INSTITUTE MEETING

The Kinsboro Womens Institute met at the home of Mrs. Theodore Stewart. A report was given by the committee who visited the school in November, to the effect that while the school was found very satisfactory, new blinds, visitors chair and door-steps were badly needed. It was decided to hold a picnic and concert on January 2nd, for this and also for Red Cross or community purposes. A very interesting program followed which consisted of: Paper by Maud Ching on Future Hopes given herewith; duet by Ruthie Stewart and Maud Ching; Oh bury me not in the deep deep sea; a reading by Mrs. Benj. Ching, Peace with Victory. The Secretary then read a paper by Alberta Yates of Red Point Institute on Rural (Prince Edward Island); the meeting closed with God Save the King. The next meeting to be held at the home of the Secretary, Mrs. Merrill Stewart.

How the school work and home work could be more closely related.

The relation between the school and home is rapidly assuming a significance which is becoming more strongly marked year by year. In Prince Edward Island the Women's Institutes have been instrumental in awakening a deeper interest between these two important training centres for Canada's citizens.

Too commonly is the term, "school," regarded as the building to which the children of a district are sent to spend five or six hours a day. No miracle, with such a conception of the importance of a large school, that it has received the meagre attention given to it in the past. The miracle lies in the fact that our country schools have held together and have made such progress as has been accomplished.

During the past few years we are coming to a fuller realization of the importance of our schools—namely, that they are the educational centres where instructions should be given and received, where boys and girls should be trained for duties and responsibilities of life, and where all the best influences should be brought to bear upon the child.

Many had, and still hold the idea, that the whole responsibility of a district to the interests of education ends when they have erected a comfortable building, equipped it with a few bare necessities and have procured a teacher capable of teaching the subjects prescribed in the school curriculum. Of course these are all essential considerations, but are they not merely the foundation on which to build the structure. What we need is more personal activity on the part of the parents, a more universal spirit of co-operation between teacher and rate-payers, and a wider conception of the importance of the school to future civilization.

It is encouraging to know that even in the country districts the busy parents, with their many and miscellaneous duties, are finding time to direct their thoughts and interests more and more to the advancement of education. We cannot expect, where home conditions and circumstances are varied as they are in the rural districts, to link together the interests of pupils, parents and teachers as readily as in the city. Again, this is where our Women's Institutes are proving such a boon in bringing together the various members of a community and in uniting their efforts for the improvements of the district. The plan the institutes have adopted of sending two of their members to visit the school each month is similar to the one chosen by the city schools of setting apart a "parents day" every month or so.

School Fairs are coming into prominence as another method of stirring up the interest of pupils and parents. Our educational leaders are urging the consolidation of the rural schools and many arguments can be advanced in favor of the movement. In Manitoba there are about seventy consolidated schools, some composed of only two schools, some composed of eleven districts united. Splendid results have been achieved as well as

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-lives"

Mr. MARRIN, N.B. "For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.

I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-lives', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

MRS. HUDSON MARSHEBANK. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

In other Provinces which have adopted the scheme.

Under such a dispensation, children of the farm have equal advantages with those of the town. A better class of work can be done, as would naturally be expected where a teacher has control of only one or two grades instead of eight. Moreover it insures a regular attendance of the older as well as the younger boys and girls. That is the solution of one problem which our schools are striving to solve, for no one will dispute the fact that irregularity in attendance is one of the most serious draw-backs in our one-teacher schools.

Numerous other advantages could be mentioned, but I shall not dwell further on them here. Let it be sufficient to say that we shall hear more discussion on consolidation in the near future, but before such a revolution takes place in the school government, we shall look for radical changes in our separate schools.

ANNUAL MEETING OF FAIRVILLE EGG CIRCLE

The annual meeting of Fairville Egg Circle was held at Avondale school house on Friday 28th ult. The meeting was called to order at 7.30 p. m. by the president Mr. J. A. Koughan who in a neat and becoming speech explained the working of the Circle during the past season. He then called upon the secretary Mr. J. A. O'Donnell to give his report, which report showed that everything was in good standing with a small balance on hand.

The president then called upon the manager for the past season, Mr. Joseph D. Hughes, to submit his report. The Manager's report showed that eggs were supplied by 47 members: The season covered the period from March 23rd 1918 to November 23rd 1918. The total of dozens shipped was 15,083 made up as follows:—selects \$1,533 doz., No. 1 & 2 eggs amounted to 1,491 doz. Bad eggs amounted to 5.9 doz., the loss to the Circle from No. 2 eggs was \$52.18, the loss to the Circle from bad eggs was \$22.58. Total amount of cash received by circle was \$5,767.46. The average price per doz. for the season for the circle was 38 1/2 cents per dozen.

The Manager explained that while the average for the circle was 38 1/2 cents per dozen the average price per dozen to each member would be different.

The eleven highest patrons for the season of 1918 were the following in the order named. Augustan Wisner \$403.96. William P. Cairns \$264.66. Owen Woods \$216.95. Frederick Vickerson \$257.07. Joseph D. Hughes \$236.81. J. A. O'Donnell \$225.66. Joseph C. Wisner \$220.47. John P. Delaney \$212.02. E. J. O'Donnell \$199.48. P. M. Callaghan \$190.30. P. A. O'Donnell \$184.26.

This concluded the Manager's report. The President then called upon Mr. A. F. Curran, of the Poultry Division.

