the cattle offered were  
steers of fairly good to good type  
but lacking some in finish. Cows  
were the first to move and were  
sold at \$3 to \$3.50 for medium kinds  
and up to \$4 for good cows, can-  
ners were not wanted at any price.  
Buyers offering as low as 50 cents.  
Two or three small lots of steers  
were weighed at \$6 to \$6.50 and  
a few plain steers at \$4.50 to \$5.  
Calf receipts were 737. Calves  
were in good demand and sold at  
higher prices. Good sucker calves  
sold up to \$9 with fairly good av-  
erage quality calves in mixed lots  
at \$3 and up to \$3.50. The bulk  
of the veal calves brought between  
\$7.50 and \$8. Common drinkers sold  
down to \$4. Grassers were strong-  
er at \$3 to \$3.25.

Quotations: Good and choice veal  
\$9; common and medium \$4 to \$8.50.  
Sheep receipts were 317. The  
sheep market was stronger. Good  
ewes and wethers brought \$6.50 to  
\$6.75 with mixed lots mostly bucks  
at \$6. Buck lambs were weighed  
up at \$5.50 to \$5.75. Sheep were  
from \$2 to \$3.25.

Quotations: Ewes \$2 to \$3.25;  
lambs good \$6.50 to \$6.75; common  
\$5.50 to \$6.

Hog receipts were 3,182. Trading  
on hogs was slow, between 1,400  
and 1,600 hogs received from Win-  
nipeg and points west and over  
1,000 were held over from last  
Thursday. Local hogs were moving  
at \$5 for hams, butchers and
