(Special to the Guardian.)
CONSTANTINOPLE, June 7.—Turkey and Great Britain have signed the Mosul Convention which settles the dispute between the two countries over the control of Mosul.

The principal points of the convention are acceptance of what is known as the Brussels line by both parties, with slight modifications in favor of Turkey in the neighborhood of Alimoun, and the maintenance of a demilitarized zone 75 kilometres on both sides of the frontier.

A Turko-Irak military commission presided over by a Swiss, will delimit the frontier within six months after ratification of the agreement. The inhabitants of the territory may choose Turkish nationality if they wish.

Turkey is granted a one tenth share in the royalties due the Irak government from oil in the kingdom of Irak, in which the viceroy of Mosul lies.

(Special to The Guardian)

TORONTO, June 7.—Advice received by Lt. Col. C. C. Harbottle to the effect that the appearance in Cleveland of the Scottish on Friday next which is "Canada Day" in that city, is eagerly awaited. Local newspapers are giving much space to the fact that a British regiment, fully armed, is to march on United States soil for the first time in over a hundred years and the fact that the colorful kilts will pipe an 'air' are to be the invaders is a feature of exceptional interest to Clevelanders.

The Scottish are parading Tuesday evening to complete their personnel. The number to make the trip is 350 although over 400 men asked to be taken.

The regiment's expenses on this trip are being arranged for by the Toronto committee of the Cleveland "Canada Day." It will cost some \$5,000 for the whole trip. Honorary Col. Robins of the Scottish is not paying the expenses as reported in local newspapers.

GEN. ASSEMBLY PRESBYTERIAN CHURCH

Dr. Scott Retires from Editorship of Pres- byterian Record.

(By Our Special Correspondent)
MONTREAL, June 7.—This was the one sad note of Friday's discussions. When the veteran editor, of 82 years made the announcement that it was his intention to resign at the end of this year, a solemn feeling of great intensity ran throughout the whole assembly. The words in which he long remembered. With deep emotion Mr. Scott said:

"With a regret that I cannot express I beg to tender my resignation as editor and manager of The Record to take effect at the end of the year, or earlier if it suits the convenience of the Assembly. I find that the burden of carrying on is being maintained with increased difficulty, and I feel that I should not be able to continue for another year that another man should be appointed for I would not like the work to fall down on my account. It is just thirty-five years ago that the Assembly gave me my appointment to this work. Previous to that, for eleven years when I was minister in New Glasgow, N. S., I had contact with The Record. Providence has been kind, and now submitting to the inevitable march of years, which will be 82 when this year is completed, I beg with kind appreciation of the help given me to submit my resignation."

The resignation was accepted by expressions of great appreciation by many of the commissioners and most regretfully accepted by the Assembly. Mr. Scott will retire with an allowance of \$3,000 a year to be paid in monthly installments. A committee will be appointed to arrange for a successor to Mr. Scott.

The next business on the docket was a presentation of the report of the Publications Committee. It was agreed that the Presbyterian Record be continued as the official publication of the Presbyterian Church in Canada, and that it is issued monthly, and that our ministers and congregations should be dependent upon the great metropolitan dailies for the news of the Church. This position was supported by the Rev. W. Orr Mulligan of North Sydney, N. S. GREEK FOREIGN MINISTER DENIES ITALIAN ALLIANCE

"We Have no Imperialistic Designs" Declares M. Roupfos, Foreign Minister in the Pangalos Cabinet—Closer Relations With Her Neighbors is Greece's Ardent Desire—Balkan Pact Favored

(Associated Press.)
ATHENS, June 7.—Greece has no imperialistic ambitions. What she is seeking is a lasting peace and an opportunity to rehabilitate her economic system.

This is the viewpoint of Lucas Roupfos, Minister of Foreign Affairs, in the cabinet of General Pangalos, as outlined in a special correspondent of The Associated Press. The declaration of M. Roupfos apparently set at naught recent reports that Greece had joined hands with Italy against Turkey for the recapture of Greece's lost provinces.

"We have no imperialistic designs," said the Foreign Minister. "We have no secret alliance with Italy or any other country. We must devote all our time, energy and money to the economic reconstruction of our country. It would be idle for us to go to war while we still are suffering so grievously from the terrible consequences of the Smyrna disaster."

Plan Reorganization Of British Empire Steel Company

(Canadian Press)
MONTREAL, June 7.—Unsatisfactory operating conditions, resulting in a heavy loss last year, are reflected in the annual report of the British Empire Steel Corporation, Limited, for the twelve months ended December 31, 1925. The annual general meeting of shareholders has been called for June 30.

The remarks of President R. M. Wolvin go into the condition of the company and the results of the past year. The announcement is made that the directors are of the opinion that a reorganization of the Dominion Iron and Steel Company Ltd. has now become necessary and that in the company's present position the scope and form of such reorganization must be guided by the holders of its bonds rather than by its shareholders. Coupled with this is the forecast that the interest and sinking fund payments on the bonds of this company will likely not be paid when due on July 1st next. A general plan of reorganization of British Empire Steel is forecast in the near future and special general meetings it is stated will be called for the purpose.

(Canadian Press)
WINNIPEG, June 7.—Information on two charges has been laid against Mayor Ralph H. Webb of Winnipeg by officials of the One Big Union, and the chief magistrate of the city will appear in police court Wednesday morning. The information was laid by John Clancy and James Herbert Dunn. In his address Mayor Webb declared open war on the One Big Union with a view to its ultimate extermination. He is alleged to have mentioned the names of Clancy and Dunn during his address, and also to have declared that certain men, whom he styled "agitators," should be thrown into the Red River if it was not possible to take legal action against them. Adjustment of League Seats Deferred

(Special to the Guardian)
GENEVA, June 7.—Hope of amicable adjustment of the League of Nations Council seats which kept Germany out of the League, almost was abandoned today so far as the present meeting of the Council is concerned.

Absence from the council meeting, which convened today, of Osten Unden of Sweden, the Marquis Quinones De Leon of Spain, and Mello Franco, the Brazilian delegate, seemed to make settlement impossible before the assembly convenes in September. Those three were the leaders in the battle over Council seats last March, under opposing Spain's and Brazil's demand for permanent representation. It had been expected the three might get together for private discussion and agreement.

One animal rushed from a building with a man clinging to his head. The man was injured and taken to a hospital.

Another fiery Canadian bull charged up Scotland Road with a man seated precariously on his back, clinging to the horns. The man jumped to safety.

Policy of Friendship

"It is the policy of the present Greek cabinet," declared M. Roupfos, "to win the friendship, cooperation and confidence of all our neighbours. We are achieving this not merely by the expression of amity but by making substantial concessions to them. We are giving them privileges and advantages they never enjoyed before. For example, we have offered Bulgaria our traditional adversary, the full use of any port on the Aegean Sea, she may select as an outlet for her commerce. Therefore we are giving Bulgaria something which the Great Powers promised her which were never fulfilled.

"Then we expect shortly to reach an agreement with Yugoslavia regarding the Saloniki-Guevgueli railroad and the use by Yugoslavia of Saloniki as a port. This will be accomplished by means of a controlling commission stationed at Saloniki will consist of a delegate each from Yugoslavia, Greece and the League of Nations.

"We now enjoy amicable relations with Albania. A complete accord has been reached on territorial, minority, religious and other questions. As regards Turkey, the best evidence that we are on cordial terms with her is the recent exchange of hundreds of thousands of Greeks and Moslems, a task of enormous proportions which was carried out in a most peaceful and friendly manner."

M. Roupfos said the Greek government was eager to reach an adjustment of the Greek debt to him that the Italian dictator, in the United States.