Charlottetown, who was present to address the meeting. Mr. Curran first of all complimented Mr. Joseph D. Hughes, as Manager of the circle for the magnificent report he had just delivered to the meeting which was one of the best Manager's reports he had as yet heard at any annual meeting he had attended in the county he represented. Mr. Curran dealt very fully with all details of circle work and handling of poultry and eggs.

Mr. Thompson of the Sheep Division, Ottawa then addressed the meeting. In his respective lines which was most beneficial and interesting. At the close of the meeting a hearty vote of thanks moved by William P. Cairns and seconded by Augustan Wisner, was tendered Mr. Joseph D. Hughes as Manager for the past season for the satisfactory manner in which he performed his duty to the satisfaction of all members. Also a hearty vote of thanks ably moved by Joseph D. Hughes and seconded by others was tendered both Mr. Curran and Mr. Thompson for their attendance and the valuable information imparted to the meeting.

RECEPTION AND PRESENTATION TO CORP. HENRY MAILLET

On February the 29th a very pleasant evening was spent at the home of Mr. Arcade J. Gaudet, Leoville when a large number of young and old assembled to extend a hearty welcome to Mr. Maillet, son of Mr. Calix Maillet, Leoville, who had just returned from the war. While the company were gathered music was rendered on the violin and was enjoyed by all. Two welcoming addresses were read, accompanied by a handsome gift, to which he made a short reply. The French address was read by Mrs. Emanuel Maillet and the English by Mr. Amable Poirier. Refreshments were then served in the hostess pleasing manner assisted by several of her lady friends. The remainder of the evening was spent in dancing, including some step-dancing by a couple of ladies which brought forth loud cheers. The evening closed each one expressing thanks for the very pleasant time.

Following is the address

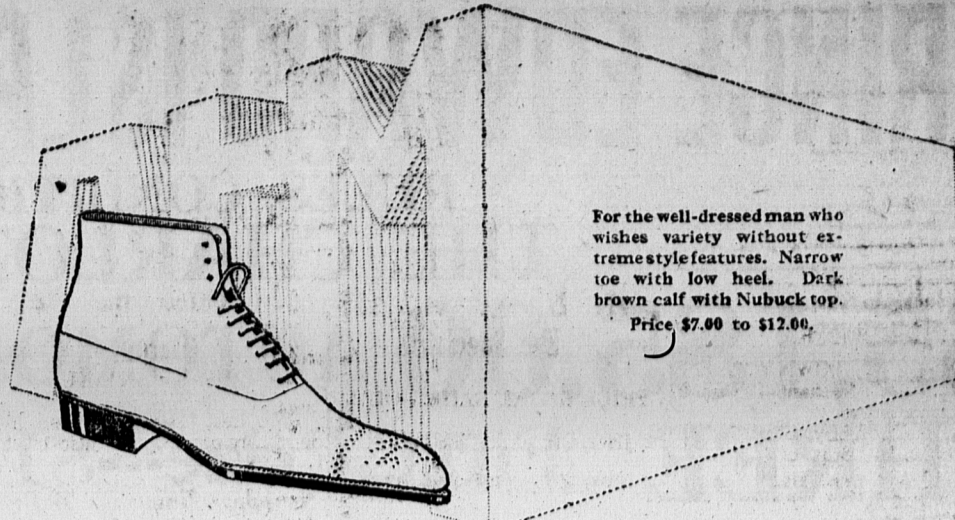

Corporal Henry Maillet:—We your friends have gathered here tonight with joy in our hearts, and words of welcome on our lips. We are joyful tonight that the great war in which you so bravely fought has come to a victorious close, joyful because we once more, behold your smiling countenance amongst us. It was our hope that you might be spared from the deadly missiles of the enemy, but in that we were disappointed. When we learned that you were among the wounded, our thoughts were ever with you until we learned that your wounds, though of a serious nature would not prove fatal. From that time we have looked forward to your home coming, and we are glad to have you in our midst tonight. We warmly welcome you home and from our hearts we thanked you for the noble part you have played in the greatest of world's war. So we all unite this evening to thank you for all you have suffered for our cause and freedom. Next our sympathy goes out to your dear parents, for all the anxious days they have passed during your absence and we thank the Almighty to be freed from the terrible Germans. We now take the privilege of presenting you with this small gift, do not look upon it as a gift in compensation for what you have done for us, but only as a remembrance from your friends and well wishers.

What Your Shoe-Dollars Buy

YOU are not interested in buying leather. You are not interested even in buying SHOES. There are just three things which your shoe-dollars buy: 1, Comfort; 2, Service; 3, Style.

Your shoe problem resolves itself into the problem of getting the most comfort, service and style per dollar of investment. No matter where you buy your shoes—no matter what price you pay—bear this fact in mind.

Go to a dealer whom you know, and let him fit your foot. Make sure that the shoes you select are made by a firm which you know, and which has a reputation to sustain. See that the manufacturer's name is plainly stamped upon them.

The A. H. M. Booklet "How to Buy Shoes" is sent gladly upon request to any address in Canada. It will help you to a clearer understanding of how to make sure of getting the best value for every dollar you spend. Write to our head office at Montreal.

Mamma! Don't You See Your Child is Sick, Constipated

Look at tongue! Move poisons from liver and bowels at once

Mother! your child isn't naturally cross and peevish. See if tongue is cleansing at once.

When listless, pale feverish, full of cold, breath bad, throat sore, doesn't eat sleep or act naturally, has stomach-ache, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good inside cleansing. Directions for babies children of all ages and grown ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."
